To meet "Adequate Yearly Progress" for attendance, K - 8 schools must achieve a 90% attendance rate.

Graduation Rate

To meet "Adequate Yearly Progress," a high school must achieve an 80% graduation rate. Pequea Valley graduated 95.8% of the 143 students in the 2010 senior class. In tracking student dropouts from 9th grade through 12th grade, a total of 11 students dropped out of the class for a 9 through 12 graduation rate of 92.3% for the class of 2010.

Our Faculty and Staff

Professional Qualifications of Our Teachers

The Pequea Valley School District currently employs 149 teachers for grades K-12. All faculty members have the proper college credentials and Department of Education certifications to teach. Many of our teachers have gone further in their education by obtaining a master's degree in their content area. All teachers must attain 180 professional development hours in 5 year increments to continue to develop the best instructional skills for our students. All Learning Support and Title I paraprofessionals meet the "highly qualified" standards established for them as well.

Number of Faculty and Staff

Under 5 years	26%
Over 20 years	25%
Master's degree or Equivalency	54%
Faculty average salary	\$58,172

Performance of Our Students

"Adequate Yearly Progress"

The PSSA ranks student achievement in reading, math, and writing by using the following proficiency labels: below basic, basic, proficient, and advanced. "Adequate Yearly Progress" is the amount of yearly student growth needed so 100 percent of our students will be proficient or advanced by the year 2014. In order for the district to make "Adequate Yearly Progress," each school in the district and any of the disaggregated sub-groups, must continue to grow at a pace that will achieve the goal. Currently, for each building to achieve "Adequate Yearly Progress", the following levels must be achieved:

- 63% or more of the students must be proficient or advanced in reading.
- 56% or more of the students must be proficient or advanced in math.
- 95% of the overall student population as well as each disaggregated sub-group must take the PSSA tests.
- Attendance - 90% school average must be achieved.
- 80% of the students who started in grade 9 must graduate with their class.

It is significant that in almost every area tested, Pequea Valley students are well above the threshold for achieving AYP. In 2011, these goals will increase to 67% of students scoring at proficient or higher in math and 72% of students scoring at proficient or higher in Reading.

Disaggregation of PSSA Data

Pennsylvania requires each district to disaggregate PSSA test data for several groups of students. There must be a minimum of 40 students in each group in a school to be reported as a sub-group. The groups include race, ethnicity, gender, disability, migrant status, English proficiency, and economically disadvantaged. Currently, Pequea Valley students surpassed every Adequate Yearly Progress performance and participation target in all grade levels including all sub-groups.
