“Expect Success”

The Mission of White House Heritage is to maintain a structured school community where learning is our first priority.

The purpose of this handbook is to provide information to help you be successful this school year. As with any large organization of people, a system of rules, regulations, policies, programs, and services have been established to provide a positive and productive culture in our school. Both students and parents are urged to become familiar with the contents of the Student Handbook. We believe students at White House Heritage School model common sense, cooperation, leadership, and high standards of personal behavior.

While the handbook clearly outlines our expectations for you based on these beliefs, real success by students can only be achieved through a willingness to live up to these expectations. As in real life, the actions you choose to take will result in direct consequences. We stand committed in helping all students live up to their responsibility to our school community. We, as faculty and staff members of White House Heritage School, extend a warm welcome and anticipate another great school year!

Alma Mater -
*We lift our Voices to Hail Heritage High.
 You lead us on to victory through our steps of life.
 Our Banners fly, colors of red, white and blue show pride.
 We pledge our hearts to our Alma Mater,
 Hail our Heritage High!*

ADMINISTRATIVE APPOINTMENTS

If a parent/guardian would like to speak with an administrator they may set up an appointment by calling the school, 615-672-0311, or e-mailing the administrator, a 24-hour notice is ideal but not always necessary. This ensures that an administrator will be available to speak with the parent/guardian.

ACADEMIC INTEGRITY POLICY:

Each White House Heritage student is expected to do his or her own work, including homework assignments, essays, lab work, exams, and projects.

You can be sure of maintaining this academic integrity if you do the following:

- ***Work with others only when that collaboration has been approved by the teacher.
- ***Participate fully in collaborative efforts and projects.

Failure to follow any of the above constitutes cheating or plagiarism and will not be tolerated. The range of possible consequences will include the following:

- ***A zero for that work with no makeup credit.
- ***Grade reduction.
- ***Assigned another assignment with a grade penalty.
- *** Parent contact and/or conference.
- *** Referral to the school administration.

AFTER-SCHOOL PROCEDURES:

By 3:30pm, students are expected to be out of the building and off school grounds, unless in a designated work area (i.e. tutoring or detention) with coaches/advisors/teachers or attending a school sponsored activity. Failure to comply may result in disciplinary action.

ATTENDANCE POLICY:

White House Heritage has a 95% attendance goal each day. Attendance to school is the single most important factor of school success. Attendance is a key factor in student achievement and therefore, students are expected to be present each day school is in session.

When a student is absent from school, the student is required to present a note from parent/doctor within 5 (five) days of the absence for us to determine if it is excused or unexcused. If the student is absent 3 days consecutively a doctor's note is required. Absences shall be classified as either excused or unexcused by the principal or his/her designee. The attendance policy in the Robertson County Student Handbook will be followed for determining if an absence is excused or unexcused.

CAFETERIA PROCEDURES:

Courtesy and good manners are expected in the cafeteria. Students should go directly to the end of the line, saving a place in line for a friend is not allowed. Throwing food is NOT permitted. Leave your table clean, throwing away trash, uneaten food, etc. when told to by the cafeteria monitors when you have finished. Cafeteria food should be finished in the cafeteria and not brought back to the classrooms.

CARE OF SCHOOL PROPERTY:

CELLULAR PHONES:

Students in grades 6-12 who are housed in a middle or high school may possess a cellular telephone in school, on school property, at after-school activities, and at school-related functions for use in emergencies or unforeseen situations. During school hours and on the school bus, the cellular telephones must remain turned off and concealed.

Cell phones/laptops/devices will be allowed for high school students only for study purposes only during lunch. If a student calls/emails home on their personal device, it may be taken up as an abuse of the phone policy.

The principal or his/her designee may grant a student permission to use a cellular phone at his/her discretion.

At no time shall a student operate a cellular device with video or picture taking capabilities in a locker room, classroom, bathroom, or other location where such operation may violate the privacy right of another person.

Possession of a cellular telephone is a privilege that may be forfeited by any students who fails to abide by the terms of this policy. Violations of this policy may result in confiscation of the cellular telephone and consequences as outlined in the Student Discipline Policy 6.330.

The student who possesses a cellular telephone shall assume responsibility for its use and care. At no time shall the school be responsible for preventing theft, loss, or damage to phones that are brought on school property.

