

GET TO KNOW YOUR TRANSPORTATION SUPERVISORS

Meet David Williams ...

David handles all the specialized transportation for the district. He ensures that all of our mini-bus routes are fully staffed and run smoothly. This results in David working all hours of the day and night and often driving a route himself to fill in when needed. To say he goes above and beyond to ensure our staff and students are supported is an understatement. He's truly dedicated and elite in what he does!

Gretchen Cagle
Director of Special Education

What his drivers are saying...

Life has brought to me many different encounters with a variety of people. I would have to say that my experiences with David, due to my employment with Rankin County, has been a very good one. From the first time you meet David you encounter a person who is friendly and presents himself to be professional, but personal in his demeanor. Any situation in my life or on the job that I presented to him has always sorta of surprised me in his response. David thinks outside of box in situations and never leaves out his administrative duties but always considers the individual on both sides of any situation.

If you are talking to a principal, teacher, driver, parent or person on the street I've never got nothing but positive remarks in their experiences with David. You could not find a better person for position David is in, because his job almost requires being able to be professional and care about the people he deals with, especially the special needs children he is over taking care of. In my opinion David Williams is simply put a good man.

Terry Hutson
RCSD Driver
Department of Special Education

David Williams
