INDEPENDENT AUDITORS' REPORT

Board of Directors
Region One Education Service Center
Edinburg, Texas

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Region One Education Service Center (the "Center") as of and for the year ended August 31, 2014, and the related notes to the financial statements, which collectively comprise the Center's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Center's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Center's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Region One Education Service Center as of August 31, 2014, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note I to the financial statements, in 2014 the Center adopted new accounting guidance, GASB Statement No. 65, Items Previously Reported as Assets and Liabilities. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and budgetary comparison information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Center's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2014, on our consideration of the Region One Education Service Center's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance.

That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Region One Education Service Center's internal control over financial reporting and compliance.

MANAGEMENT’S DISCUSSION AND ANALYSIS

This section of Region One Education Service Center’s annual financial report presents our discussion and analysis of the Center’s financial performance during the fiscal year ended August 31, 2014. Please read it in conjunction with the Center’s financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

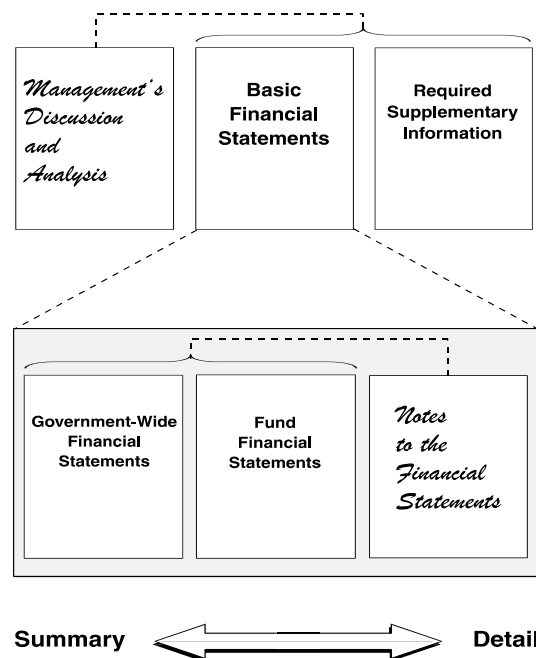

- The Center’s total combined net position was \$35,797,525 at August 31, 2014, which reflects an increase of 24.11% between fiscal years 8/31/13 and 8/31/14.
- During the year, the Center’s expenses were \$263,305 less than the \$36,976,543 generated in local charges and other revenues for governmental activities. This is more than last year, when revenues exceeded expenses by \$57,201.
- The general fund reported a deficit of revenues over expenditures this year of \$432,301, \$500,000 was transferred from the general fund to the construction fund, \$6,578,134 was recorded as a prior period adjustment for unearned revenues for several programs and \$101,165 was recorded as a prior period adjustment for indirect cost from the Early Childhood Intervention Program which increased the fund balance this year to \$10,260,854.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts—*management’s discussion and analysis* (this section), the *basic financial statements*, and *required supplementary information*. The basic financial statements include two kinds of statements that present different views of the Center:

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the Center’s overall financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the Center’s operations in more detail than the government-wide statements.
- *The governmental funds* statements tell how *general government* services were financed in the *short term* as well as what remains for future spending.
- *Proprietary fund* statements offer *short- and long-term* financial information about the activities the government operates *like businesses*, such as food service.
- *Fiduciary fund* statements provide information about the financial relationships in which the Center acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

Figure A-1F, Required Components of the Center’s Annual Financial Report

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements. Figure A-1 shows how the required Parts of this annual report are arranged and related to one another.

Figure A-2 summarizes the major features of the Center’s financial statements, including the portion of the Center government they cover and the types of information they contain. The remainder of this overview section of the management’s discussion and analysis explains the structure and contents of each of the statements.

Government-wide Statements

The government-wide statements report information about the Center as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government’s assets and liabilities. All of the current year’s revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the Center’s net position and how they have changed. Net position—the difference between the Center’s assets and liabilities—is one way to measure the Center’s financial health or *position*.

- Over time, increases or decreases in the Center’s net position are an indicator of whether its financial health is improving or deteriorating, respectively.

The government-wide financial statements of the Center include the *Governmental activities*. Most of the Center’s basic services are included here, such as instruction, curriculum and staff development, school district administrative support services and general administration. Grants and charges for services finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the Center’s most significant *funds*—not the Center as a whole. Funds are accounting devices that the Center uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by State law.
- The Board of Directors establishes other funds to control and manage money for particular purposes or to show that the Center is properly using certain grants and local sources.

