I. VolunteerNow Executive Summary – COVER LETTER

The VolunteerNow® mission is to transform communities through volunteerism and community partnerships. Volunteer and partner contributions change everything for others …while transforming their own lives through the process of serving. For more than 50 years, VolunteerNow® has connected nonprofits, municipalities, and corporations of all sizes with the volunteer workforce they need to fulfill critical missions across all causes that improve our communities.

VolunteerNow recognizes that school districts are civic leaders. They educate and nurture our most important future resource – *our children*. Volunteers are vital to the nonprofits organizations that serve our communities, and volunteers can be an invaluable part of a successful school district.

VOLY.org®, powered by VolunteerNow, is an easy-to-use, web-based service that connects school and school district volunteers as well as community partners with opportunities to put their passion for education to work. Through innovative engagement and management tools, including features such as integrated background checking for volunteers, VOLY.org can help your school district build capacity and stretch resources by streamlining your both your volunteer and partner programs.

In the education sector alone, VOLY has registered over 220,000 volunteers serving in 835 campuses across the country for a total of 1.5 million hours valued at over 45 million dollars of their time and talent provided to the students.

VOLY.org is a volunteer vetting, recruitment, and management solution only. VOLY does not offer Employee or Vendor Screening (Sections 3.2 and 3.4 of this RFP). VOLY integrates with screening and background checking services and provides a user-friendly, all-in-one interface for your volunteers and district administrators. While VOLY can interface with many services via API (Application Program Interface), we recommend a company called JDP (https://www.jdp.com/industries/youth-sports-background-checks/) (Section 3.3).

This proposal will focus on Section 3.5 of BCSD RFP 23-001, Volunteer Management.
