## 2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

Grand Oaks is a Kindergarten through 5th-grade elementary school that has a tradition of academic excellence and is known throughout the north state for its dedicated teaching and support staff. Our teachers set high expectations and provide a challenging curriculum for all students. Our learning family, which includes teachers, paraprofessionals, secretarial staff, cooks, a counselor, a school psychologist, custodians, and the principal, works in partnership with parents and community members to provide an exceptional educational experience for our students.

We feel our positive small-school climate provides an excellent academic and social environment. Our goal is to encourage our students to reach their maximum potential. Student accomplishments are a testimony to the quality of their education. We are proud of our school's service to the community's children and we are pleased to offer this annual report to the community that Grand Oaks School serves. We encourage all community members to visit and become familiar with our unique school.

Grand Oaks Elementary School as part of the Gateway Unified School District, in partnership with parents and community members, will promote academic excellence, responsible citizens, and a life-long desire for learning in a safe environment.

## About this School

Grade 1	44
Grade 2	50
Grade 3	55
Grade 4	37
Grade 5	37
Total Enrollment	285

### 2021-22 Student Enrollment by Student Group

Student Group	Percent of Total Enrollment
Female	45.6
Male	54.4
American Indian or Alaska Native	5.3
Asian	1.8
Black or African American	1.1
Filipino	0.0
Hispanic or Latino	16.1
Native Hawaiian or Pacific Islander	0.0
Two or More Races	10.2
White	64.6
English Learners	4.6
Foster Youth	3.5
Homeless	1.1
Migrant	0.0
Socioeconomically Disadvantaged	79.6
Students with Disabilities	14.0

#### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
<b>Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)</b>	12.70	100.00	102.20	81.42	228366.10	83.12

<b>Total Teaching Positions</b>	12.70	100.00	125.50	100.00	274759.10	100.00

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Grand Oaks Elementary School follows the State Instructional Materials Adoption Cycle, which reviews instructional materials in each curricular area as assigned. Site and District grade-level teams, along with site administrators, review textbook needs and make recommendations for adoptions. These recommendations are then brought to the District Advisory Committee for review and forwarded to the Board of Trustees for approval. All students, including English learners, are given their own individual Standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks and have been approved by the Board of Education.

Grand Oaks Elementary School's library is stocked with numerous educational and recreational books that are available for students to check out. The library also contains a large collection of supplemental media for classroom use. One to one electronic devices are connected to the internet so that students are able to access resources through site licenses and information online. Grand Oaks is currently purchasing more nonfiction books to follow the focus of California State standards.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	37	N/A	32	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	34	N/A	25	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Grade Level	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility

Grade 9	N/A	N/A	N/A	N/A	N/A

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parents and the community are very supportive of the educational program at Grand Oaks Elementary School. Parents participate in the School Site Council (SSC) and Safety Committee which meets on a monthly basis, are encouraged to get involved in the Parent Club and are welcome to volunteer in classrooms and for special events. Parents are also encouraged to attend our monthly assemblies which celebrate individual and group accomplishments. In addition, numerous programs and activities are enriched by the generous contributions made by local organizations.

A list of parent involvement activities can be found in the Parent Handbook given out in the first-day packet. Parents who wish to participate in Grand Oaks Elementary School's leadership teams, school committees, and school activities, or become a volunteer may contact Principal Kati Parsons at the school's office at (530) 275-7040, by e-mail at [kparsons@gwusd.org](mailto:kparsons@gwusd.org), or visit the school's Web site at <http://goes.gwusd.org>.

### C. Engagement

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	5.13	8.50	2.45
Expulsions	0.00	0.15	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

## 2022-23 School Safety Plan

Grand Oaks Elementary School's Safety Plan is updated each school year by the School Safety Committee. It is also monitored throughout the school year by the School Safety Committee. The safety of students and staff and providing a positive learning environment are the primary concerns of Grand Oaks Elementary School.

The Safety Plan was approved by the School Site Council Committee on November 16, 2022. Key elements include maintaining a safe and orderly campus and environment that is conducive to learning, developing a Positive Behavior Intervention System, and maintaining a high attendance rate for the students. These elements are discussed with staff throughout the school year.

## 2021-22 Types of Services Funded

School sites that receive Title I funding provide instructional coaching support for improvements in classroom instruction. These funds are also used for additional teacher and paraprofessional support for students that are at-risk in areas of Reading and Math. Title II funding provides additional instructional coaching support for schools not receiving Title I funds.

The LEA uses LCAP supplemental/concentration funding to increase and improve services at all sites for students needing academic and/or behavioral interventions. Behavior paraprofessionals, counselors, a district reading specialist, an instructional technology coach, and additional special education staff work with, and support teachers and administrators to improve the behaviors and address the academic concerns of at-risk students and students with disabilities.

LCAP funding is also used to support the English Learner program. Title VII and state grant funds are used to support the Indian Education program.

## Professional Development

Annually, the District schedules three staff development days where teachers are provided professional growth opportunities based on current needs assessments. Topics have included Evaluation of State Standards Curriculum, Professional Learning Communities, Response to Intervention for English Language Arts and Math, Technology, Writing Development, Contemporary Teaching Strategies, School Climate, and Student Discipline, Restorative Practices, Trauma Based Instruction, Essential Standards Review, Curriculum Alignment, Special Education, and Strategic Planning. District literacy coaches provide professional development and mentoring to the beginning and experienced teachers. Individual and small groups of teachers are selected to attend Professional Development outside the district depending on necessity and opportunity.

Early-release Mondays provide grade-level teams the opportunity for collaborative planning and the development of Professional Learning Communities. In addition, the entire teaching staff meets to work on collaborative school improvement. Peer coaching and student needs are a primary focus for collaborative Mondays.

Teachers in the Gateway Unified School District may utilize the Gateway Teacher Induction Program (G-TIP), in which a facilitator works with beginning and veteran teachers in improving their skills and addressing the California Standards for the Teaching Profession.

Paraprofessionals and volunteers at the school meet on a monthly basis to discuss best teaching practices, student needs, and universal school-wide procedures and expectations of both students and staff. Professional development also occurs to provide support in elementary reading instruction as well as Trauma Based Instruction.

This table displays the number of school days dedicated to staff development and continuous improvement.