The Center has the following kinds of funds:

- *Governmental funds*—Most of the Center’s basic services are included in governmental funds, which focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Center’s programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explain the relationship (or differences) between them.
- *Proprietary funds*—Services for which the Center charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long-term and short-term financial information.
- We use *internal service funds* to report activities that provide supplies and services for the Center’s other programs and activities.
- *Fiduciary funds*—The Center is the trustee, or *fiduciary*, for certain funds. It is also responsible for other assets that, because of a trust arrangement, can be used only for the trust beneficiaries. The Center is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the Center’s fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the Center’s government-wide financial statements because the Center cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE CENTER AS A WHOLE

Net position. The Center’s combined net position increased by 24.11%, to approximately \$35,797,525 between the fiscal years 2013 and 2014 (See Table A-1).

(1) Unrestricted net position showed a \$7.6 million surplus at the end of this year. This surplus represents an increase of 4.13% from last year's surplus and 20% of the Center's operating budget. The \$7,640,791 of unrestricted net position represents resources available to fund the programs of the Center for next year.

Changes in net position. The Center's total revenues increased by less than 1% to \$36,976,543. A significant portion, 60%, of the Center's revenue comes from operating grants. (See Figure A-3.) 8% comes from ESC state-grants not restricted, while 32% relates to charges for services.

The total cost of all programs and services decreased by less than 1% to \$36,713,238; the instruction and instructional related services and student services functions represent 56% of these costs.

Governmental Activities

- Investment earnings decreased by approximately 59% due to a decrease in the interest rates. Charges for services increased by 3.99% from \$12,450,405 to \$12,946,805.
- Grants not restricted represent revenues for indirect cost, foundation funds and other grants not restricted. These funds decreased by 72% from \$3,261,399 to 898,616 due to a decrease in the indirect cost rate and a reclassification of claims for Medicare and other insurance. The state aid – formula grants represent state funds received for Center operations. These funds decreased by less than 2% due to a decrease in the allocation by the state. The miscellaneous local and intermediate revenues increase by 268% due to STARR Item Bank. Over all, funds received for center operations increased by less than 1%.
- Operating grants and contributions represent federal and state funds restricted for a specific program. The Center obtained approximately \$1,495,262 more federal and state grants as compared to last year.

FINANCIAL ANALYSIS OF THE CENTER’S FUNDS

Revenues from governmental fund types totaled \$36,976,543, an increase of less than 1% over the preceding year. The increase in local revenues is a result of an increase in miscellaneous local and intermediate revenue. The increase in operating grants and contributions of less than 8% is primarily due a increase in grant allocation. The decrease of 72% in grants and contributions not restricted is due to a reclassification of claims for medicare and other insurances. Expenditures from governmental fund types totaled \$36,713,238, a decrease of less than 1% over the preceding year. The increase in the Instructional Resources and Media Services functions are primarily an increase in services. The increase in the School Leadership function is primarily due to an increase in services for the Early Childhood Intervention Program and the Adult Education Program. The decrease in Debt Service - Interest & Sinking is due to the payoff of a loan.

General Fund Budgetary Highlights

Over the course of the year, the Center revised its budget approximately 12 times. Actual expenditures were \$1,259,376 below final budget amounts. Several local programs realized lower than projected revenues due to a decrease in participants in staff development sessions.

On the other hand, resources available were \$1,363,173 under the final budgeted amount. As noted earlier:

- Several local programs realized lower than projected revenues due to an decrease in participants in staff development sessions.

CAPITAL ASSETS

At the end of 2014, the Center had invested \$23,772,782 in a broad range of capital assets, including land, equipment, buildings, and vehicles. (See Table A-4.) This amount represents a decrease of \$1,279,813 or 5% over last year. The center disposed of equipment through auction and other allowable methods.

The Center's fiscal year 2013-14 capital budget projects has earmarked an additional \$500,000 for construction; principally for the renovations of Laredo satellite office. More detailed information about the Center's capital assets is presented in the notes to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

- The Texas Education Agency appropriated the same of state base funds and approximately the same federal funds to the Center for 2014-2015.

These indicators were taken into account when adopting the general fund budget for 2014. Amounts available for appropriation in the general fund budget are \$14,904,680 a decrease of 8% under the final 2014 budget of \$16,373,287. The original budget for 2014-15 represents very conservative figures.

Expenditures are budgeted to decrease by 7% to \$15,411,947. The decrease is due to a decrease in members in the TEKS Resource Program. Several local consortiums were expanded to included services that were requested by school districts. If these estimates are realized, the Center's budgetary general fund balance is not expected to change appreciably by the close of 2014.

