# ONE91 EARLY CHILDHOOD PROGRAMS

One91 Early Childhood programs offer a continuum of services that meet the needs of families. We strive to provide high quality learning experiences and resources for children and adults.

## ECFE Early Childhood Family Education

### Registration is ongoing

Our classes provide families with warm and welcoming environments designed with the whole family in mind. Activity time is rich with play & learn stations that spark curiosity and exploration for parents and children. Enjoy quality time with your child, meet new people and see old friends.

Parent discussion time supports adults and provides information helpful for parenting in today's world.

Two hour classes consist of parent-child activity time, followed by parent discussion, which is led by a licensed Family Educator in a separate space. During 90 minute classes, parent discussion may be less formal since families stay together the entire time.

Tuition is based on a Sliding Fee Scale which is determined by income. See details on page 13.

You may register for the full year as soon as registration is open. Full payment must accompany each registration.

## Sparkling the Love of Learning

In preschool, Pathways learning is designed to spark the love of learning. Our students widen their worlds and build foundational skills to continue their learning journey. Children learn and grow best through play experiences. We embed skill-building into play to promote healthy development of the whole child throughout the classroom. For example, math skills show up at the snack table, the block corner, in cooking activities and more.

## Flexible Programs for Every Family

One91 Preschool provides flexible options for families based on schedule, location and cost.
