But is currently mourning the loss of her beloved beta fish, but things are starting to look up as she recently acquired a new baby gecko that has the unique ability of catching mini blueberry pancakes in his mouth! (how she discovered this talent is not known at this time). While in D.C., **Ray** has been a regular guest at the Washington National Opera House. Catch him performing some of his favorite pieces on a new campfire stage in summer 2018! **John** recently got his soul cycle instructor certification and opened up his own studio. **Sarah** has missed playing "Stop, drop and roll!" so much that she has become a volunteer firefighter, working to keep Sonora and summer camp safe while we're away. **James** has been taking all the choir classes his school has to offer -- he plans to belt out some serious campfire tunes this summer! Back in LA **Hannah** has changed her major to woodworking and has been busy studying new ways to keep the campfire benches from falling over. **Reilly** has been building a pirate ship and plans to sail down Phoenix Creek on the hunt for treasure, let her know if you want to join her crew! **Matt** has been going to Pinecrest each Thursday to host a junior Imagineer meeting but no one has been showing. If you're in the area stop by, it's never too early for 2019 theme ideas! In search of the perfect toppings for Friday sundae bar, **Abby** has been sampling cocoa beans in the Amazon, whipped cream from Switzerland, and sprinkles from Ireland, but she hasn't found anything better than the toppings at Summer Camp! In her time away from Summer Camp, **Olivia** has perfected the art of making friendship bracelets with her toes! Stop by the Sonora Farmer's Market to get one before they're sold out! After being troubled by injustice last summer, **Natalie** has become a Polar Bear Rights Activist and promises that next summer, campers won't be the only ones receiving recognition for braving those frigid Pinecrest waters! **Nick** has been an avid Smithsonian goer, slowly taking an artifact here and there to add to props next summer. He is devising a plan to steal the Hope Diamond! **Tom** has been at the Cal Poly pool all year practicing his tricks for pool basketball, aiming to sweep next summer's competition. **Jake** has really found his inner Stanley Yelnats. He spends his days now on the beautiful beaches of LA with a metal detector and a smile, searching for whatever treasure comes his way. **Hannah** recently landed a job as a junior photographer for National Geographic for Kids! She loves capturing the wildlife, but misses taking pictures of all the smiling faces at camp! **Quincy** misses summer camp so much and has been searching for a remedy. She recently got into trouble for singing a solo hula baloo inside her house. If you have any suggestions, please let her know! **Daniel** was so moved by the recent solar eclipse he decided to return to school for Astrophysics. He's already booked his tickets for totality in La Serena, Chile in 2019. Meet you there!

There's going to be a special feature on the art of Simon Says! When he's not trying to write a movie, **Jackson** is hanging with his bud Toto and constantly going over results and statistics from last summer's FHWS. **Georgie** is spending her time dreaming of camp pizza and perfecting her dance moves. She is already counting the days til the first Friday Lunch of 2016! **Dave** and **Daniel** made sure to attend every corn maze in the Pacific Northwest this fall together. Why you ask? They were preparing themselves for Maze Runner, coming to Foothill Horizons next summer!

FOOTHILL HORIZONS SUMMER CAMP WINTER NEWSLETTER

Dear Foothill Friends,

Summer 2012 is right around the corner. This year we have some of the coolest and most original themes ever! Each week is sure to be incredibly fun and exciting. Since last summer the staff has been up to some awesome things. Below you'll see just what we have all been doing since last summer.

Laura is back in Washington for school and loving life. She lives with 3 very nice humans and one temperamental pet monkey named Stephen. Maybe if he graduates from obedience school, he can make an appearance at camp this summer. **Logan** is right now on the west coast of India living in the slums of Mumbai, learning how to better his people skills. **Sasha** has been enjoying her fall quarter at Oregon with her fellow Foothill Ducks, but is anxiously awaiting her departure to South Africa in January! She really hopes that her three months in Cape Town don't resemble anything like her one week stuck in Jumanji last summer...or does she? **Derek** has been rubbing elbows with the celebrities in Tinsel Town. He's excited for the lock-out to end so he can hang out courtside with his good friends Jack and the Sandman at the Staples Center. **Whitney** is taking some time off from paint and glitter glue to work part-time as a professional shark wrangler. **Arisa** has been training at a sushi restaurant in Santa Cruz in preparation for the Sushi Masters Competition coming up next spring. **Bryan** is finishing up his Master's Degree in Communication and Capture-the-Flag Tactical Intelligence way up north at Gonzaga University. He spends his free time losing to Derek at NCAA Football 2012, talking to his twin brother Spencer, and generally day-dreaming about summer camp. Nothing would make him happier than to see you all this summer, and hopes everyone has a wonderful rest of the school year! **Matt** has spent the past 40 days hiking into the heart of the Saharan Desert in an attempt to find a golden pyramid of King Tutankhamun. For Christmas, he's asking Santa for a nice Camelbak... and lots of sunscreen. The Bjelland Brothers (**Jack and Stephen**) are currently playing all the hottest middle school cafeterias in Europe and just sent out invitations to all you campers for their reunion show in Sonora next summer.... **DID YA GET IT?!**