CONTACTING THE CENTER'S FINANCIAL MANAGEMENT

 RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE
 STATEMENT OF NET POSITION
 AUGUST 31, 2014

Total Fund Balances - Governmental Funds	\$	17,626,345
1 The Center uses internal service funds to charge the costs of certain activities, such as printing, space management, and technology to appropriate functions in other funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. The net effect of this consolidation is to increase net position.		5,385,263
2 Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds. At the beginning of the year, the cost of these assets was \$25,052,596 and the accumulated depreciation was \$10,774,451. In addition, long-term liabilities, including capital leases, are not due and payable in the current period, and, therefore are not reported as liabilities in the funds. The net effect of including the beginning balances for capital assets (net of depreciation) and long-term debt in the governmental activities is to increase net position.		12,856,525
3 Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of including the 2014 capital outlays and debt principal payments is to increase net position.		902,786
4 The 2014 depreciation expense increases accumulated depreciation. The net effect of the current year's depreciation is to (decrease) net position.		(909,829)
5 Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing eliminating interfund transactions and recognizing the liabilities associated with maturing long-term debt and interest. The net effect of these reclassifications and recognitions is to (decrease) net position.		(63,565)

 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,
 AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED AUGUST 31, 2014

Total Net Change in Fund Balances - Governmental Funds	\$	(374,883)
 The Center uses internal service funds to charge the costs of certain activities, such as self-insurance and printing, to appropriate functions in other funds. The net income (loss) of internal service funds are reported with governmental activities. The net effect of this consolidation is to increase net position.		646,474
 Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of removing the 2014 capital outlays and debt principal payments is to increase net position.		902,786
 Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to (decrease) net position.		(909,829)
 Various other reclassifications and eliminations are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include eliminating interfund transactions and recognizing the liabilities associated with maturing long-term debt and interest. REGION ONE EDUCATION SERVICE CENTER
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED AUGUST 31, 2014

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Region One Education Service Center (the “Center”) is a public educational agency operating under the applicable laws and regulations of the State of Texas. The Board of Directors (“Board”), a seven-member group, has governance responsibilities over all activities related to educational services within the jurisdiction of the Center. The Center prepares its basic financial statements in conformity with generally accepted accounting principles promulgated by the Governmental Accounting Standards Board (“GASB”) and it complies with the requirements of the appropriate version of Texas Education Agency’s *Financial Accountability System Resource Guide* (the “Resource Guide”) and the requirements of contracts and grants of agencies from which it receives funds.

A. REPORTING ENTITY

The Board is elected by the member school boards, which in turn are elected by the public. All powers and duties not specifically delegated by statute to the Texas Education Agency (“TEA”) or to the State Board of Education are reserved for the Board, and the TEA may not substitute its judgment for the lawful exercise of those powers and duties by the Board. The Center receives funding from local, state and federal government sources and must comply with the requirements of those funding entities. However, the Center is not included in any other governmental “reporting entity” as defined by the GASB and there are no component units within the reporting entity.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the Center with the interfund activities removed. *Governmental activities* include programs supported primarily by grants, state foundation funds and other intergovernmental revenues.

The Statement of Activities demonstrates how other people or entities that participate in programs the Center operates have shared in the payment of the direct costs. The “charges for services” column includes payments made by parties that purchase, use or directly benefit from goods or services provided by a given function or segment of the Center.

The Center provides executive, administrative, instructional and business support services in the form of staff development to school districts within the service area. The “grants and contributions” column includes amounts paid by organizations outside the Center to help meet the operational or capital requirements of a given function. Examples include grants through the Department of Education, Department of Health & Human Services, Texas Education Agency, Texas Workforce Commission, Texas Department of Agriculture and Early Childhood Intervention. If revenue is not program revenue, it is general revenue used to support all of the Center’s functions.

Interfund activities between governmental funds appear as due to/due froms on the Governmental Fund Balance Sheet and Proprietary Fund Statement of Net Position and as other resources and other uses on the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balance and on the Proprietary Fund Statement of Revenues, Expenses and Changes in Net Position. All interfund transactions between governmental funds and between governmental funds and internal service funds are eliminated on the government-wide statements.

The fund financial statements provide reports on the financial condition and results of operations for three fund categories - governmental, proprietary, and fiduciary. Since the resources in the fiduciary funds cannot be used for Center operations, they are not included in the government-wide statements. The Center considers some governmental funds major and reports their financial condition and results of operations in a separate column.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All other revenues and expenses are nonoperating.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting, as do the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets, current liabilities and fund balances are included on the balance sheet. Operating statements of these funds present net increases and decreases in current assets (i.e., revenues and other financing sources and expenditures and other financing uses).

The modified accrual basis of accounting recognizes revenues in the accounting period in which they become both measurable and available, and it recognizes expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest and principal on long-term debt, which is recognized when due. The expenditures related to certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources. The Center considers all revenues available if they are collectible within 60 days after year end.

Revenues from local sources consist primarily of workshop fees, co-op consortium membership fees. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available.

