### Why do we ask these questions?

#### 7. **GENERAL ENROLLMENT QUESTIONS**

Military: A "Military-connected youth" means having a biological parent or legal guardian who is currently in the armed forces (either as a reservist or on active duty) or has recently retired from the armed forces.

Expelled: Has your student ever been expelled from a previous school? This information is used in determining if an Open Enrollment request will be granted. Determination is based on the reason for the expulsion.

Arrested: Has your student ever been arrested resulting in a charge? If yes, the school district contacts the probation officer to exchange information regarding the enrollment (such as attendance, grades, etc.). This information is used to determine if your student is currently on probation.

Title I – Part A (Title I) of the Elementary and Secondary Education Act, as amended (ESEA) provides financial assistance to Local Education Agencies (LEAs) and schools with high numbers or high percentages of children from low-income families to help ensure that all children meet challenging state academic standards. Federal funds are currently allocated through four statutory formulas that are based primarily on census poverty estimates and the cost of education in each state.

Section 504 – Section 504 of the Rehabilitation Act of 1973 (34 C.F.R. Part 104) is a federal civil rights statute that assures individuals will not be discriminated against based on their disability. All school districts that receive federal funding are responsible for the implementation of this law. Individuals who have been determined to have a disability under Section 504 may or may not be disabled under special education (IDEA). Section 504 protects a student with an impairment that substantially limits one or more major life activities, whether the student receives special education services or not. Parents who have concerns or questions regarding Section 504 should contact their building principal.

Is this your student's first school enrollment in the United States? Providing the information is not required and the requested information will only be used to determine whether the child may be eligible for programs offered in the district that provide enhanced instructional opportunities for immigrant children and youth.

#### RESIDENCY INFORMATION

This information is used to ensure the educational rights and protection for students experiencing homelessness. A homeless individual is one who: (1) lacks a fixed, regular and adequate nighttime residence and (2) includes: (a) children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, or camping grounds due to the lack of alternative adequate accommodations; are living in an emergency or transitional shelter; are abandoned in hospitals; or are awaiting foster care placement; (b) children and youths who have a primary nighttime residence that is a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings: and (c) children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings. You are not required to complete the information in this section of the form. If you choose not to complete this section there may be a delay in the provision of services. The school teacher, school and district administrators and the Minnesota Department of Education (MDE) have access to this information.

### **Minnesota Language Survey**

Minnesota is home to speakers of more than 100 different languages. The ability to speak and understand multiple languages is valued. The information you provide will be used by the school district to see if your student is multilingual. In Minnesota, students who are multilingual may qualify for a Multilingual Seal upon further assessment. Additionally, the information you provide will determine if your student should take an English proficiency test. Based upon the results of the test, your student may be entitled to English language development instruction. Access to instruction is required by federal and state law. As a parent or guardian, you have the right to decline English Learner instruction at any time. Every enrolling student must be provided with the Minnesota Language Survey during enrollment. Information requested on this form is important to us to be able to serve your student. Your assistance in completing the Minnesota Language Survey is greatly appreciated.

**Student Information:** Write the name of the child, date of birth, grade level, name of school and school district. Only name one child per form.

**Tribal Membership:** Write the name of the individual with the tribal membership, if it is not the child listed. Check only one box indicated whether it is a Federally Recognized, State Recognized, Terminated Tribe or Organized Indian Group. Write the enrollment number establishing the membership for the child, parent or grandparent, if readily available, or other evidence of membership.

**Attestation Statement:** Provide the printed name of parent/guardian and signature, address, phone number and email of the parent or guardian of the child. The signature of the parent or guardian of the child verifies the accuracy of the information supplied.

Minnesota law requires children enrolled in child care, early childhood education, or school to be immunized against certain diseases, unless the child is medically or non-medically exempt.

### Instructions for parent or guardian:

- 1. Fill out the dates in chronological order even if your child received a vaccine outside of the age/grade category that the box is in. Depending on the age of your child, they may not have received all vaccines; some boxes will be blank.
  - If you have a copy of your child's immunization history, you can attach a copy of it instead of completing the front of this form.
  - Your doctor or clinic can provide a copy of your child's immunization history. If you are missing or need information about your child's immunization history, talk to your doctor or call the Minnesota Immunization Information Connection (MIIC) at 651-201-3980 or 800-657-3970.
- 2. Sign or get the signatures needed for the back of this form.
  - Document medical and/or non-medical exemptions in section 1.
  - Verify history of chickenpox (varicella) disease in section 2.
  - Provide consent to share immunization information (optional) in section 3.

## What Minnesota's Immunization Law Requires

# Immunization Requirements

Use this chart as a guide to determine which vaccines are required to enroll in child care, early childhood programs, and school (online, home school, public, or private).

Find the child's age/grade level and look to see if your child had the number of shots shown by the checkmarks under each vaccine. The table on the back shows the ages when doses are due.

#### Immunizations recommended but not required:

#### COVID-19

For all children in an eligible age group

#### Influenza

Annually for all children age 6 months and older

Rotavirus For infants Human papillomavirus At age 11-12 years

- 1 Not required after 24 months.
- 2 If the child has already had chickenpox disease, varicella shots are not required. If the disease occurred after 2010, the child's doctor must sign a form confirming disease.
- (3) First graders who are 6 years old and younger must follow the polio and DTaP/DT schedules for kindergarten.
- 4 Fifth shot of DTaP not needed if fourth shot was after age 4. Final dose of DTaP on or after age 4.
- (5) Fourth shot of polio not needed if third shot was after age 4. Final dose of polio on or after age 4.
- 6 One dose must have been pertussis-containing (i.e., DTaP or Tdap) and one dose must have been given after the fourth birthday. If the first dose in the series was given before age 12 months, then four doses are needed.
- 7 An alternate two-shot schedule of hepatitis B may also be used for kids age 11 through 15 years.
- 8 At least one dose must have been given after the fourth birthday. If the third dose was given before the fourth birthday, a fourth dose is needed.
- 9 One dose of meningococcal ACWY is required beginning at 7th grade. The meningococcal ACWY booster dose is recommended at 16 years and required for 12th grade students.

#### Exemptions

To enroll in child care, early childhood programs, and school in Minnesota, children must show they've had these immunizations or file a legal exemption.

Parents may file a medical exemption signed by a health care provider or a non-medical exemption signed by a parent/guardian and notarized.
