

Dear CGS Families,

Due to the possibility of inclement weather tomorrow, we are sending students home today with a charged chromebook in a soft case carrier, a “quickcard” and a remote learning snow day packet. Similar to last year, we will be allowed to have up to two remote learning snow days. Please be sure your child brings their device back to school in the soft case the next day school is in session.

Please note, the notification of an actual remote learning snow day will be sent from the superintendent’s office. Sending home the device is an indication of the possibility only.

If your child’s teacher is absent or without power, you will receive an email from the office. In this case, there will be no google meet, but you will have access to our online learning apps as well as the remote snow day packet. If your child is absent on the day the device is sent home, you can access the paper packet linked below.

CGS Remote Learning Snow Day Schedule

Parents, you receive the Google Meet link via See Saw under the activities or announcements tab. The Google Meet link will be posted no later than 8:30am. Attendance will be taken.