COLLEGE INFORMATION AND TEST DATES FOR 2021-2022

ACT TEST

www.act.org

SAT TEST

www.collegeboard.com

Students preparing for college are strongly advised to consider the following college entrance testing opportunities:

1. The PSAT/NMSQT (Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test) is offered in the fall and is designed for college-bound junior students who wish to enter the National Merit Scholarship competition. The results of the test are used to determine National Merit and national Achievement Semi-Finalists and Commended students and are an excellent forecast of how students might perform on the SAT. College bound sophomores are also encouraged to take the test to receive feedback and early diagnostic information about their college academic skills to improve their performance on the SAT.
2. The ACT will be taken during their junior year. A college entrance test is required at all colleges and universities throughout the country. It is recommended that a student check the website of the colleges and universities they are planning on applying to as to what test is most preferred for admissions.
3. Advanced Placement tests (AP tests) are part of the College Board Admissions Testing Program. These tests are taken in May by advanced students wishing to earn college credits.

Fees are charged by the testing agencies for all tests. Obtain information and registration forms for these tests in the Guidance Office or register on-online: For ACT - www.act.org. For SAT - www.collegeboard.com.

CREDIT RECOVERY:

Credit recovery is a service that provides students an opportunity to make up lost credits. Credit Recovery is a technology-based remediation program, which combines a student's original failing grade of 63-69 with computer-aided instruction, and practice and mastery tests. Assigned remediation and tasks must be completed to satisfaction to receive credit. The CR grade will not replace the original grade but will be designated as a recovered credit. Students will be limited to no more than three (3) Credit Recovery credits in any one year. The maximum attainable grade from a CR course is 83.

DETENTIONS:

Students who do not observe the rules and regulations of the school and the classroom may be assigned detentions. Students will be assigned detentions for preventing an undesirable act from recurring. Detentions may be issued at the discretion of the individual classroom teacher. Students have one week to serve the detention. Detentions not served, will be doubled. Failure to serve detention after it has been doubled will result in an isolated lunch detention for a week. Detentions may be served with Mrs. Seimo in the ISS room after school on Mondays-Thursdays. If you stay after school for tutoring, you should make plans with the teacher you stayed with to notify the detention teacher so that the detention will be marked off. The teacher providing tutoring must know ahead of time that student plans to stay for tutoring.

Dual enrollment is permissible for high school students during the school day and may be conducted on the high school campus. Successful completion of these courses will allow the award of both college credit and high school credit. The Board will enter into an agreement with the college/university to offer dual enrollment courses. Students must meet program requirements of the college/university.

Beginning and ending dates of these courses will be coordinated in a manner as to be non-disruptive both to the college and the school system. The Board of Education shall not be responsible for any fees or textbooks for students enrolled for college credit. The college shall be responsible for the collection of any fees related to dual enrollment. Students who do not pay fees may be dropped from the program and readmitted to high school courses.

EARLY GRADUATION:

Students seeking early graduation should confer with their school counselor. The student is responsible for speaking with Ms. Angie about ordering graduation materials.

ELECTRONIC DEVICES:

Cell phones, audio/video devices, and other electronic devices may not disrupt the classroom or school setting. Students should keep personally owned devices (including laptops, tablets, smart phones, personal media devices, digital readers, and cell phones) put away during school hours-unless under the direct supervision of a teacher or staff member for educational purposes. Cell phones and personal electronics with any attachments, i.e. headphones, personal speakers, (external or internal) may NOT be used or in view anywhere in the building unless directed by a faculty member for curricular purposes.

Improper use of personally owned devices will be treated as a violation of the RCS Board Policy. Use of personally owned devices for unlawful purpose will subject the user/owner to any and all disciplinary measures provided by the school discipline policy, or state/federal law.

White House Heritage shall not be liable for the loss, damage or misuse of any personally owned devices brought to school; possessed/used during the school day, during transport to/from school: while attending school-sponsored activities during the school day: and/or any/all school-sponsored activities in general. The school/district will provide no technical support, troubleshooting, or

repair for personally owned devices. Personal technology must be charged prior to bringing it to school and the device must run off its own battery while at school.

At any time, the administration has the authority to prohibit the privilege of using personal electronic devices if deemed necessary.

EMERGENCY DRILLS:

Emergency drills are an important process that requires all our attention. Everyone is expected to follow all emergency guidelines when practicing emergency drills.

EMERGENCY MEDICAL AUTHORIZATION FORMS:

It is vitally important that all Emergency Medical Authorization forms are returned at the beginning of the school year. In an emergency, students cannot be transported to or treated at a hospital without this form. The information on the form is often the only source of correct phone numbers for a student. When a student is ill, he/she cannot be released to go home unless a parent or emergency number can be contacted.

