

MERIDIAN PUBLIC SCHOOL DISTRICT

EDUCATIONAL STABILITY *for* CHILDREN *in* FOSTER CARE

Purpose

The purpose of this document is to outline the procedures used in the Meridian Public School District to enroll, withdraw, and serve children placed under the care of the Mississippi Child Protection Service pursuant to the requirements of the federal Every Student Succeeds Act (ESSA) Section 1112(c)(5)(B) Title I educational stability provisions.

Goal

Meridian Public School District in collaboration with Lauderdale County Division of Child Protection Services ensures that children placed in foster care have stability with regards to their education.

Mission

The Meridian Public School District serves the community by engaging each student in an excellent education that develops skills and citizenship needed for success in a global society.

Definitions (with Roles and Responsibilities)

District Point of Contact (DPC) – the person designated by the Meridian Public School District Superintendent to represent the District with regards to foster children being enrolled or withdrawn from the district. The District Point of Contact will communicate directly with the Regional Director of Child Protective Services. It will be the responsibility of the DPC to ensure that school personnel receive training regarding foster care children and school stability and that district procedures related to these students are being followed. Other responsibilities include:

- Ensuring the children in foster care are enrolled in and regularly attend school
- Developing and coordinating local transportation procedures
- Managing best interest determinations and transportation cost disputes

District Point of Contact: Kelli Speed, Federal Programs Director; 601-484-4960;
kspeed@mpsdk12.net

School Point of Contact (SPC) – the person designated by the building level Principal to represent the school with regards to foster children being enrolled or withdrawn from the school. In most schools, this will be the school counselor. The School Point of Contact will communicate directly with the District Point of Contact. The School Point of Contact will ensure that any and all student records are obtained when a foster child enrolls in the local school and that any and all student records are provided to the Child Protective Service Case Worker when a foster child withdraws from the local school. It will be the responsibility of the SPC to ensure that a best interest determination meeting is held when a foster child is withdrawn from school

and to notify the District Point of Contact if there is a problem related to enrollment, withdrawal, or best interest determination of a foster child.

Regional Director of Child Protective Services (CPS) – the person from Child Protective Services that will communicate directly with the District Point of Contact and with the Child Protective Service Case Worker in charge of the case for a particular foster child.

Case Worker – the person from Child Protective Services who has been assigned the case of a child in foster care.

Foster Child – a child for whom custody has been assigned to Child Protective Services by a sitting judicial authority.

Foster Parent – the parent(s) with whom a foster child is currently residing.

Procedures

Enrollment of a Foster Child

Resident Foster Children

Foster children residing within the district boundaries shall be enrolled as any other student that resides within the boundaries of the district. The SPC shall obtain any and all records pertaining to the student's current education. A list of these records is found in Appendix A of this document.

Following the enrollment of the student, the SPC will notify the DPC, forward copies of relevant records and also keep on file. The DPC will keep relevant records until the student withdraws or graduates from the Meridian School District or the child is no longer in the care of Child Protective Services.

Non-Resident Foster Children

Foster children who are no longer residing within the Meridian Public School District boundaries shall be allowed to remain in the school of origin pending a determination that it is in the best interest of the child to remain. The DPC or SPC will meet with the Case Worker or CPS representative, Principal, Parents (if allowed), Foster Parents, and other interested parties. The meeting shall take place within 3 business days after placement has changed or CPS requests withdrawal. A determination as to whether or not it would be in the best interest of the child to attend the school in the Meridian Public School District shall be made immediately following this meeting. Meridian Public School District recognizes the right of a foster child to attend the child's school of origin in order to ensure school stability except in cases where it is not in the child's best interest or not reasonable (due to excessive travel times or other factors). In the event of a disagreement regarding school placement for a child in foster care, the CPS will be considered the final decision maker in making the best interest determination. The CPS

considers other non-educational factors (safety, the child's permanency goal, and other components of the case plan). The CPS also has the capacity to collaborate with and gain information from multiple parties including the court in making these decisions.

Withdrawal of a Student by CPS

The SPC in this case is responsible for providing as many educational records as possible to make any transition from the school of origin to the new school a smooth transition. Records not on file in the school office shall be forwarded the new school within 24 hours following a request by the school or CPS. If the School Point of Contact has a problem with withdrawal or with scheduling the Best Interest Determination meeting he/she will notify the DPC who will contact the Regional Director.