Foothill Friends -

First of all we would like to thank everyone for an amazing 2010 summer! This year we hope to have one of the greatest summers ever. Themes for 2011 are listed above and you can now sign up for summer camp. You can find out more about the themes and get the latest news online at foothillhorizons.com. Below you can find out what our staff has been up to since summer.

Maya is preparing for her trip back to Jurassic Jungle to reunite Winslow with his parents and is anxiously awaiting her battle with Lilianna in the 2011 Dodge-off in Zurich, Switzerland. **Logan** is enjoying the endless summer temperatures of the North East for the first time and is unsure if he will return to camp this summer with all his extremities. Who knew snow is so warm? He can't wait for the sun to shine again at Foothill. **Laura** is loving school and classes up in Washington yet still manages enough time to play harmonica in Spokane's underground folk scene and compete in an intercollegiate shuffleboard team on the side. **Anna** has spent the last 57 days dressed as a Muggle trying to contact the wizarding community of Chicagoland. **Bryan** has turned into a WEREWOLF! **Dave** is loving the cosmic rays of San Diego while making some friendship bracelets on the beach. He's also attempted to start a horseshoe league at his school but no one's caught on to the greatness of the game. **Frany** is feeling like a small fish in a big pond. **Lilianna** is making leaps and bounds on the crossword she is currently working on. Twenty-four Down....bulk food- SYSCO! When not in class she's sailing the high seas off San Diego and is excited to tackle the tides at Pinecrest. **Stephen** is grooming his mustache daily and is currently training for the 57th annual bunny run in Scotland this coming March. He "hops" to see you all this summer! **Matt** is lobbying the City of San Francisco to observe Tim Lincecum's birthday as a local holiday. **Ian** has returned to his roots in Canada, and has a newly acquired love of hockey. **Derek** is heading to Sacramento to take out the trash! He will be lobbying the California Summer Camp Commission (CSCS) to award Foothill Horizons the "Summer Camp of the Decade."

Foothill Horizons Summer Camp Winter Newsletter 2009

Foothill Friends -

We hope everyone is doing great and want to wish you all a very happy holiday season. 2009 was a great year, and it was our biggest summer ever. This year, we are going to make things even better. Themes for the summer 2010 are listed below, and you can now sign up for summer camp. We are also working on a new website, which we will have running at the beginning of 2010. Below you can find out what our staff has been up to since summer.

Lilianna is studying in the sunshine of San Diego. She can't wait to go to Legoland, but she is even more excited to see everyone back in Sonora. **Laura** is trying to balance being the #1 fan of Gonzaga basketball while also being the star player in 5 sports teams of her own. She's really excited for next summer and is already preparing by taking Defense Against the Dark Arts next semester. **Spencer** is trying to get Bryan excited enough to go to Twinsburg 2010! **Sasha** is keeping busy soaking up that Oregon sun. When not frolicking in her rain boots, she makes sure to attend Stephen's weekly jazzercise class and on occasion reminds her fellow schoolmates to make sure and keep those bobby pins out of the pool. **Bryan** is missing. If you have any knowledge of his whereabouts, please contact his parrot, "Tobokin." It is rumored he was getting funky at a Beyonce concert in Raleigh, NC when he disappeared. **Meghan** is hang gliding over France with Zac Efron, and missing camp tremendously. **Derek** has returned to his alma mater, TDHS. He recently received a call from Jeff Tedford telling him to prepare himself mentally and physically for the Pac-10 2009 season (sorry Riley). **Maya** is working on her outdoor skills before she starts filming Girl vs. Wild in March. Until then she's spending her time studying and walking her pet fish, Spot. **Julia** has joined the San Francisco Mime Troupe and has successfully performed the entire ballad of Harry Potter with the help of her new, silent friends (we have confirmed that the entire staff is excited about Julia's new and silent lifestyle). **Frany** is hard at work qualifying for the 2010 Winter Games. Unknown to most, she excels in three competitive sports, curling, ice dancing, and snowboarding half pipe. Send your spirit fingers her way and hope to hear more in February! **Matt** just realized this newsletter is an excellent specimen of social networking! How marvelous. Go Bears!