EXAMS:

For students in grades 9-12, mid-term and final exams shall be given in all courses, except fine arts and 2 physical education classes. Mid-term and final exams shall count as 20% of the final course grade. (School Board Policy 4.7001)

GRADE CLASSIFICATION:

Student's eligibility for various student privileges is based on the number of years spent in high school. For purposes of staying on track for the four-year graduation plan, students are encouraged to earn the cumulative minimum credits per school year.

Students will be classified according to the number of credits earned:

- Freshman: less than 6 credits
- Sophomore: 6, but less than 12 credits
- Junior: 12, but less than 20 credits
- Senior: 20 or more credits

Students will not be reclassified until the end of an academic year. However, during the fourth academic year, an underclassman may be reclassified to senior standing.

GRADING SCALE:

Academic grades shall reflect the student's progress toward the attainment of the knowledge and skills in the subject area. Academic grades shall not be reduced as punishment for inappropriate behavior, except in such incidents where the student's grade is affected by cheating or failure to complete work. Attendance shall not be a factor in determining academic grades, except that credit for assignments may be denied or the value reduced for unexcused absences.

In grades 7-12, academic grades shall be expressed by the following:

- A=90-100%
- B=80-89%
- C=70-79%
- D=60-69%
- F= 59% & below

Grades may include a plus or minus except that no plus or minus shall be added to the final grade in any course.

The grade of a student who has made satisfactory progress but has failed to complete assigned work may be recorded as incomplete (I). If the work is not completed within the time designated by the teacher, the grade for that work will then become an "F".

Grades given at the end of each nine-week period will be determined from daily work, homework, written assignments and tests. The teacher will weigh the value of grades given for various assignments and tests within the applicable period in computing the grade. This procedure will enable the teacher to allow for individual student differences in the grading process.

GRADING SYSTEMS

Mid-Term Progress Reports will be sent home during each quarter. All progress reports with a failing grade must be signed by a parent/guardian and returned to that classroom teacher.

Report Cards will be computer generated each grading period. All subjects for which a student receives high school credit will be counted for ranking purposes.

GRADUATION (COMMENCEMENT EXERCISES):

All students enrolled in the current school year and that have met all minimum requirements for graduation shall be allowed to participate in commencement exercises. Any student under suspension, expulsion, or assignment to the alternative school may not be permitted to participate in commencement exercises (School Board Policy).

Students and parents will sign a graduation contract outlining the guidelines of graduation.

GRADUATION REQUIREMENTS:

To meet the requirements for graduation, a student shall have attained an approved attendance, conduct and subject matter record which covers a planned program of education, and such record shall be kept on file in the high school as documented by the student cumulative record.

The program of studies shall include areas and content in these areas within State Board of Education. Regulations and shall be flexible enough to facilitate progress from one stage of development to another, thus providing for more effective student adjustment.

The pattern of courses which shall be required of all students in grades nine (9) through twelve (12) shall be in accordance with the Rules and Regulations of the State Board of Education and the Board of Education.

RENAISSANCE

Who sponsors Renaissance?

The Jostens Company, the same company that provides class rings and graduation items to our school began the first Renaissance Program in 1988. Each school that participates in Renaissance develops a program based on the characteristics of their school community; however, Renaissance is more than a program, it is an attitude that all students can achieve academic excellence!

What is Renaissance?

Renaissance is a reward and motivation system designed to honor improvement for students at all levels for academic achievement, school attendance, and behavior. **ALL** students are eligible for many different levels of awards. It is our goal to recognize as many students as possible for improvement in these three areas. Renaissance encourages administrators and teachers to excel in the performance of their duties as well.

How does Renaissance work at White House Heritage?

Renaissance at White House Heritage began in the 2009-2010 school year. Each year we award students in new and exciting ways for academics, attendance, and discipline. Last year we held a carnival at the end of the year as well, to honor year long achievements. The People's Choice Awards are held each year and students are recognized at a special award presentation with plaques and photos with their nominating teachers! Students can be chosen to participate in the "RAT Pack" (Renaissance Action Team) promoting the achievements of students and teachers at Heritage.

High School Rat Pack (Renaissance Action Team)

This is a group of chosen students that will work to plan the incentives and the achievement measurements for the students at Heritage. Students must apply to be chosen for this fun and rewarding experience during the first week of school. There are no dues.

