School Accountability Report Card
Reported Using Data from the 2019-2020 School Year
Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

Central Valley High School (CVHS), a 2019 California Distinguished High School and 2019 National Model School, has established itself among the most thriving learning environments in Northern California. At CVHS, we are dedicated to establishing high standards for achievement and meeting the education needs of all students. Our instructional staff works collaboratively through Professional Learning Communities and the Continuous School Improvement Model to improve programs, with an emphasis on the alignment of curricula with state standards and the effective use of formative assessments to guide instruction. High standards for student conduct help to create a safe environment are reinforced by our school's Behavioral Expectations and Core Values (BE CV). Preparedness, Respect, Positivity (Behavioral Expectations) and Integrity, Pride and Responsibility (Core Values) reinforce school pride and a blossoming learning environment.

We strongly believe that, in addition to providing a rigorous core curriculum, the high school experience should offer students a variety of opportunities for personal growth. Accordingly, CVHS students participate on a multitude of different athletic teams, covering 13 sports, and are involved in a variety of outstanding co-curricular courses such as drama, art, music, foreign language, industrial arts, and business and technology programs. Students may participate in different clubs and organizations including Student Leadership, Key Club, Interact Club, Diversity Club, Drama Club, Dance Club and FFA. Please visit our website for more information. <http://cvfalconpride.com>.

CVHS is the only county comprehensive high school who scored in the top 3 in both English & Mathematics as well as the only county high school ranked 10 out of 10 in the similar schools data. Additionally, CVHS is the first high school in county history to have its socio-economically disadvantaged students score higher than our general school population (mathematics). We offer UC/CSU transferable classes on campus than any other high school and are proud to be the only high school to score "blue" in college and career readiness, the highest possible mark. Reach Higher Shasta, a group of county educators whose goal is to increase college going rates, recently presented that CV had the highest increase in A-G completion percentage (requirements needed to attend a UC/CSU) over a three year span. For a school with a significantly high amount of students who are socio-economically disadvantaged (nearing 70%), the students and school perform exceptionally well and rank as one of the highest academically prepared institutions in Shasta County.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Credentials

Teachers	School 2018-19	School 2019-20	School 2020-21	District 2020-21

Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments*	0	0	0
Vacant Teacher Positions	1	1	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

*Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: July 2018

Central Valley High School ensures that sufficient and current textbooks and materials are available to support the school's instructional program. All Standards aligned textbooks are in adequate condition and sufficient supply. Central Valley High School follows the State Instructional Materials Adoption Cycle, which reviews instructional materials in each curricular area within a seven-year cycle.

Central Valley High School's library, staffed by a full-time library technician, is stocked with numerous educational and recreational books that are available for students to check out. The library also contains a large collection of eBooks and media for teacher and student use. The library is designed with various collaboration spaces for both staff and students, each equipped with technology that facilitates discussion.

Each student at CVHS is issued a Chromebook and the entire campus has WiFi access. There are several computer labs on campus consisting of both Windows-based and Mac-based operating systems and are regularly updated with programs specific to course content (e.g. Adobe Suite). Teachers utilize various programs and apps such as Nearpod, turnitin.com, Socrative etc., to develop critical thinking skills, technological skills, literacy skills, and mathematical proficiency. CVHS utilizes the Odyssey learning software system, a comprehensive, research-based curriculum that links with NWEA assessments and supplements classroom instruction.

Gateway Unified School District (GUSD) held a public hearing at the beginning of the year and determined that each school within GUSD has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual Standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks and have been approved by the Board of Education.

School Facility Conditions and Planned Improvements

A CVHS modernization of school facilities was completed in 2007 with ongoing projects up to our current date. The modernization provided the much needed improvements. In addition to supplying basic infrastructure upgrades, these physical enhancements will serve to supplement the exceptional program improvements occurring in the classroom.

A state of the art intercom system and security gates were installed in 2018 to increase communication for both information and potential crisis. Central Valley High School campus is currently comprised of 50 classrooms, a multipurpose room, a state of the art library, two computer labs, two gyms, and a staff lounge. At the time of this publication, 100% of the school's restrooms were in working condition. Talon Hall, the school's cafeteria, was expanded to include a new performing stage and additional seating for students. The project was completed before the beginning of the 2012-2013 school year. Additionally, renovation on the large gym was completed in October of 2014. Renovation included a new playing surface, new interior paint, scoreboards and sound system.

To ensure student safety, administrators and the campus supervisor provide supervision on campus at all times. All visitors to the campus must have administrative approval, and are required to sign in at the office and display a visitor's pass at all times.

Cleaning Process: Central Valley High School provides a safe, clean environment for students, staff, and volunteers. The District governing board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the District office for review. A joint effort between students and staff helps keep the campus clean and litter free.

