

Manvel Public School

Inspiring 21st Century Learners to Influence 22nd Century Successes

Mission: *“With Manvel Public School being located in the center of our community, it is the belief of Manvel Public School our playground should be a place that is all inclusive and a centerpiece of the community.”*

Opportunity: *“Manvel Public School has not updated our playground since the flood of 1997 when the Grand Forks Herald donated equipment as a thank you for allowing them to use our school as their workspace as the flood was happening. There are ADA issues with our property and equipment issues as well. Rather than piecing this together, we have an opportunity to renovate this property and make a site that is not only an area for our children to play during the school year, but an opportunity for us to make this a playground and learning center as well. We want all families in our community to feel like the playground is a safe and welcoming place for every child who lives or visits our community.”*

Manvel Public School is starting a campaign to raise funds for an “All-Inclusive” playground learning center for our students and our community. A committee of school leaders and members of PTO, and Dakota Playground will work together to design and build a playground that welcomes all children 12 months a year. This playground will be handicap accessible and will include equipment that allows all students to play together and move from one piece of equipment to another without hesitation or additional support being required.

We are now bringing this process to the community to help personalize our new area. Families, businesses, and all who support Manvel Public School have the ability to bring a personal touch to the new playground. It is important to Manvel Public School that this playground is not just a “school playground.” This playground needs to benefit the entire community!!

MANVEL MUSTANGS PLAYGROUND RENOVATION CONTRIBUTORS

Contributors who donate \$100-\$999 will be recognized on the playground webpage. Patrons who donate \$1,000 or more will be recognized on a welcome plaque (site of plaque to be determined). Those who donate \$25,000.00 or more will be recognized on a plaque as well as on a piece of equipment on the playground.