THIS WEEK MAY BE SCARY, THRILLING, AND INTENSE!

Dear Foothill Friends,

Happy holidays once again from Foothill Horizons. 2008 was our biggest and one of our best summers ever! We are already hard at work planning next summer. The Foothill Staff would love to share with you a little about what we have been up to.

Allyson is studying hard at UC Santa Cruz, but she always makes time for fun..... **Matt** should be getting an education at UC Berkeley, but is actually entertaining fans at Cal football games as a member of the University of California Marching Band. He is certain the Golden Bears have a slight chance of making it to the Rose Bowl within his lifetime.... **Maya** has been exploring the events that the greater Los Angeles area has to offer and is awaiting the return of snow on the mountains..... **Jon** is plugging away at law school. And, after checking California statutes and studying countless court decisions, he has come to a startling conclusion: There really is no justification for throwing the flag during Group Game..... **Derek** doesn't think Jon is funny. He is also hard at work in his other day job, Commissioner. Look for Derek to appear live via hologram with Wolf Blitzer on CNN soon.... **Justin** has been teaching kids about animal scat and is also learning how to break dance.... **Frany, Robin, and Meghan** are releasing their highly anticipated KYOS album, 'bLaCk tEaRz', signing kajillions of autographs, and touring with their new BFF Chris Brown...(nbd)..... **Brendan** is building robots to explore the bottom of a lake, playing cello in an Irish band, and going camping in the snow with his water polo team. (Also, he's having trouble thinking of a name for his band, so if you could help him out, it'd be great).... **Spencer** has been in Corvallis. Or, working, campaigning, and Go Beavering!.... **Bryan** is wondering if everyone else in the Foothill Fantasy Football League ordered Pizza Hut... because they are getting pizoned! He is vacationing up north and very much enjoying the college football season, GO BEAVERS!..... **Dave** has been working on his tan down in beautiful San Diego, and he can't wait to show off his new dance moves..... **Julia** is traveling up and down the west coast, and can't wait to make a summer stop in Sonora.... **Luke** has been wandering the streets near his home in Sacramento where he studies the human condition through random conversations with strangers. ... **Minami** is reminiscing about her amazing time as a backup dancer for Zac Efron in High School Musical 3.... **Mike B.** is currently hard at work catering on the set of Vincent Chase's next hit movie Smoke Jumpers.....We all can't wait for summer to begin!

Foothill Horizons Summer Camp WINTER NEWSLETTER

2007

Dear Foothill Friends,

Happy holidays once again from all of us at Foothill Horizons. We hope your school year is going great! In addition to sharing with you our new themes for summer 2008, The Foothill Staff would love to share with you a little about what we have been up to.

Bryan is attempting to complete his senior year at UC Santa Cruz during breaks from Halo 3 and Madden 08 on Xbox live. For the record, Bryan has never lost to Luke in a game of Madden, and anticipates this trend will continue throughout the year... **Francesca** is trying her best to stay warm in the frigid mountains of Tahoe... **Luke** has spent his time in command school on Planet Eros vigilantly waiting for the day the Buggers come back. He has also been losing constantly in all things Xbox thanks to a poor interplanetary system connection... **Spencer** is doing lots of reading and driving, but generally not at the same time... **Meghan** is a wet duck with an umbrella at the University of Oregon... **Julia** is puddle-stomping her way across Seattle and can't wait to see the sun again at Foothill Horizons... **Fia** spends her time in the Arctic, playing with polar bears and penguins... **Laura** is busy in school and excited to journey to Africa over Winter Break to hang out with the elephants and giraffes... **Derek** has been watching the 2nd season of Lost, on a continuous loop, for the last 4 1/2 months trying to determine the true meaning of "the numbers" and is counting down the days until season 3 comes out on DVD (and blu-ray disc)... **Kevin** finally was able to surf the Bonzai Pipeline on Oahu's North Shore. The sea was extremely calm and there were no waves to speak of, but he's excited nonetheless... **Lucy** misses everyone and thinks of them often. She also hopes everyone signs up for multiple weeks of camp!

