SUCCESS STARTS HERE

Dear Future Resident:

Thank you for your interest in the Gettysburg School District. Our district is committed to providing a world-class education for your children. Each of our dedicated and supportive faculty and staff members work diligently to foster personalized experiences that will help students grow and succeed both inside and outside of the classroom. Moreover, they are committed to providing a safe and caring learning environment where all students develop the skills they need to learn in an ever-changing world.

We are proud to say that 91 of our faculty members have over 20 years of teaching experience and 68% hold a Master's degree. The level of experience of our professional staff provides each student with rich, fulfilling learning opportunities to carry them along their unique pathway to future education and career development.

Our elementary schools offer programs and activities that inspire and instill the idea that every student can succeed by providing engaging and enriching experiences.

Our middle and high school offers students ways to both enhance and customize their educational journey with a plethora of curricular, co-curricular and extracurricular activities. From Advanced Placement courses and interest based electives, to experiences in our Adams County Technical Institute Program, there are courses to spark curiosity in every student.

Once again, thank you for your interest in the Gettysburg Area School District. We hope that you decide to call our district community your home and hope that you choose our exceptional schools for your child's or children's educational programming.

Jason Perrin, D. Ed.
