

Willis Independent School District

Lucas Middle School

2023-2024 Improvement Plan

Accountability Rating: C

Mission Statement

At Lynn Lucas, we ensure all students will learn at high levels.

Vision

Witness GREATness in all students and staff everyday.

Value Statement

In order to achieve our shared vision, we commit to the following:

We will...

- Support all students, staff, and parents
- Maintain a Positive School Culture and provide outstanding customer service
- Fulfill our professional responsibilities
- Cultivate and maintain a Growth Mindset
- Utilize reflective practice and accept constructive feedback
- Be collectively responsible for all students' social-emotional and academic growth
- Hold each other accountable to the district SIG as a tool to ensure teacher and team growth.
- Sustain our ability to commit to backwards design to ensure high levels of learning for all students.
- Maintain intentional focus on the four essential PLC questions in every collaborative meeting.

- Utilize student reflection and goal setting to grow student self-efficacy.
- Intentionally share and utilize a variety of research-based instructional strategies.

Comprehensive Needs Assessment

Demographics

Demographics Summary

Who We Are:

Lynn Lucas Middle School is located in Willis, Texas. We serve approximately 971 students. Although Willis is still considered a small town, the area is growing at extraordinary rates and enrollment continues to grow at Lynn Lucas.

Student Population	
6th Grade	311
7th Grade	346
8th Grade	314

Student Demographics:

Female: 45%

Male: 55%

Hispanic-Latino: 45%

American Indian: <1%

Alaskan Native: 0%

Black-African American: 9%

Native Hawaiian: 0%

White: 41%

Two or More Races: 4%

Students Served in Special Programs:

Dyslexia: 7%

Gifted and Talented (GT): 7%

Section 504: 10%

Special Education: 13%

Emergent Bilingual (EB): 26%

English as a Second Language (ESL): 13%

Alternative ESL Language Program: 11%

Student Indicators:

At-Risk: 50%

Intervention Indicator: 16%

Economically Disadvantaged: 74%

Free Meals: 66%

Reduced Price Meals: 7%

Staff Information:

Administrative: 14%

Teacher: 73%

Educational Aides: 14%

Demographics Strengths

Demographic Strengths of Lynn Lucas Middle School:

--Special programs aligned to student needs - CTE, Fine Arts, etc.

--Students with special needs also enrolled in special programs

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): Currently, Lynn Lucas Middle School has 22 arrests due to THC Vapes. **Root Cause:** Students do not fully understand the effect of vaping and having THC vapes on campus.

Problem Statement 2 (Prioritized): Currently, Lynn Lucas attendance is 92%. **Root Cause:** There is a lack of proactive measures to ensure students understand the importance of being at school.

Student Learning

Student Learning Strengths

Strengths
Indicators available to suggest individual student growth in longitudinal data
Using formative assessment results to improve student learning/classroom Tier 1 Instruction.
Classroom observations reveal correlation between student success and teacher effectiveness

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Grades 6 and 8 showed negative growth in reading achievement based on MAP data. 7th grade only showed 1 point of growth. **Root Cause:** Teachers have not received adequate training on how to efficiently and effectively create and deliver tier 1 instructional strategies.

Problem Statement 2 (Prioritized): Lynn Lucas students did not meet projected growth in grades 6-8 on the end of the year MAP assessment. **Root Cause:** Teachers have not received adequate coaching from admin and leadership to provide specific tier 1 instruction focused on essential standards.

School Processes & Programs

School Processes & Programs Summary

The campus has continued to put a heavy focus on planning and research-based instructional practices. This includes PLCs where teachers plan and work together on the 4 critical questions of the PLC process: what do we expect students to learn, how will we know if they have learned it, what do we do if they didn't learn it, and what do we do if they already know it? Teachers make common formative and summative assessments utilizing the backwards design method. Teachers decide what interventions and how they will be implemented during this collaborative time.

This year the campus is continuing to improve on an intervention time built into the school day, called FOCUS Time for teachers to work with students at their level. The NWEA MAP data and the Exact Path programs will be utilized to assist teachers with where students are and the growth they have made.

We serve all students in Focus time based on their specific needs including but not limited to: students receiving special education services, students receiving ESL, students in the GT program, and students who may benefit from additional emotional intelligence opportunities.

School Processes & Programs Strengths

Strengths:

We have created a schoolwide multi-tiered system of support for students.

