Coach John Racket
Head Coach Men's Squash
Superduper University
Smithfield, Idaho 45678

Dear Coach Racket,

I am an eleventh grade student at Delbarton School, Morristown, New Jersey, and I am in the process of searching out colleges to pursue my bachelor's degree. I have played on the state championship squash team at Delbarton for four years and played junior squash at the Chatham Racquet Club since I was in second grade. I would like very much to pursue squash in college and contribute to a collegiate program.

My recent junior SATs were 500 writing, 540 reading, and 610 math, but with continued preparation I expect to get those totals up by the fall of next year. I have a 3.81 GPA at Delbarton, a GPA which places me in the upper half of the class. I can not give you the specific class rank because our School does not rank. I am interested in studying accounting at the college level.

My head squash coach at Delbarton is Mr. Howard Whiffet (973-222-3333), and his address is 13 Noname Street, Chatson, NJ 07999. My junior coach and AAU mentor is Mr. Thomas Smith, whose address is 21 19th Street, NY 01234 (212-678-9876).

As I indicated above, our squash team has won the state championship for the last few years and has three or four nationally ranked players on it. Off season I try to play in as many weekend tournaments that I can enter, and in the most recent under 17 national rankings I was ranked 20th.

I look forward to hearing from you and to receiving whatever information you have available on your squash program at Superduper. With every best wish.

Sincerely yours,

John C. Smith