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as unearned revenues until related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors sometimes require the Center to refund all or part of the unused amount.

The Proprietary Fund Types and Fiduciary Funds are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable.

D. BASIS OF PRESENTATION - FUND ACCOUNTING

The Center reports the following major governmental funds:

1. **General Fund** - is used to account for financial resources used for general operations. This is a budgeted fund and any fund balances are considered resources available for current operations. All revenues and expenditures not required to be accounted for in other funds, are accounted for in this fund.
2. **GEAR Up** - is used to account for resources restricted to, or designated for the implementation and monitoring of the student's academic progress.
3. **Early Childhood Intervention** - is used to account for resources restricted to, or designated for specific purposes as stipulated within the contract.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

D. BASIS OF PRESENTATION - FUND ACCOUNTING

Additionally, the Center reports the following fund type(s):

Governmental Funds:

1. ***Special Revenue Funds*** - are used to account for resources restricted to, or designated for, specific purposes by a grantor. Federal and state financial assistance generally is accounted for in a Special Revenue Fund. Normally, unused balances are returned to the grantor at the close of specified project periods.
2. ***Debt Service Fund*** - is used to account for resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds in a debt service fund. The Center has no Debt Service Fund.
3. ***Permanent Funds*** - is used to account for donations for which the donor has stipulated that the principal may not be expended and where the income may only be used for purposes that support the Center's programs.
4. ***Capital Projects Fund*** - is used to account for proceeds from long-term debt financing and revenues and expenditures related to authorized construction and other capital asset acquisitions.

Proprietary Fund:

1. ***Internal Service Funds*** - are used to account for revenues and expenses related to services provided to organizations inside the Center on a cost reimbursement basis are accounted for in an internal service fund.

Fiduciary funds:

1. ***Private Purpose Trust Funds*** - are used to account for donations, which have stipulations that the principal may not be expended; and the income earned may only be used for a specific purpose. The Center's Private Purpose Trust Funds are the Region One School Board Association and RGV Association of School Librarians.

E. OTHER ACCOUNTING POLICIES

1. For purposes of the statement of cash flows for proprietary and similar fund-types, the Center considers highly liquid investments to be cash equivalents if they have a maturity of three months or less when purchased.
2. Inventories of supplies on the balance sheet are stated at weighted average cost and they include consumable maintenance, instructional and office items. Supplies are recorded as expenditures when they are consumed.
3. In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term obligations are reported as liabilities in the applicable governmental activities statement of net position.
4. Capital assets, which include land, buildings, furniture and equipment, are reported in the applicable governmental activities columns in the government-wide financial statements. Capital assets are defined by the Center as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

E. OTHER ACCOUNTING POLICIES

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Buildings, furniture and equipment of the Center is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	30
Vehicles	6
Office Equipment	3-5
Computer Equipment	3

5. In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change for future construction needs.
6. When the Center incurs an expense for which it may use either restricted or unrestricted assets, the Center uses the restricted assets first unless unrestricted assets are to be returned if not used within a prescribed amount of time.
7. The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the Center is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:
 - **Nonspendable:** This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact. Nonspendable items are not expected to be converted to cash or are not expected to be converted to cash within the next year.
 - **Restricted:** This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
 - **Committed:** This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by board resolution by the Board. The Board's commitment may be modified or rescinded by a majority vote in a scheduled meeting. Board commitments cannot exceed the amount of fund balance that is greater than the sum of non-spendable and restricted fund balances since that practice would commit funds that the Center does not have. Board commitments must occur before the end of the reporting period with amounts to be determined subsequently.
 - **Assigned:** This classification includes amounts that are constrained by the Center's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board, the Superintendent, or Superintendent's designee.
 - **Unassigned:** This classification includes the residual fund balance for the General Fund. The unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of assigned fund balance amounts.

The order of spending and availability shall be to reduce funds from the listed areas in the following order: restricted, committed, assigned, and unassigned.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

E. OTHER ACCOUNTING POLICIES

7. In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statements element, deferred inflows or resources. This separate financial statements element, deferred inflows or resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

The Center does not have any items that qualify for reporting in either of the above categories in the current fiscal year.

8. Net position represents the difference between assets, deferred outflows (inflows) of resources and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the Center or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
9. The Data Control Codes refer to the account code structure prescribed by TEA in the *Financial Accountability System Resource Guide*. Texas Education Agency requires school districts and service centers to display these codes in the financial statements filed with the agency in order to insure accuracy in building a statewide database for policy development and funding plans.
10. The Center is exposed to various risks of loss related to torts, theft, damage or destruction of assets, errors and omissions, injuries to employees, and natural disasters. During fiscal year 2013, the Center purchased commercial insurance to cover general liabilities. There were no significant reductions in coverage in the past fiscal year and there were no settlements exceeding insurance coverage for each of the past three fiscal years.
11. Indirect expenses are charged upon a service center-wide cost allocation plan, which allocates these costs based upon the number of full time equivalents.

