Action Items:

- Approve Change in 2023-24 Bell Schedule - approved as presented by consensus
 - Many students and teachers have asked about adding some time back into EDGE. In previous years, it had been 40 and 45 minutes in length, depending on the year. This year, we shortened it to 30 after a couple of teacher groups came back from PLC at Work Institutes where they heard that 30 minutes was probably the correct length of time for intervention work. That hasn't served us as well as a school according to several teachers. In the attached schedule above, you can see in the table what the proposed schedule would be if 10 minutes were added back into EDGE.
