5. Reporting Procedures for Employees Other Than Statutorily Mandated Reporters

The following procedures apply only to employees who are not statutorily mandated reporters, as defined above.

Such oral report shall be made by telephone or in person to the Superintendent of Schools or his/her designee, to be followed by an immediate written report to the Superintendent or his/her designee.

- (2) If the Superintendent or his/her designee determines that there is reasonable cause to suspect or believe that a child has been abused or neglected or placed at imminent risk of serious harm or a student is a victim of sexual assault by a school employee, he/she shall cause reports to be made in accordance with the procedures set forth for statutorily mandated reporters.

During the course of such investigation, the Superintendent may suspend a Board employee with pay or may place the employee on administrative leave with pay, pending the outcome of the investigation. If the individual is one who provides services to or on behalf of students enrolled in the District, pursuant to a contract with the Board of Education, the Superintendent may suspend the provision of such services, and direct the individual to refrain from any contact with students enrolled in the District, pending the outcome of the investigation.

8. Evidence of Abuse, Neglect or Sexual Assault by a School Employee

- a) If, upon completion of the investigation by the Commissioner of DCF (“Commissioner”), the Superintendent has received a report from the Commissioner that he or she has reasonable cause to believe that (1) a child has been abused or neglected by a school employee, as defined above, and the Commissioner has recommended that such employee be placed on the DCF Child Abuse and Neglect Registry, or (2) a student is a victim of sexual assault by a school employee, the Superintendent shall request (and the law provides) that DCF notify the Superintendent not later than five (5) working days after such finding, and provide the Superintendent with records, whether or not created by DCF, concerning such investigation. The Superintendent shall suspend such school employee. Such suspension shall be with pay and shall not result in the diminution or termination of benefits to such employee.
- b) Not later than seventy-two (72) hours after such suspension, the Superintendent shall notify the Board of Education and the Commissioner of Education, or the Commissioner of Education's representative, of the reasons for and the conditions of the suspension. The Superintendent shall disclose such records to the Commissioner of Education and the Board of Education or its attorney for purposes of review of employment status or the status of such employee's certificate, permit or authorization, if any.
- c) The suspension of a school employee employed in a position requiring a certificate shall remain in effect until the Superintendent and/or Board of Education acts pursuant to the provisions of Conn. Gen. Stat. §10-151. If the contract of employment of such certified school employee is terminated, or such certified school employee resigns such employment, the Superintendent shall notify the Commissioner of Education, or the Commissioner of Education's representative, within seventy-two (72) hours after such termination or resignation.
- d) The suspension of a school employee employed in a position requiring an authorization or permit shall remain in effect until the Superintendent and/or Board of Education acts pursuant to any applicable termination provisions. If the contract of employment of a school employee holding an authorization or permit from the State Department of Education is terminated, or such school employee resigns such employment, the Superintendent shall notify the Commissioner of Education, or the Commissioner of Education's representative, within seventy-two (72) hours after such termination or resignation.
- e) Regardless of the outcome of any investigation by the Commissioner of DCF and/or the police, the Superintendent and/or the Board, as appropriate, may take disciplinary action, up to and including termination of employment, in accordance with the provisions of any applicable statute, if the Superintendent's investigation produces evidence that a child has been abused or neglected by a school employee or that a student has been a victim of sexual assault by a school employee.

- f) The District shall not employ a person whose employment contract is terminated or who resigned from employment following a suspension pursuant to Paragraph 8(a) of this policy and Conn. Gen. Stat. § 17a-101i, if such person is convicted of a crime involving an act of child abuse or neglect or an act of sexual assault of a student, as described in Paragraph 2 of this policy.

The confidential rapid response team shall consist of a teacher and the Superintendent, a local police officer and any other person the Board of Education, acting through its Superintendent, deems appropriate.

12. Disciplinary Action for Failure to Follow Policy

Except as provided in Section 14 below, any employee who fails to comply with the requirements of this policy shall be subject to discipline, up to and including termination of employment.

- 13. The District shall not hire any person whose employment contract was previously terminated by a board of education or who resigned from such employment, if such person has been convicted of a violation of Section 17a-101a of the Connecticut General Statutes, as amended, relating to mandatory reporting, when an allegation of abuse or neglect or sexual assault has been substantiated.

14. Non-Discrimination Policy/Prohibition Against Retaliation

The Board of Education expressly prohibits retaliation against individuals reporting child abuse or neglect or the sexual assault of a student by a school employee and shall not

discharge or in any manner discriminate or retaliate against any employee who, in good faith, makes a report pursuant to this policy, or testifies or is about to testify in any proceeding involving abuse or neglect or sexual assault by a school employee. APPENDIX B

Operational Definitions of Child Abuse and Neglect

The purpose of this policy is to provide consistency for staff in defining and identifying operational definitions, evidence of abuse and/or neglect and examples of adverse impact indicators.

The following operational definitions are working definitions and examples of child abuse and neglect as used by the Connecticut DCF.