Foothill Horizons Summer Camp WINTER NEWSLETTER

2006

Dear Foothill Friends,

Happy Holidays once again from all of us at Foothill Horizons. This is our 6th Winter Newsletter and this year we have a special surprise for you. We are now offering an extra week of summer camp! If it wasn't hard enough already, you now get to choose from seven themes of fun and excitement. The entire staff is thrilled to spend one more week at summer camp and we can't wait for you to join us.

Have you been wondering what your favorite staff members have been up to since the end of summer? Well, here is a taste:

Robin has been throwing the weights around in order to beef up for the upcoming "Under 21" Strongest Woman National Championships in Boise, Idaho... Up in the Northwest, **Emily** has been tirelessly supporting the Washington Huskies all while attempting to speak fluent Spanish. In her spare time she has been learning new ways to be more like a Disney princess and counting down the days until she can dance on stage during Friday lunch... **Luke** has gone into hiding in order to get a job with the Federal Bureau of Investigation; no one has heard from him in some time... **Kevin** is enjoying his time in the tropics; he loves the surf, the sand and the occasional lava flow. At his age if he still has to be in school he is happy at least that it's in Hawai'i. He says "Aloha" and he can't wait for summer... **Fia** has been working the fish counter and is going to school full time. She can't wait to visit Hawai'i this winter for some fun... **Derek** is enthralled by his studies as he attends the prestigious California State University Stanislaus. He is also struggling to adapt to the new button configurations as he switches from Playstation to Xbox. He also wants to mention that he is always up for a challenge on NCAA 07 and he "will own you"... **Laura** is busy journeying all over the LMU campus on her scooter... **Spencer** is in the thick of his 3rd year as a Literature student at UCSC. He is also in the thick of falling a thousand pages behind in his readings; no thanks to World of Warcraft and his vigorous stat-checking for Foothill Fantasy Football. Later this year he will be mending the crack in the Liberty Bell and straightening out the Leaning Tower of Pisa. Despite the busy schedule, he can't wait to see you all this summer... **Mike Manfrin** is busy rushing a fraternity called Delta Sigma Phi, and having pretty much the greatest time of his life at Cal Poly... Following in the steps of the great Jon DiCristina, **Lucy** is now working for the U.S. Air Force, but don't worry she's not going to see action any time soon. **Frany** is currently focusing on her scholastic career as she waits for snow to make its way to Tahoe. Also her solo guitar act is really starting to take off... **Bryan** just started his third year at World of Warcraft Camp (UCSC), and is trying to level up his latest character, Gripes. He wishes all well and hopes to see everyone very soon... **Jen** has moved up in the world of fashion and will soon be fitting celebrities in Northshore Tahoe. Come check her out this winter at the Village at Northstar!

A Magical Summer awaits you!

A summer full of adventure and imagination is ready to begin at Foothill Horizons Summer Camp. We are proud to announce six themed sessions during which your child can meet new friends, acquire new skills, and enjoy themselves in a caring, imaginative setting.

THE CAMP SETTING

Our facility is located outside Sonora at the Wade Outdoor Education Center and boasts over 140 acres of forests, streams, and trails in the foothills of Sierra Nevada. In addition, we maintain a pool, astronomy tower, modern dorms, a full size dining hall and a health office.

OUR CAMPERS

Children who are graduating 2nd through 7th graders are invited to sign up for one of our adventures. During their stay, campers bunk with children their own age, but have chances to interact with other age groups through camp activities. We offer a 2-phase Counselor-in-Training (CIT) and Junior Counselor (JC) program for graduating 8th through 11th grade children. For more information about the program, call (209) 532-6673.

THE SUMMER CAMP STAFF

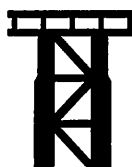

Our staff consists of highly enthusiastic teachers, counselors, camp instructors, and program coordinators. Our counselors are college-age adults who have completed our JC program. The entire staff works hard to ensure that every camper can explore their imagination and creativity in a safe and friendly environment.

CAMP ACTIVITIES

Special camp activities vary according to the theme of the week. Campers also choose from other activities during the week, such as swimming, arts & crafts, video production, creek explorations and other fun activities. Other special activities include campfires, staff hunt, sleepouts and weekly trips to the mountains, and all-camp activities.

TUITION AND FEES

Camp tuition for one 5-day session is \$295. This includes lodging, meals, activity instruction, themed adventures and a camp T-shirt.