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. EXPLANATION OF DIFFERENCES BETWEEN THE GOVERNMENTAL FUND BALANCE SHEET AND THE GOVERNMENT-WIDE STATEMENT OF NET POSITION

Exhibit C-2 provides the reconciliation between the fund balance for total governmental funds on the governmental fund balance sheet and the net position for governmental activities as reported in the government-wide statement of net position.

One element of that reconciliation explains that capital assets are not financial resources and are therefore not reported in governmental funds. In addition, long-term liabilities, including capital leases payable, are not due and payable in the current period and are not reported as liabilities in the funds. The details of capital assets and long-term debt at the beginning of the year were as follows:

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Capital Assets at the Beginning of Year	Historic Cost	Accumulated Depreciation	Net Value at the Beginning of Year	Change in Net Position
Land	\$ 110,473	\$ -	\$ 110,473	
Buildings & Improvements	14,899,965	(4,680,280)	10,219,685	
Furniture & Equipment	3,469,108	(3,188,260)	280,848	
Capital Leases	5,177,406	(2,905,911)	2,271,495	
Library Books & Media	1,395,644	-	1,395,644	
Change in Net Position				<u>\$ 14,278,145</u>
Long -Term Liabilities at the Beginning of Year			Payable at the Beginning of Year	
Capital Leases			(1,421,620)	
Change in Net Position				<u>(1,421,620)</u>
Net Adjustment to Net Position				<u>\$ 12,856,525</u>

B. EXPLANATION OF DIFFERENCES BETWEEN THE GOVERNMENTAL FUND STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES AND THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

Exhibit C-4 provides a reconciliation between the net changes in fund balance as shown on the governmental fund statement of revenues, expenditures and changes in fund balances and the changes in net position of governmental activities as reported on the government-wide statement of activities. One element of that reconciliation explains that current year capital outlays and debt principal payments are expenditures in the fund financial statements, but should be shown as increases in capital assets and decreases in long-term debt in the government-wide statements. This adjustment affects both the net asset balance and the change in net position. The details of this adjustment are as follows:

Current Year Capital Outlay	Amount	Adjustments to Changes in Net Position	Adjustments in Net Position
Buildings & Improvements	\$ 392,669	\$ 392,669	
Furniture & Equipment	20,449	20,449	
Total Capital Outlay			<u>\$ 413,118</u>
<u>Debt Principal Payments</u>			
Capital Lease Payments	489,668	489,668	
Total Principal Payments	489,668	489,668	489,668
Net Adjustment to Net Position			<u>\$ 902,786</u>

III. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. BUDGETARY DATA

The Board of Directors adopts an “appropriated budget” for the General Fund. The Center is required to present the adopted and final amended budgeted revenues and expenditures. The Center compares the final amended budget to actual revenues and expenditures. The General Fund Budget report appears in Exhibit C-5.

The following procedures are followed in establishing the budgetary data reflected in the general-purpose financial statements:

III. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

1. Prior to August 20th the Center prepares a budget for the next succeeding fiscal year beginning September 1st. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Board is then called for the purpose of adopting the proposed budget. Public notice of the meeting must be given at least ten days prior to the meeting.
3. Prior to September 1st, the budget is legally enacted through passage of a resolution by the Board. Once a budget is approved, it can only be amended at the function and fund level by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings. Each amendment must have Board approval. As required by law, such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year-end. During the year, the budget was amended as necessary. These were no significant budget amendments passed during the 2013-2014 school year.
4. Each budget is controlled by the budget coordinator at the revenue and expenditure function or object level. Budgeted amounts are as amended by the Board. All budget appropriations lapse at year-end.
5. Encumbrances for goods or purchased services are documented by purchase orders or contracts. Under Texas law, appropriations lapse at August 31st, and encumbrances outstanding at that time are to be either canceled or appropriately provided for in the subsequent year's budget.

IV. DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

The funds of the Center must be deposited and invested under the terms of a contract, contents of which are set out in the Depository Contract Law. The depository bank places approved pledged securities for safekeeping and trust with the Center's agent bank in an amount sufficient to protect Center funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

At August 31, 2014, the carrying amount of the Center's deposits (cash, certificates of deposit, and interest-bearing savings accounts included in temporary investments) was \$611,476 and the bank balance was \$1,820,354. The Center's cash deposits at August 31, 2014 were entirely covered by FDIC insurance or by pledged collateral held by the Center's agent bank in the Center's name.