SCHEDULE CHANGES:

Each student is required to take a minimum of four (4) classes each semester. A significant amount of time is spent each year in assisting each student to identify a proper listing of courses for the following school year. Students may request adjustments during a designated week for one of the following reasons:

1. Computer error on the schedule.
2. Course listed on schedule has already been taken.
3. Course listed on schedule no longer apply to student - i.e. no longer playing sport.

Student must obtain *Change of Course* form from a teacher. Student then submits *Change of Course* form with appropriate signatures. Student then will be called by School Counselor to discuss the *Change of Course* request.

SCHOOL COUNSELING PROGRAM FOR 2023-2024:

School Counselors:

Beth Arencebia - Grades 7-8

Dana White - Grades 9-10

Allison James - Grades 11-12

Guidance Registrar:

Amy Starks

The School Counseling Program at White House Heritage seeks to support the efforts of parents, teachers, and administrators by providing students with appropriate help relative to their personal-social developments, their educational development, and their career development. The School Counseling Program can be explained by two terms:

Guidance and Counseling:

GUIDANCE refers to the distribution of pertinent information regarding a student's educational, personal-social, and career development. COUNSELING describes a close working relationship that develops between a highly skilled school counselor and a student or group of students where personal developmental issues are explored. Also included at all levels are parents, teachers, school administrators, and appropriate community agencies. A unified approach is stressed in handling important student-related concerns. Many questions and needs are of the quick informational type that any of the School Counselors or Guidance Secretary can help without the necessity of an appointment. However, to speak with a School Counselor about a concern or need, simply come to the School Counseling Office and make an appointment with the Guidance Secretary. If you have an emergency, inform the Guidance Secretary and she will arrange for you to see a school counselor immediately. Students should see a school counselor when formulating their academic schedule; however, students should feel free to request a meeting with a school counselor regarding their personal concerns.

You will find the school catalog and other important information on the school website.

SENIOR CLASS RANK

A four-point Quality Point System will be used for determining student grade point averages (GPAs) and for ranking students. Seniors who take at least eight (8) courses designated as Advanced, AP, and/or Dual Enrollment shall be ranked according to their cumulative grade point average above students who do not take at least 8 advanced level courses.

An unofficial standing will be calculated at the end of the fall term of the senior year, followed by a final, official ranking at the end of the third nine weeks. Students must be enrolled full time at the home base school to be eligible for ranking among the top high school seniors. Credits earned prior to entering the 9th grade will not be included in the computation of GPA and class ranking.

SMOKING/TOBACCO:

Smoking/Tobacco is not permitted anywhere on the school grounds. This includes e-cigarettes and vapes.

SPORTSMANSHIP:

Good sportsmanship is expected of all White House Heritage students. White House Heritage encourages students to support our teams with enthusiasm and to be courteous to our opponents and their fans. Remember, they are our guests. The sportsmanship displayed by WHH has a great deal to do with the way others feel toward our school. Failure to display good sportsmanship may result in disciplinary action.

STUDENT ACTIVITIES:

Students are encouraged to join those clubs or organizations in which they can participate and still maintain an acceptable level of academic accomplishment. There are many benefits gained by the students while participating in a co-curricular activity. Students who participate in activity programs tend to have higher grade-point averages, better attendance records, and fewer discipline problems. In addition, students learn self-discipline, build self-confidence and develop skills needed to be productive citizens in today's society. Studies have concluded that colleges and future employers select students who have participated in activities over non-participants because active students are more likely to accept the challenges and responsibilities needed to become successful in life.

Remember, activities are considered by many experts as *the "Other Half of Education."* So be part of our High School's Co-Curricular Program and reward yourself with many fond memories and a valuable educational experience.

STUDENT CONDUCT:

Any student that is a member of a Heritage club or organization that posts something negative on social media, receives ISS or OSS, or basically does anything that is unbecoming of a Heritage student will be subject to the following:

- A. First infraction - Student will meet with the sponsor and Dr. Hass. Discipline to be determined by the sponsor.
- B. Second infraction - Student will meet with the sponsor, parents, and Dr. Hass. Discipline to be determined by Ms. Hass.
- C. Third Infraction - Student will be dismissed from the club/event.

Administration, faculty and staff hold our students to a higher standard because they represent White House Heritage.