For the purposes of these operational definitions,

- A person responsible for a child's health, welfare or care means:
 - the child's parent, guardian, or foster parent; an employee of a public or private residential home, agency or institution or other person legally responsible under State law for the child's welfare in a residential setting; or any staff person providing out-of-home care, including center-based child day care, family day care, or group day care.
- A person given access to a child is a person who is permitted to have personal interaction with a child by the person responsible for the child's health, welfare or care or by a person entrusted with the care of a child.
- A person entrusted with the care of a child is a person who is given access to a child by a person responsible for the health, welfare or care of a child for the purpose of providing education, child care, counseling, spiritual guidance, coaching, training, instruction, tutoring or mentoring.
- **Note:** Only a "child" as defined in the policy above may be classified as a victim of child abuse and/or neglect; only a "person responsible," "person given access," or "person entrusted" as defined above may be classified as a perpetrator of child abuse and/or neglect.
 - While only a child under eighteen may be a victim of child abuse or neglect, a report under mandatory reporting laws and this policy is required if an employee of the Board of Education in the ordinary course of such person's employment or profession has reasonable cause to suspect or believe that any person, regardless of age, who is being educated by the Technical Education and Career System or a local or regional board of education, other than as part of an adult education program, is a victim of sexual assault, as set forth in this policy, and the perpetrator is a school employee.

Physical Abuse

A child may be found to have been physically abused who:

has been inflicted with physical injury or injuries other than by accidental means,

is in a condition which is the result of maltreatment such as, but not limited to, malnutrition, sexual molestation, deprivation of necessities, emotional maltreatment or cruel punishment, and/or

has injuries at variance with the history given of them.

to his well-being; and/or

Note:

- Inadequate food, clothing, or shelter or transience finding must be related to caregiver acts of omission or commission and not simply a function of poverty alone.
- Whether or not the adverse impact has to be demonstrated is a function of the child's age, cognitive abilities, verbal ability and developmental level.
- Adverse impact may not be required if the action/inaction is a single incident that demonstrates a serious disregard for the child's welfare.

Medical Neglect

Medical Neglect is the unreasonable delay, refusal or failure on the part of the person responsible for the child's health, welfare or care or the person entrusted with the child's care to seek, obtain, and/or maintain those services for necessary medical, dental or mental health care when such person knows, or should reasonably be expected to know, that such actions may have an adverse impact on the child.

withholding medically indicated treatment from disabled infants with life-threatening conditions.

Note: Failure to provide the child with immunizations or routine well-child care in and of itself does not constitute medical neglect.

Educational Neglect

Except as noted below, **Educational Neglect** occurs when a school-aged child has excessive absences from school through the intent or neglect of the parent or caregiver.

Definition of School-Aged Child: Except as noted below, a school-aged child is a child five years of age and older and under 18 years of age who is not a high school graduate. **Note:** Excessive absenteeism and school avoidance may be presenting symptoms of a failure to meet the physical, emotional or medical needs of a child. Careline staff shall consider these potential additional allegations at the time of referral.

Criteria:

- **For children school-aged to age 12, excessive absenteeism** may be indicative of the parent's or caregiver's failure to meet the educational needs of a student.
- **For children older than age 12, excessive absenteeism**, coupled with a failure by the parent or caregiver to engage in efforts to improve the child's attendance, may be indicative of educational neglect.
 - For children older than age 12, excessive absenteeism through the child's own intent, despite the parent's or caregiver's efforts, is not educational neglect. Rather, this is truancy, which is handled through the school district.

Child's Characteristics. In determining the criteria for excessive absenteeism, the following characteristics of the child shall be considered by the social worker:

- Age;
- Health;
- Level of functioning;
- Academic standing; and
- Dependency on parent or caregiver

Parent or Caregiver's Characteristics. In determining the criteria for excessive absenteeism, the following characteristics of the parent or caregiver shall be considered by the social worker:

- Rationale provided for the absences;
- Efforts to communicate and engage with the educational provider; and
- Failure to enroll a school-aged child in appropriate educational programming (including homeschooling)

Exceptions (in accordance with Conn. Gen. Stat. § 10-184):

1. A parent or person having control of a child may exercise the option of not sending the child to school at age five (5) or age six (6) years by personally appearing at the school district office and signing an option form. In these cases, educational neglect occurs if the parent or person having control of the child has registered the child at age five (5) or age (6) years and then does not allow the child to attend school or receive home instruction.

2. A parent or person having control of a child seventeen (17) years of age may consent to such child's withdrawal from school. Such parent or person shall personally appear at the school district office and sign a withdrawal form.

Note: Failure to sign a registration option form for such child is not in and of itself educational neglect.

Emotional Neglect

Emotional Neglect is the denial of proper care and attention, or failure to respond, to a child's affective needs by the person responsible for the child's health, welfare or care; by the person given access to the child; or by the person entrusted with the child's care which has an adverse impact on the child or seriously interferes with a child's positive emotional development.

Note: Whether or not the adverse impact has to be demonstrated is a function of the child's age, cognitive abilities, verbal ability and developmental level. Adverse impact is not required if the action/inaction is a single incident which demonstrates a serious disregard for the child's welfare.

Note: The adverse impact may result from a single event and/or from a consistent pattern of behavior and may be currently observed or predicted as supported by evidence-based practice.

Evidence of emotional neglect includes, but is not limited to, the following:

inappropriate expectations of the child given the child's developmental level;

failure to provide the child with appropriate support, attention and affection;

permitting the child to live under conditions, circumstances or associations;

injurious to his well-being including, but not limited to, the following:

substance abuse by caregiver, which adversely impacts the child emotionally;

psychiatric problem of the caregiver, which adversely impacts the child emotionally; and/or

aggression/ passivity;

trust issues.

Moral Neglect

Moral Neglect: Exposing, allowing, or encouraging the child to engage in illegal or reprehensible activities by the person responsible for the child's health, welfare or care or person given access or person entrusted with the child's care.

Evidence of Moral Neglect includes but is not limited to:

stealing;
using drugs and/or alcohol; and/or
involving a child in the commission of a crime, directly or by caregiver indifference.