Free/Reduced Lunch Application

Foster care parent or Child Protective Services representative should complete a Free/Reduced Meal Application for Meridian Public Schools. This form may be completed online at schoollunchapp.com (once at the site, then select and open from the dropdown box--Meridian Public Schools). A paper application is available from the school office, cafeteria cashier or the School Nutrition Office located at the Fillmore Center. Verification of foster care status will be done by Food Services through checking the PowerSchool data system. If PowerSchool system does not indicate foster care status, the school nutrition office staff will contact the school office to verify status directly. Parents who have a foster child are asked to complete a separate meal application for foster children. Parents are asked to include the foster child as a household member on a separate meal application if there are other children enrolled in the Meridian Public School District and the parents are applying for meal benefits for those children so that all household members are in the total number when the application is processed for approval of meal benefits.

Transportation Procedures

Children in foster care will be entitled to transportation services in the same manner as all other children in the school district. In addition to regular transportation routes, the school district will collaborate with the CPS when transportation is required to maintain children placed in foster care in a school of origin outside their usual attendance area or district when it is in the best interest of the student. Under the direction of the Federal Programs Director, the POC will invite appropriate district officials, the CPS, and officials from other districts or agencies to promptly arrange cost-effective transportation for the student. These agreements will cover how the transportation will be provided, arranged, and funded for the duration of the child's time in foster care. *(Transportation Agreement Form appended)*

Confidentiality

Title I foster care provisions allow data sharing to improve educational outcomes for children. MPSD recognizes that sensitive student information may be shared by child welfare agencies and commits to ensuring children in foster care are properly supported in a way that respects student privacy. In all cases, MPSD will comply with all statutory requirements to protect student privacy, including FERPA and any other privacy requirements under Federal, State, or local laws.

Enrollment of Foster Children

- A MS-CPS worker must be present when a foster child arrives at your school to enroll. Foster children are wards of the state, and MS-CPS is the legal guardian. Therefore, MS-CPS is the only entity that can sign for enrollment.
- However, MS-CPS is not the only one that needs to be present. The foster parent or a representative from the facility where the student lives also needs to be present to enroll. MS-CPS will sign as the guardian, but the foster parent or facility representative will need to assist in completing enrolment information.
- When they arrive, MS-CPS should have an Educational Referral form and a Best Interest Determination (BID) form. Ask for those when they arrive, if they don't have them, inform them that you must have them to enroll the student.
- MS- CPS should have already notified the district/ Kelli Speed that they were coming. Ask if they have contacted Kelli. If they have not... hand them a phone and give them my number (4960).

Meetings

- As already stated, MS-CPS is the recognized guardian for foster students, and they must be present for all decisions for the child including:
 - IEP Meetings
 - Change of Placement
 - Behavior/ Suspension/ Expulsion
 - Permission forms
 - Travel forms
- You must contact the foster child's MS-CPS worker to be present for these meetings or notify the MS-CPS worker of any issues. MS-CPS should contact the foster parent or facility.
- When you contact MS-CPS, verify with them that they will contact the foster parent/ facility and have them identify the person they will contact. If they seem vague or unresponsive the school should offer to make the contact with the foster parent/ facility for them.

- The bottom line is that MS-CPS is stretched, and we should assist them with this if we can.
- If the MS-CPS worker comes without a foster parent/ facility rep have them explain why.
- If the MS-CPS worker cannot be present for a meeting they can phone in or video conference in. This should be decided ahead of the meeting. When you contact to request the meeting offer the phone or video conference option, particularly if the worker is out of our area.

Unenrolling/ transitioning residency or schools

- MS-CPS is the only entity that can move a child. Foster parents or a facility cannot sign to remove a child from a school/ program or location. Only MS-CPS can do this.
- Always ask MS-CPS if they have complete the Educational Referral form or BID form and have they contacted Kelli Speed. IF they have NOT... have them call me at 4960

This information needs to be shared with your office staff, counselors, SPED teachers, and any others that may contact a parent/ guardian in order to understand the foster child procedures.

As an additional note, all students at Hope Village are foster children.