Battle of the Books**Sponsor: Christa Cordrey**

Students read and compete with trivia with a set book list. We will compete with each other and have tournaments with other schools! Students can form their own teams of 3-5 students or they can sign up and let the librarian place them on a team. Practices will be after school every other Wednesday. Sign up in the library.

Future Farmers of America (FFA)

Sponsor: Toni Leyba

“Future Farmers of America” was founded by a group of young farmers back in 1928. Their mission was to prepare future generations for the challenges of feeding a growing population. They taught us that agriculture is more than planting and harvesting—it’s a science, it’s a business and it’s an art. FFA continues to help the next generation rise up to meet those challenges by helping its members to develop their own unique talents and explore their interests in a broad range of career pathways. So today, we are still the

Future Farmers of America. But, we are the Future Biologists, Future Chemists, Future Veterinarians, Future Engineers and Future Entrepreneurs of America, too.

The White House Heritage FFA Chapter is active in FFA activities, Career Development Events, and Community Service projects. Career Development Events provide opportunities for students to enhance specific skills in a contest setting and include Horse Evaluation, Ag Sales, Food Science, Dairy Judging, Vet Science, and many more. The chapter also participates in other events such as the National FFA Convention, the Tennessee State FFA Convention, Camp Clements Leadership Training Camp, 212/360 Leadership Workshop, National FFA Week, and more. Past community service projects have supported breast cancer awareness, Vanderbilt Children's Hospital, and local causes. A favorite project of many students is working at the Last Minute Toy Store each Christmas season. Students participate in stocking shelves, moving toys, and shopping with the "customers". FFA members are also extremely active in the White House Heritage Mini Farm project designed to provide hands on experiences with livestock.

Being enrolled in an agriculture class at least one semester each school year is a requirement of membership. Classes include Agriscience (1st year members), Small Animal Science, Large Animal Science, Veterinary Science, Principles of Agribusiness, Organizational Leadership and Communication, and Agricultural Business and Finance. STUDENT ATHLETICS

The administration and coaching staff of White House Heritage consider interscholastic athletics a vital part of the total educational process. The school's philosophy is to provide all students with an environment that is safe and encourages active participation in a variety of activities.

Competition in athletics means more than competition between two individuals or teams representing different schools. It teaches fair play and sportsmanship, an understanding and appreciation of teamwork and work ethic. Athletes must remember they are representatives of WHH, our community and team wherever they may be. Our student athletes must make a consistent effort to project a positive, respectful image and should be considerate of others and not allow themselves to be involved in or associated with situations that may disgrace the school, community, or team.

Goals of the Athletic Program

- Create and maintain expectations of academic excellence.
- Develop a commitment to the growth and maturation of character and integrity.
- Create an environment where students correct inappropriate behaviors in a timely and respectful manner.
- Help develop individuals that are positive role models for our younger students.
- Build a belief in the giving of our talents and abilities for the good of others.
- Help lay the foundation that hard work, disciplined behavior and high standards lead to success in all areas of life.
- Demonstrate loyalty to family, country, school, and team.

Athletic teams at White House Heritage abide by the bylaws of the TSSAA.

STUDENT BEHAVIOR:

The exercise of self-control, self-discipline, and self-direction are essential to positive school behaviors and success in the future. The school has an obligation to observe and respect the rights of individual students and the student body as a whole and attempt to maintain a safe environment for all. As with any organization, cooperation and the observation of the rights of others are essential if the goals for the organization are to be accomplished. To this end, **each student is responsible for his/her own behavior and must respect the rights of others.** See **Student Conduct Code** in this handbook for specific guidelines.

STUDENTS ENTERING BUILDING:

The link for registering can be found at the district website: www.rcstn.net and click on the “Register Now” tab. Once a student is registered in the district system, that record will remain for the entirety of that student’s enrollment and would only require annual updating.

Registration can be accomplished through any device with internet capability. Families that already have a parent PowerSchool account can use that existing account to register. Schools will conduct registration for anyone without personal internet access.

Parents/Guardians are responsible for notifying the school office for any changes of name, address, phone number, parent/guardian or any other contact information.

TARDINESS:

Students are expected to be in class on time every day. A student may be considered tardy to class if he/she is not in their assigned classroom at the sound of the bell. Teachers may expect additional responsibilities from students, such as in their seats when the bell rings. Classroom tardiness will be addressed and resolved by the teacher following the guidelines listed below.