In addition, the following is disclosed regarding coverage of combined balances on the date of highest deposit:

- a. Depository: Lone Star National Bank
- b. The market value of securities pledged as of the date of the highest combined balance on deposit was \$21,099,904.
- c. The highest combined balances of cash, saving and time deposit accounts amounted to \$20,809,335 and occurred during the month of April 2014.
- d. Total amount of FDIC coverage at the time of the highest combined balance was \$250,000.

Center Policies and Legal Contractual Provisions Governing Deposits

Custodial Credit Risk for Deposits – State law requires governmental entities to contract with financial institutions in which funds will be deposited to secure on deposit at the end of each business day. The pledged securities must be in the name of the governmental entity and held by the entity or its agent. Since the Center complies with this law, it has no custodial risk for deposits.

IV. DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

Foreign Currency Risk for Deposits – The Center limits the risk that changes in exchange rates will adversely affect the fair value of a deposit. At year-end, the Center was not exposed to foreign currency risk.

The **Public Funds Investment Act** (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the Center to adopt, implement and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit. Statutes authorize the Center to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) Mutual Funds, (8) Investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the Center to have independent auditors perform test procedures related to investment practices as provided by the Act. The Center is in substantial compliance with the requirements of the Act and with local policies.

The Center’s temporary investments at August 31, 2014, are shown below:

Investment Type	Fair Value	Investment Maturities (in years)			
		Less Than 1	1 to 5	6 to 10	More Than 10
TexPool	\$ 1,537,276	\$ 1,537,276	\$ -	\$ -	\$ -
Texas Class Investment	2,181,929	2,181,929	-	-	-
Lone Star Investment Pool	16,573,627	16,573,627	-	-	-
Total	<u>\$ 20,292,832</u>	<u>\$ 20,292,832</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

Additional policies and contractual provisions governing deposits and investments for the Center are specified below:

Credit Risk – In accordance with state law and the Center’s investment policy, investments in mutual funds and investment pools must be rated at least AAA or have an equivalent rating, commercial paper must be rated at least A-1, P-1 or have an equivalent rating, and obligations of states, agencies, counties, and cities must be at least A or its equivalent. As of August 31, 2014, the Center’s investments in TexPool was rated AAAM by Standard and Poor’s (S&P), Lone Star Investment Pool were rated AAAf-s/t by Standard and Poor’s (S&P), and MBIA was rated AAA/v1+ by Fitch Ratings.

Custodial Risk for Investments – For an investment, this is the risk that, in the event of the failure of the counterparty, the Center will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All investments held by third parties were fully collateralized and held in the Center’s name.

Concentration of Credit Risk – The investment portfolio is diversified in terms of investment instruments and maturity scheduling to reduce risk of loss resulting from over concentration of assets in specific class of investments, specific maturity or specific issuer. As of August 31, 2014, the Center had 81% of its investments in an investment account in its depository bank, Lone Star National Bank. These certificate of deposit were fully covered by eligible pledged securities. The Center had 10% of its investments in TASB investment pools rated AAA as noted above.

Interest Rate Risk – In accordance with state law and the Center’s investment policy, the Center does not purchase any investments greater than five (5) years for its operating funds.

IV. DETAILED NOTES ON ALL FUNDS

A. DEPOSITS AND INVESTMENTS

Foreign Currency Risk for Investments – The Center limits the risk that changes in exchange rates will adversely affect the fair value of an investment. At year-end, the Center was not exposed to foreign currency risk.

B. DUE FROM OTHER GOVERNMENTS

The Center participates in a variety of federal and state programs from which it receives grants to partially or fully finance certain activities. Amounts due from federal and state governments as of August 31, 2014, are summarized below. Some federal grants shown below are passed through the TEA and are reported on the combined financial statements as Due from Other Governments.

<u>Fund</u>	<u>State Entitlements</u>	<u>Federal Grants</u>	<u>Other Governments</u>	<u>Total</u>
General	\$ 29,018	\$ -	\$ -	\$ 29,018

IV. DETAILED NOTES ON ALL FUNDS

C. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund balances at August 31, 2014 consisted of the following individual fund balances:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	General Fund	\$ 222,316
General Fund	Special Revenue Funds	2,621,502
Special Revenue Funds	General Fund	821,875
Capital Projects Fund	General Fund	451,496
Internal Service Fund	General Fund	<u>1,329,045</u>
	Total	<u>\$ 5,446,234</u>

The entire balance of \$5,446,234 resulted from end of year reclasses made between funds.

