## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Shasta Lake School offers an educational setting where each student's academic, emotional, social, and developmental needs are addressed in a supportive environment. Our teachers set high academic and behavior expectations and provide a challenging curriculum for all students. Our educational family, which includes teachers, counselors, paraprofessionals, secretarial staff, cooks, custodians, the assistant principal, and the principal, works in partnership with parents and community members to provide an exceptional learning experience for all students.

Shasta Lake School has a rigorous curriculum that is designed to address all of the California Content Standards through daily instruction in mathematics, language arts, history/social studies, science, physical education, reading, and elective/enrichment courses. We pride ourselves on offering a comprehensive curriculum to students of all academic levels. Through a comprehensive assessment process using regularly scheduled formative assessments, teachers track student progress carefully in order to re-teach any missing skills. Shasta Lake School continues to work in Professional Learning Communities to implement a comprehensive Response to Intervention support program. Shasta Lake School has been utilizing a small group teaching approach to providing reading instruction in kindergarten through third grade and groups students according to ability. Students receive intensive reading instruction for one hour daily at their own readiness levels.

Shasta Lake School has made continual improvements in our programs by keeping our instructional materials up to date and replacing technology on a regular basis. Shasta Lake School has made a commitment to providing our students with the technology base they will require to be college and career ready. Every classroom on our campus is equipped with an interactive white board (Promethean Board). We provide a rich learning environment with technology to enhance learning. Every student has access in their classrooms to Chromebooks (1:1). Our facilities are very well maintained with a \$6.4 million gymnasium.

Shasta Lake School is committed to nurturing a learning community with academically and socially prepared students to be college and career ready.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

### 2020-21 Teacher Preparation and Placement

<b>Total Teaching Positions</b>	32.2	100.0	125.5	100.0	274759.1	100.0

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### 2020-21 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	0.0
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0.0

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Shasta Lake School's library is stocked with educational and recreational books that are available for students to check out. The library also contains a large collection of video and audiotapes for classroom use. Computer resources within the library are connected to the internet so that students are able to access resources, information, and the card catalog system.

Gateway Unified School District (GUSD) held a public hearing in the beginning of the year and determined that each school within GUSD has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual Standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks and have been approved by the Board of Education.

The visual and performing arts category at Shasta Lake School offers the following classes: weekly music and art classes for kindergarten through fifth grade students; band for sixth through eighth grade students; orchestra for sixth through eighth grade student, and dance in PE.

## School Facility Conditions and Planned Improvements

The entire District has completed a \$30 million modernization project, and each site received a major makeover to bring its facilities to the most modern standards. In addition to supplying basic infrastructure upgrades, each school site underwent cosmetic improvements as well. These physical enhancements serve to supplement the wonderful program improvements occurring in the classroom.

Shasta Lake School campus was originally built in 1957, and is currently comprised of 50 classrooms, one multipurpose room, two libraries, and one Makerspace.

At the time of this publication, 100% of the school's restrooms were in working condition. The cafeteria room was renovated at the end of the 2002 school year. During the fall of 2004, modernization projects included construction on a 1,000-seat gymnasium and Safe Route to Schools, which includes street/sidewalk and automobile access improvement. Classified employees and teachers supervise students throughout the day. There is a designated area for student drop off and pick up in front of the school. Visitors register at the office and receive identification badges that must be displayed at all times.

Cleaning Process: Shasta Lake School provides a safe and clean environment for students, staff, and volunteers. The District governing board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the District office for review. A joint effort between students and staff helps keep the campus clean and litter free.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A
<b>Mathematics</b> (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## 2020-21 Local Assessment Test Results in ELA by Student Group

This table displays Local Assessment test results in ELA by student group for students grades three through eight and grade eleven. LEAs/schools will populate this table for schools in cases where the school administered a local assessment. In cases where the school administered the CAASPP assessment, LEAs/schools will populate this table with “N/A” values in all cells, meaning this table is Not Applicable for this school.