Three tardy policy per semester: (PER CLASS)

- First Tardy - Warning
- Second Tardy - Teacher's Discretion
- Third Tardy - School Detention

Teachers will fill out the online detention form completely and will print three copies:

- Copy one - given to student
- Copy two - Given to Ms. Seimo
- Copy three - Keep for records

Students will have one week (from the violation date) to complete the school detention. Students who do not complete the detention within the given week, may have the detention time extended. If the detention is still not served, then the student may receive ISS.

Excessive tardiness will be referred to the administration for additional consequences.

The number of unexcused tardies or unexcused early dismissals from school will contribute to the total number of unexcused school days which will be included in filing truancy. The accumulation of (8) eight unexcused tardies or unexcused dismissals from school will be equal to (1) one unexcused school day.

TENNESSEE ATTENDANCE LAW:

Under Tennessee law (TCA§ 49-6-3009) any parent, guardian, or any other person having control of a child or children and who violates the provisions under the Tennessee compulsory attendance law commits a Class C misdemeanor. For each day the child has missed school without the proper excuse a parent may be fined fifty dollars (\$50.00) or thirty (30) days in jail for each separate day of unexcused absence. Court cost will also be assessed against the parent case.

TESTING:

- **Quarter and Semester Exams**

Quarter and semester exams count 20% of the quarter in which they are given, and daily grades count 80%. During the second and fourth quarter periods, teachers will give a comprehensive semester exam instead of a quarter test and will count 20% of the quarter in which the semester exam is given. Tennessee requires End-of-Course tests in certain subjects. In courses with a state mandated end-of-course test, the state mandated test will account for 15% and the teacher created exam will account 5% of the second quarter grade.

- **State Testing**

TCAP test for English language arts and math in grades 3-11. It will provide us with more and better information about our students' progress. These tests will be administered online. Districts may request a waiver to administer Part II on paper.

High school students will take state assessments for courses with End of Course exams (EOCs):

- English I/II
- Algebra I/Geometry/Algebra II or Integrated Math I/II/III
- U.S. History
- Biology

TCAP tests are designed to assess true student understanding and not just basic memorization and test-taking skills. State testing will measure student understanding of our current state standards in English language arts and math, not the previous SPIs. - See more at: tn.gov/education/assessment

TCAP EOC Biology, Chemistry and U.S. History are given to help measure how much a student grows academically over the course of a school year.

- **ASVAB (Students in grades 11 or 12)**

The Armed Service Vocational Aptitude Battery (ASVAB) is made up of verbal, math, and technical tests. The ASVAB Career Exploration Program is designed to help students learn more about themselves and the world of work, identify and explore potentially satisfying occupations, and develop an effective strategy to realize their goals. All juniors will take the ASVAB free of charge. If a parent does not want his/her child to take the ASVAB, written notice must be given 2 weeks prior to the scheduled test date. Seniors may take or retake the ASVAB and must sign up in the Guidance Office 2 weeks prior to the test date.

TEXTBOOKS:

Students shall be assessed fines for the loss or damage to textbooks. Textbooks that are lost or not returned will be assessed at the replacement cost. If the textbook needs to be rebound, a fee will be assessed. **These fees must be paid before reports cards will be given to the student or participation in graduation is permitted.**

THEFT OF PROPERTY:

Any theft of property should be reported to a school administrator or SRO.

TOP TEN PERCENT:

Seniors are ranked according to academic averages only in order to qualify for recognition as a member in the Top Ten Percent of the senior class.

VALEDICTORIAN/SALUTATORIAN:

To be ranked as valedictorian or salutatorian, a student must be enrolled in the high school at least four of the seven semesters proceeding the final semester and must be ranked among those students who have taken at least eight (8) courses designated as Advanced courses, AP, and/or Dual Enrollment. In the event that multiple students have the same GPA, students who have taken at least 5 officially recognized *advanced courses will be ranked above students who have not taken advanced courses.

If after considering advanced courses, the final scores of the three (3) State Mandated End-of-Course Tests (Biology I, English II, Algebra I) will be used to determine final ranking. In the event that multiple students have the same calculated test scores, then students highest composite ACT score (on file at the time of calculation) will be used to determine final ranking. In the event that multiple students are equal on all of these outlined criteria, multiple valedictorians will be recognized.

*Advanced course are those courses which have been designated as such by the Director of Schools/Designee and have a quantitative and qualitative difference from the regular course.

VISITORS:

Parents and alumni are always welcome to visit our school. Visitors **MUST ENTER** through the **MAIN ENTRANCE DOORS**. All other doors are locked at the beginning of the school day.