The following summary briefly summarizes the Center's transfer activity:

<u>Transfer In</u>	<u>Transfer Out</u>	<u>Amount</u>	<u>Purpose</u>
Capital Projects Fund	General Fund	<u>\$ 500,000</u>	Construction
	Total	<u>\$ 500,000</u>	

D. ALLOWANCE FOR UNCOLLECTIBLE ACCOUNTS

As of August 31, 2014, the Center established an allowance for uncollectible accounts in the General Fund for outstanding accounts receivable balances. Management is of the opinion that an allowance in the amount of \$33,139 is adequate to account for accounts receivable that may not be collected. The Center's accounts receivable balance within the general fund consists of \$440,934 with an allowance of \$33,139.

G. COMMITMENTS UNDER LEASES

Capital Leases

The Public Property Finance Act gives the Center authority to enter into capital leases for the acquisition of personal property. Principal repayment requirements due after August 31, 2014, and current principal and interest requirements are recorded in the applicable fund.

The \$4,975,000 lease agreement represents construction improvements to 1) the existing physical plant, in the amount of \$765,000, and 2) a new technology center, in the amount of \$3,799,275 financed under authority provided by Texas Education Code S.8.055. That section authorizes the issuance of debt by a regional education service center. To secure the debt service payments toward the debt obligations used to finance the improvements, the Center has given a ground lease for an 8.055 acre tract on which the technology center was built and is leasing - back (subleasing) the tract of land with the improvements. The transaction is analogous to a mortgage with the rental payments being paid by the Center being similar to mortgage payments. Montalvo & Ramirez, as bond counsel on the transaction, has issued an opinion that the transaction conforms to state law.

The Center refinanced the lease agreement on June 15, 2009 with Lone Star National Bank. The 7-year lease agreement will consist of semi-annual payments of \$250,000 including interest at 5.0% and will be due on June 15 and December 15 of each year. Payments will begin on December 15, 2009 and last payment will be due on December 15, 2016.

Management has indicated that the Center is in compliance with all significant limitations and restrictions. Commitments under capitalized lease agreements for facilities and equipment provide for minimum future rental payments as of August 31, 2014, are as follows:

<u>Year Ending August 31,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2015	\$ 459,021	\$ 40,979	\$ 500,000
2016	<u>462,319</u>	<u>17,446</u>	<u>479,765</u>
Totals	<u>\$ 921,340</u>	<u>\$ 58,425</u>	<u>\$ 979,765</u>

G. COMMITMENTS UNDER LEASES

Operating (Noncapitalized) Leases

Commitments under operating (noncapitalized) lease agreements for facilities and equipment provide for minimum future rental payments as of August 31, 2014, are as follows:

Year Ending <u>August 31,</u>	
2015	\$258,815
2016	194,112
2017	157,307
2018	<u>119,040</u>
Total Minimum Rentals	<u>\$729,274</u>

H. LITIGATION

The Center’s attorney reports no pending or threatened lawsuits, claims or assessments, including civil rights complaints.

I. COMMITMENTS AND CONTINGENCIES

The Center participates in grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the Center has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable may be impaired. In the opinion of the Center, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

J. HEALTH CARE COVERAGE

During the year ended August 31, 2014, employees of the Center were covered by a health insurance plan (the “Plan”). The Center paid premiums of \$532.58 per month per employee to the Plan and employees, at their option, authorized payroll withholdings to pay contributions or premiums for dependents. All premiums were paid to a licensed insurer. The Plan was authorized by Article 3.51-2, Texas Insurance Code and was documented by contractual agreement.

K. PROPERTY INSURANCE AND PERSONNEL BONDS

The Center carries insurance on the building and contents in the amount of \$19,382,389. Valuable papers and records to “Direct Physical loss, replacement cost Business Personal Property” in the amount of \$9,604,831. Vehicles are insured at replacement cost and each vehicle carries property damage and medical liability insurance as required by state law. All employees are bonded for \$100,000 each under blanket coverage. Premiums, although covering periods extending into subsequent years, are recorded as expenditures at the time of purchase.

L. DEFINED PENSION PLAN

Plan Description. The Center contributes to the Teacher Retirement System of Texas (“TRS”), a cost-sharing multiple employer defined benefit pension plan. TRS administers retirement and disability annuities, and death and survivor benefits to employees and beneficiaries of employees of the public school systems of Texas. It operates primarily under the provisions of The Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C. TRS also administers proportional retirement benefits and service credit transfer under Texas Government Code, Title 8, Chapters 803 and 805, respectively. The Texas state legislature has the authority to establish and amend benefit provisions of the pension plan and may, under certain circumstances, grant special authority to the TRS Board of Trustees.