\*At or above the grade-level standard in the context of the local assessment administered.

## 2020-21 Local Assessment Test Results in Math by Student Group

This table displays Local Assessment test results in Math by student group for students grades three through eight and grade eleven. LEAs/schools will populate this table for schools in cases where the school administered a local assessment. In cases where the school administered the CAASPP assessment, LEAs/schools will populate this table with “N/A” values in all cells, meaning this table is Not Applicable for this school.

\*At or above the grade-level standard in the context of the local assessment administered.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards
Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Parents and the community are very supportive of the educational program at Shasta Lake School. Parent involvement is encouraged through the Parent Club, as well as School and District Site Councils. Parents may also volunteer in the library, classroom, athletic programs, Back To School Night, and Open House.

Parents who wish to participate in Shasta Lake School's leadership teams, school committees, school activities, or become a volunteer may contact Joyce Ide, Parent Club President, at the main office at (530) 275-7020, or visit the school's website at <http://sls.gwusd.org>.

## 2020-21 Chronic Absenteeism by Student Group

### C. Engagement

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
<b>Suspensions</b>	9.65	7.55	8.58	6.19	3.47	0.20
<b>Expulsions</b>	0.13	0.14	0.07	0.19	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

The Safety Plan Committee, consisting of school administrators, teachers, parents and students, updates Shasta Lake School's Safety Plan each fall. The Safety Plan covers various safety issues, including drug awareness, bully prevention, harassment policies, student supervision, disaster kits, and emergency procedures. The Safety Plan was last reviewed and discussed with staff in August 2021.

The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and State earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during an emergency.

Disaster drills are held regularly throughout the year: fire drills are held once each month, and earthquake drills are once per year and lock down drills are held each trimester.

## 2020-21 Types of Services Funded

School sites that receive Title I funding provide instructional coaching support for improvements in classroom instruction. These funds are also used for additional teacher and paraprofessional support for students that are 'at-risk' in areas of Reading and Math. Title II funding provides additional instructional coaching support for schools not receiving Title I funds.

The LEA uses LCAP supplemental/concentration funding to increase and improve services at all sites for students needing academic and/or behavioral interventions. Behavior paraprofessionals, counselors, a district reading specialist, an instructional technology coach and additional special education staff work with, and support teachers and administrators to improve the behaviors and address the academic concerns of the 'at-promise' students and students with disabilities.

LCAP funding is also used to support the English Learner program. Title VII and state grant funds are used to support the Indian Education program.

## 2019-20 Teacher and Administrative Salaries

## Professional Development

Annually, the District schedules three staff development days where teachers are offered a variety of professional growth opportunities based on current needs assessments. Topics have included Evaluation of Math and Science Curriculum, Common Core Standards, Intervention for English Language Arts and Math, Technology, Writing Development, Tutorial Assistance, Analysis of Standardized Testing and Reporting (CAASPP) Results, School Climate and Student Discipline, Essential Standards Review, Curriculum Alignment, Special Education, and Strategic Planning and NWEA (Assessment Data review). District literacy coaches provide professional development and mentoring to beginning and experienced teachers. Individual teachers are selected to attend Professional Development outside the district depending on necessity and opportunity.

Early-release Mondays provide grade-level and department teams the opportunity for collaborative planning and the development of Professional Learning Communities. Peer coaching and student need are a primary focus for Collaborative Mondays.

Gateway Unified School District has provided professional development for teacher representatives from each grade level in the district on Professional Learning Communities (PLC). Every school in the District has established grade level PLC's that focus on the 5 questions regarding student learning. Currently, our Professional Learning Communities provide valuable input to the professional development topic.

New faculty members participate in the Alliance for Teacher Excellence program (ATE), in which a facilitator works with beginning and veteran teachers in improving their skills and addressing the California Standards for the Teaching Profession.

This table displays the number of school days dedicated to staff development and continuous improvement.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
