6. Old Business (Discussion and/or Action):

OLD BUSINESS

6A. Updates

1. Track Modifications/Expansion at Buckeye School of the Arts and Shasta Lake School

Sean Hays introduced Justin Rose from Hellas Construction, Inc. to present and answer questions. Side note - Sean and Justin will be visiting each site to see what else can be addressed as a district. Sean will share with the committee for informational purposes only. Justin explained what Hellas does and provides. They do 140 projects per year. Exclusions are listed because they don't know what is on the ground. He explained the design can be adjusted. The cost for urethane has increased 340%. The first step is to get the geotechnical/topographical survey completed. It was approximately \$15,100 in February 2021 from Butler. Hellas will help get the survey scheduled if needed. Step 2 - the price will change and the exclusions will be updated once the results of the survey are completed. We will be provided an actual quote. Justin explained the track is completed in phases - dirt work, asphalt, overlay surface. While it's an unconventional track for competition, it can be considered an outdoor classroom. He said prevailing wages are paid in CA. The cost of the exclusions will vary by state and county. We reviewed the bond text for possible expenditures and reviewed the completed projects to date.

Motion made by Kevin Roberts and seconded by Joelle Campbell to spend the remaining bond money on the track at Shasta Lake School with the district providing the remaining funds.

Motion carried unanimously: 5 AYES - 0 NOES; 0 ABSENT

2. District Technology Purchases

Scott Sorrells provided an update regarding the technology purchase and it was approved by the board on April 20 and Dell was able to ship quickly, with an expected delivery date of May 5, 2022.

7. New Business (Discussion and/or Action):

NEW BUSINESS
