School Accountability Report Card
Reported Using Data from the 2019-2020 School Year
Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: August 2020

Grand Oaks Elementary School follows the State Instructional Materials Adoption Cycle, which reviews instructional materials in each curricular area as assigned. Site and District grade-level teams, along with site administrators, review textbook needs and make recommendations for adoptions. These recommendations are then brought to the District Advisory Committee for review and forwarded to the Board of Trustees for approval. All students, including English learners, are given their own individual Standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks and have been approved by the Board of Education.

Grand Oaks Elementary School's library is stocked with numerous educational and recreational books that are available for students to check out. The library also contains a large collection of supplemental media for classroom use. One to one electronic devices are connected to the internet so that students are able to access resources through site licenses and information online. Grand Oaks is currently purchasing more nonfiction books to follow the focus of California State standards.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Parents and the community are very supportive of the educational program at Grand Oaks Elementary School. Parents participate in the School Site Council (SSC) and Safety Committee which meets on a monthly basis, are encouraged to get involved in the Parent Club, and are welcome to volunteer in classrooms and for special events. Parents are also encouraged to attend our monthly assemblies which celebrate individual and group accomplishments. In addition, numerous programs and activities are enriched by the generous contributions made by local organizations.

A list of parent involvement activities can be found in the Parent Handbook given out in the first-day packet. Parents who wish to participate in Grand Oaks Elementary School's leadership teams, school committees, school activities, or become a volunteer may contact the Principal Kati Parsons at the school's office at (530) 275-7040, by e-mail at kparsons@gwusd.org, or visit the school's Web site at <http://goes.gwusd.org>.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

Grand Oaks Elementary School's Safety Plan is updated each school year by the School Safety Committee. It is also monitored throughout the school year by the School Safety Committee. The safety of students and staff and providing a positive learning environment are primary concerns of Grand Oaks Elementary School.

The Safety Plan was last reviewed and discussed with the staff in January 2021. Key elements include maintaining a safe and orderly campus and environment that is conducive to learning, developing a Positive Behavior Intervention System, and maintaining a high attendance rate of the students.

Title II funding provides additional instructional coaching support for schools not receiving Title I funds. The LEA uses LCAP supplemental/concentration funding to increase and improve services at all sites for students needing academic and/or behavioral interventions. Behavior paraprofessionals, counselors, a district reading specialist, an instructional technology coach, and additional special education staff work with, and support teachers and administrators to improve the behaviors and address the academic concerns of the 'at-risk' students and students with disabilities. Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	3

Annually, the District schedules three staff development days where teachers are provided professional growth opportunities based on current needs assessments. Topics have included Evaluation of State Standards Curriculum, Professional Learning Communities, Response to Intervention for English Language Arts and Math, Technology, Writing Development, Contemporary Teaching Strategies, School Climate, and Student Discipline, Restorative Practices, Trauma Based Instruction, Essential Standards Review, Curriculum Alignment, Special Education, and Strategic Planning. District literacy coaches provide professional development and mentoring to the beginning and experienced teachers. Individual and small groups of teachers are selected to attend Professional Development outside the district depending on necessity and opportunity.

Early-release Mondays provide grade-level teams the opportunity for collaborative planning and the development of Professional Learning Communities. In addition, the entire teaching staff meets to work on collaborative school improvement. Peer coaching and student needs are a primary focus for collaborative Mondays.

Teachers in the Gateway Unified School District may utilize the Gateway Teacher Induction Program (G-TIP), in which a facilitator works with beginning and veteran teachers in improving their skills and addressing the California Standards for the Teaching Profession.

Paraprofessionals and volunteers at the school meet on a monthly basis to discuss best teaching practices, student needs, and universal school-wide procedures and expectations of both students and staff. Professional development also occurs to provide support in elementary reading instruction as well as Trauma Based Instruction.