We have behavior systems that proactively teach campus-wide expected behaviors to all learners. Also, there is a process that identifies students who need additional behavior support.

We provide ongoing training and support (Behavior Briefs) for all teachers who may benefit from additional classroom management strategies.

Most teams understand the PLC process and have productive biweekly collaborative team meetings.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Staff members at Lynn Lucas do not have a solid understanding of how to appropriately use data to guide instruction. **Root Cause:** Lack of communication on how to use the data or why we use data from campus administration.

Perceptions

Perceptions Summary

Lynn Lucas Middle School is a campus focused on student learning. However, there has been some misleading feedback. There are teachers who feel ignored or misunderstood due to a lack of communication.

Based on feedback from staff members in the last two weeks, there has been a lack of communication from campus administration on systems and processes that have been put into place. Many teachers on the Guiding Coalition did not understand the purpose of data collection or how to use it.

Based on feedback from the community, there is a need for stronger discipline management. Relationships with students will be a priority for all staff. We will implement a proactive approach to dealing with our current THC Vape crisis from the start of the year.

Our Guiding Coalition met to develop a new mission, vision, and collective commitments. They also chose are Lucas Core Values. During this meeting, we decided students would write student friendly definitions of those words and what it looks like in students. We will incorporate positive office referrals based on the core values. Additionally, staff members will be pulled to create what the core values should look like for staff. We will create Staff Excellence Awards based on these core values to celebrate teachers and staff more frequently.

Perceptions Strengths

Currently, we provide conflict resolution among students.

We consult with employees, business leaders, philanthropic organizations and individuals with expertise in engaging parents and family members in education.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): There is currently a lack of communication to staff, students, families, and stakeholders. **Root Cause:** Lack of understanding or desire to provide effective tools to communicate from administration

Priority Problem Statements

Problem Statement 1: Grades 6 and 8 showed negative growth in reading achievement based on MAP data. 7th grade only showed 1 point of growth.

Root Cause 1: Teachers have not received adequate training on how to efficiently and effectively create and deliver tier 1 instructional strategies.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: There is currently a lack of communication to staff, students, families, and stakeholders.

Root Cause 2: Lack of understanding or desire to provide effective tools to communicate from administration

Problem Statement 2 Areas: Perceptions

Problem Statement 3: Staff members at Lynn Lucas do not have a solid understanding of how to appropriately use data to guide instruction.

Root Cause 3: Lack of communication on how to use the data or why we use data from campus administration.

Problem Statement 3 Areas: School Processes & Programs

Problem Statement 4: Lynn Lucas students did not meet projected growth in grades 6-8 on the end of the year MAP assessment.

Root Cause 4: Teachers have not received adequate coaching from admin and leadership to provide specific tier 1 instruction focused on essential standards.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Currently, Lynn Lucas Middle School has 22 arrests due to THC Vapes.

Root Cause 5: Students do not fully understand the effect of vaping and having THC vapes on campus.

Problem Statement 5 Areas: Demographics

Problem Statement 6: Currently, Lynn Lucas attendance is 92%.

Root Cause 6: There is a lack of proactive measures to ensure students understand the importance of being at school.

Problem Statement 6 Areas: Demographics

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Effective Schools Framework data
- Comprehensive, Targeted, and/or Additional Targeted Support Identification data

Student Data: Assessments

- State and federally required assessment information
- STAAR current and longitudinal results, including all versions
- STAAR End-of-Course current and longitudinal results, including all versions
- Texas approved PreK - 2nd grade assessment data

Student Data: Student Groups

- Response to Intervention (RtI) student achievement data

Student Data: Behavior and Other Indicators

- Attendance data
- Discipline records

Employee Data

- Professional learning communities (PLC) data
- State certified and high quality staff data
- Campus department and/or faculty meeting discussions and data
- T-PESS data

Parent/Community Data

- Parent surveys and/or other feedback
- Parent engagement rate

Support Systems and Other Data

- Organizational structure data
- Processes and procedures for teaching and learning, including program implementation

- Communications data
- Budgets/entitlements and expenditures data
- Study of best practices

Goals

Goal 1: All students will reach high academic standards, at a minimum attaining proficiency or better on state assessments.

Performance Objective 1: For the 2023-2024 school year, each grade level will increase 5% of students performing at Meets or better on the Reading STAAR
