

# Edmonds School Improvement Plan (SIP) (Grades PreK, K-6, K-8, 7-8, and 9-12) Three-Year Plan

## Purpose

The Edmonds School Improvement Plan (SIP) tells how our school will achieve *engagement, equity, and excellence* for our students. The plan states goals and why these goals were chosen. Our plan also outlines what staff will do to ensure every student experiences belonging and is able to engage in their best learning. Our three-year School Improvement Plan also includes ongoing student and family engagement, and opportunities to reflect and revise to ensure we are making progress toward our goals.

Edmonds Elementary serves the community as a small K-6th grade school and has consistently performed above district and state proficiency levels in Math and English Language Arts. We provide multilingual support as well as Learning Assistance Program (LAP) services grades K-3 and special education support through Developmental Kindergarten and Intensive Support Grades 1-6. With the addition of the Intensive Support classroom and students transferring to Edmonds Elementary our students identified as special education increased to  $N=64$  or 23.7% of our overall student population. As a staff we are engaged in daily inclusive practices and learning to support all students through inclusion.

Our families and community provide exceptional support through various family and student organizations, such as PTA, STARS, Equity Team and Student Council. We benefit from an increasingly diverse, multigenerational population.

Multiple school teams work in partnership with our community to foster the best learning environment for our students. Our Equity Team includes staff, parents, and community members, and promotes practices that create a fully inclusive and welcoming environment. The Culture & Climate Team focuses on building a sense of belonging for our students and we work as a school to implement Positive Behavior Interventions and Supports (PBIS) to promote and sustain a positive school culture. Our students are Safe, Responsible, Respectful and Ready to Learn. We continue to promote the use of Responsive Classroom Morning Meetings, Second Step curriculum lessons and targeted instruction with our school counseling team.

## Section 2. Vision and Mission

<b>Our Equity, Engagement, and Excellence (E3 Vision)</b>	<b>Equity, engagement, and excellence for each and every student.</b>
<b>Our Mission</b>	<p><b>Our mission is to advocate for each and every student by providing learning environments that embrace their cultural and linguistic diversity as an asset that will prepare them for success as lifelong learners and responsible world citizens.</b></p> <p><b>It is our mission and vision at Edmonds Elementary School to build a community where learners are nurtured to become self-directed, productive, responsible individuals, who demonstrate concern for themselves, for others, and for our world through a partnership of students, staff, families, and community.</b></p>

### Data and Stakeholder Engagement Summary

**Based on the data summary above, what strengths and specific needs were identified to inform the SIP for all students and for specific student groups? How were disparities in student outcomes examined and brought forward in planning?**

Edmonds Elementary has an ongoing practice of examining a variety of student data to plan instruction, programs and activities. While a more full battery of data will be available through the fall, spring data from i-Ready indicated that 73% of our students were at or above grade level for reading and 66% were at or above grade level in math.

Panorama data from spring of 2023 were generally positive with 62% of students in Grades 3-6 reporting a strong sense of belonging.

**How were stakeholders engaged (e.g., families, students, educators) in an ongoing way, to help create, support and monitor our SIP?**

The initial stage of this plan included basic introductions to our stakeholders, including staff, Equity Team, Instructional Leadership Team, Culture & Climate Team, and PTA. As we move forward, our constituents have had more authentic opportunities to engage in examining data, progress monitoring, and providing input on school improvement and will have more opportunities this year.

**Based on the above data sources, what potential causal factors i.e., what is happening or not happening in our school that is causing the current results?**

Strong, research-based instructional practice is taking place in classrooms, and while our overall performance remains strong, there is room for improvement through calibration and alignment. We continue monitoring student well-being and academic progress.

**What are the goals that our school will focus on this school year and why?**

1. In analyzing the data, overall growth as a school was made on the i-Ready Reading Diagnostic. Students in primary grades 1-2 will increase their overall achievement by 3% on the spring diagnostic.
2. In analyzing the data, overall growth as a school was made on the i-Ready Math Diagnostic. Students in grades 3-6 will increase their overall achievement by 3% on the spring diagnostic.
3. In analyzing the data from the panorama survey, overall growth as a school was made in the area of belonging. Students in grades 3-6 will increase their overall sense of belonging from 62% to 78%.

## Section 3. School Improvement Plan (SIP)

This section describes what our staff will do, what students will achieve, and how we will measure progress. Engagement and instructional excellence goals should incorporate equity, inclusion, and access for all students and student groups.

- *K-8 schools have a literacy goal, a math goal, and an engagement goal.*
- *High schools have an on-time graduation rate goal, an on-track for graduation goal, and an engagement goal.*

### SIP Goal 1:

**Between Fall of 2021 and Spring of 2024, the percentage of students in primary grades (1-2) able to meet grade level reading standards will increase by 3% per year, from 71.5% in 2021 to 80.5% in 2024 as measured by i-Ready diagnostic assessments.**

### ***Theory of action***

If we calibrate and align our understanding of the district adopted reading curriculum, then students will be able to meet grade level reading standards through intentional differentiation and implementation of research based instructional practices.

### ***How will we get the work done?***

Strategies we will complete this year	Person or team responsible
Strategy 1: Calibrate, align, and deepen understanding of grade level standards and the district adopted 95% phonics curriculum and assessments.	Principal and All Certificated Staff

### **How will we know that the strategy is working?**

Strategy 1: Students will experience high quality learning through aligned, calibrated instruction.

***What is your action plan? How will the plan achieve mid-year and end-of-year goals for equitable student outcomes (e.g., reduce disproportionality based on race, ethnicity, ELL/multilingual learners, homeless, economically disadvantaged, students with disabilities, highly capable, and/or other student groups)?***

<i>Mid-year Reflect and Revise plan</i>	<p><i>What does this look like in action?</i></p> <ul style="list-style-type: none"> <li>• Systems and structures of Readers Workshop model in place in classrooms</li> <li>• Implementation and calibration using the district adopted curriculum.</li> <li>• Implementation of intervention blocks to support literacy development.</li> <li>• MTSS data protocol and meetings</li> </ul>	<p><i>What evidence or data will we review? (e.g., implementation and/or outcome data)</i></p> <p>Running Records</p> <p>i-Ready Fall 2023 Data = 35%, by winter should increase to 60%</p>

## **SIP Goal 2:**

**Between Fall of 2021 and Spring of 2024, the percentage of students in intermediate grades (3-6) who are able to meet math grade level standards will increase by 3% per year, from 61% in 2021 to 70% in 2024 as measured by i-Ready diagnostic assessments.**

### ***Theory of action***

If we differentiate instruction based on knowledge of students strengths, needs and assessment data, then students will be able to better meet grade level standards in math.

### ***How will we get the work done?***

Strategies we will complete this year	Person or team responsible
Strategy 1: Use curriculum based assessments to determine needed differentiation in small groups.	Principal and All Certificated Staff

**SIP Goal 3:**

Between Fall of 2021 and Spring of 2024, students at Edmonds Elementary will report feeling a sense of belonging through connection with each other increasing 5% per year from 58% to 73%.

**Theory of action**

If we foster a sense of community in every classroom, students will increasingly build a sense of belonging and connection to each other.

**How will we get the work done?**

Strategies we will complete this year	Person or team responsible
Strategy 1: Implementing Responsive Classroom/Morning (class) Meeting and SEL Curriculum integrated throughout the day	Principal and All Certificated and Classified Staff
Strategy 2: Implementing "Orca Pods": All students will be assigned a multi-grade Pod designed to help students build positive connections with students who are not in their class or grade.	Principal and All Certificated and Classified Staff