Maintenance and Repair: The school site custodial staff administers a scheduled maintenance program. The principal works daily with the custodial staff of four to develop cleaning schedules that ensure a clean and safe school. Additionally, an operations and maintenance program is administered by GUSD to ensure proper care, protection, and improvement for all classrooms and facilities.

A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Facility Improvements: In the spring of 2008, a low profile Bermuda Sports Turf was installed in the Ron Hale Memorial Stadium. The installation of visiting bleachers for the stadium was completed during the summer of 2009; the state inspection was completed for the bleachers in July 2009.

During the 2011-12 school year, Talon Hall, the school's cafeteria, was expanded and renovated. The expansion included a new stage area which has enhanced both the music and drama productions. The renovation has increased the seating capacity both indoors and outdoors. The decor was updated to represent a warm and inviting atmosphere for students, staff and the community.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2010-11 school year, the District budgeted \$433,733 for the Deferred Maintenance Program. This represents 1.56% of the District's general fund budget.

School Facility Good Repair Status

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	41	N/A	30	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Career Technical Education Programs (School Year 2019-2020)

The District participates in the Shasta County Regional Occupational Program (ROP), offering our students the opportunity to work, gain experience, and earn credits toward graduation.

Career Technical Education (CTE) program courses are organized in sequences designed to offer students opportunities to prepare for post-secondary employment; included are courses in ROP, agriculture, computer science, communications, culinary arts, and digital media.

The ROP courses traditionally have included auto mechanics, child development, fire technology, computer technology, and health services courses.

Kyle Turner is the primary representative and contact for Central Valley High School's CTE program and Jessica Libbee is the primary representative and contact for Mountain Lakes High School's CTE program.

Our goal is to continue offering programs and classes that are integrated with our Standards based curriculum, while developing career pathways that will help students meet the demanding performance requirements expected of the 21st century workforce.

Specific courses in home economics, business, industrial arts, and agriculture address those skills that are required in the workplace. The District supports and provides services that ensure all students can participate in CTE programs and courses.

Measurable outcomes of these programs/courses include student grades, post-secondary employment, and college choices.

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Parents and the community are very supportive of the educational programs at Central Valley High School. The Booster and Alumni Clubs play an active role at CVHS through fundraising and special activities. Parents participate in various committees that make decisions regarding the priorities and direction of the educational plan to ensure that instructional programs are consistent with students' needs and comply with District goals. These committees include: Professional Learning Community (PLC), School Site Council (SSC), School Safety Committee, Student Study Teams, English Language Advisory Committee (ELAC), and the Agriculture Advisory Board. parents are given the opportunity to provide perceptual feedback through annual surveys.

Parents who wish to participate in Central Valley High School's leadership teams, school committees, school activities, or to become a volunteer may contact Kyle Turner, Principal, at the school's office at (530) 275-7075, by email at ktturner@gwusd.org, or visit the school's website at <http://cvfalconpride.com>.

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

Central Valley High School's Safety Plan is updated each fall by the Safety Plan Committee, which consists of administrators, staff, maintenance, parents, students community emergency responders, local government officials and food services staff. The Safety Plan was last reviewed and discussed with staff members in November 2019. Key elements include crisis response and prevention, school climate and practicing safety drills. The Safety committee is currently working on a comprehensive strategic safety plan that will address goals over the next five years. This has led to the development of new procedures and facilities (gate/intercom) for the evacuation of students and staff in the event of an emergency and new procedures for lock down situations. Members of the safety team have attended workshops and continue to modify action plans to address identified critical achievements.

The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and State earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during an emergency.

Disaster drills are held regularly throughout the year.

Types of Services Funded (Fiscal Year 2019-2020)

Title II funding provides instructional coaching support for improvements in classroom instruction. These funds are also used for additional teacher and paraprofessional support for students that are 'at-risk' in areas of Reading and Math. Title II funding provides additional instructional coaching support for schools not receiving Title I funds.

The LEA uses LCAP supplemental/concentration funding to increase and improve services at all sites for students needing academic and/or behavioral interventions. Behavior paraprofessionals, counselors, a district reading specialist, an instructional technology coach and additional special education staff work with, and support teachers and administrators to improve the behaviors and address the academic concerns of the 'at-risk' students and students with disabilities. LCAP funding is also used to support the English Learner program. Title VII and state grant funds are used to support the Indian Education program.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement			

Annually, the District schedules two staff development days where teachers are offered a variety of professional growth opportunities based on campus and district goals as well as current needs assessments. Topics have included research-based methodologies in literacy, grading practices, effective learning environments, targeted interventions, technology, and curriculum design. Site instructional coaches provide professional development and support for all teachers on campus.

Early-release Mondays provide grade-level and department Professional Learning Communities the opportunity to discuss evidence of student progress towards mastery and collaboratively plan targeted instruction specific to students' needs.

Beginning teachers also participate in the Alliance for Teacher Excellence (ATE) program, in which a mentor works with beginning teachers to improve their skills.