IV. DETAILED NOTES ON ALL FUNDS

L. DEFINED PENSION PLAN

TRS issues publicly available financial report that includes financial statements and required supplementary information for the defined benefit pension plan. That report may be obtained by writing to the TRS Communications Department, 1000 Red River Street, Austin, Texas 78701, by calling the TRS Communications Department at 1-800-223-8778, or by downloading the report from the TRS internet website, www.trs.state.tx.us, under the TRS Publications heading.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. The state funding policy is as follows: (1) The state constitution requires the legislature to establish a member contribution rate of not less than 6.0% of the member's annual compensation and a state contribution rate of not less than 6.0% and not more than 10% of the aggregate annual compensation of all members of the system during the fiscal year; (2) A state statute prohibits benefit improvements or contribution reductions if, as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. State law provides for a member contribution rate of 6.4% for fiscal year 2014-2012, and a state contribution rate of 6.80% for fiscal year 2014, 6.40% for fiscal year 2013 and 6.0% for fiscal year 2012.

State contributions to TRS made on behalf of the Center's employees for the years ended August 31, 2014, 2013 and 2012 were \$1,048,601, 850,365, and \$820,705, respectively.

Medicare Part D. Federal legislation enacted in January 2006 established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. As a result this provision allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive retiree drug subsidy payments from the federal government to offset pharmacy claims paid by TRS-Care on behalf of plan participants. GASB Statement No. 24 requires recognition of these on-behalf payments in the financial statements. Medicare Part D payments made on-behalf of the Center's participants for the years ended August 31, 2014, 2013 and 2012 were \$42,123, \$38,160 and \$36,382, respectively.

M. ACCUMULATED UNPAID VACATION AND SICK LEAVE BENEFITS

At August 31, 2014, the Center had no liability for accrued sick leave or vacation leave.

N. USE OF ESTIMATES IN THE PREPARATION OF FINANCIAL STATEMENTS

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and/or disclosures of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

O. MAINTENANCE OF EFFORT

The amount paid by the Center for employee health care premiums is as follows:

a. Total Center premium paid for health care for 2013-2014		\$	1,689,758
b. Subtract any non-medical expenditures:			
Life insurance	\$	<u>21,801</u>	<u>21,801</u>
c. 2013-2014 Maintenance of Effort		\$	<u><u>1,667,957</u></u>

IV. DETAILED NOTES ON ALL FUNDS

P. SHARED SERVICE AGREEMENTS

The Center is the fiscal agent for a Shared Service Arrangement (“SSA”), which provides assistance to support comprehensive drug use prevention and various comprehensive professional development plans to the member districts listed below. The fiscal agent provides all services. According to guidance provided in TEA’s Resource Guide, the Center has accounted for fiscal agent’s activities of the SSA in a special revenue fund and will be accounted for using Model 1 in the SSA section of the Resource Guide. Expenditures of the SSA are summarized below:

<u>Member Districts</u>	<u>Title II Part A</u>	<u>Title III Part A LEP</u>
Excellence In Leadership Academy	\$ -	\$ 14
Gateway Academy	7,545	-
Harmony Science Academy - Brownsville	-	67

Q. PRIOR PERIOD ADJUSTMENT

The beginning net position on the Statement of Activities, Exhibit B-1, was adjusted by \$6,689,911 for adjustments to unearned revenues for several programs and indirect cost from the Early Childhood Intervention Program. The effect was an increase in net position in the amount of \$6,689,911.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Board of Directors
Region One Education Service Center
Edinburg, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Region One Education Service Center (the "Center") as of and for the year ended August 31, 2014, and the related notes to the financial statements, which collectively comprise the Center's basic financial statements, and have issued our report thereon dated December 11, 2014

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Center's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Center's internal control. Accordingly, we do not express an opinion on the effectiveness of Region One Education Service Center's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Center's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Center's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Center's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Center's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

Board of Directors
Region One Education Service Center
Edinburg, Texas

Report on Compliance for Each Major Federal Program

We have audited Region One Education Service Center's (the "Center") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Center's major federal programs for the year ended August 31, 2014. The Center's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Center's major federal programs based on our audit of types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Center's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Center's compliance.

Opinion on Each Major Federal Program

In our opinion, the Center complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2014.

Report on Internal Control Over Compliance

Management of the Center is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Center's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Center's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEAR ENDED AUGUST 31, 2014

1. For all Federal programs, the Center uses the fund types specified in Texas Education Agency's *Financial Accountability System Resource Guide*. Special revenue funds are used to account for resources restricted to, or designated for, specific purposes by a grantor. Federal and state financial assistance generally is accounted for in a Special Revenue Fund.
2. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Governmental Fund types and Trust Funds are accounted for using a current financial resources measurement focus. All Federal grant funds were accounted for in a Special Revenue Fund, which is a Governmental Fund type. With this measurement focus, only current assets and current liabilities and the fund balance are included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets.

The modified accrual basis of accounting is used for the Governmental Fund types, the Trust Funds and Agency Funds. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual, i.e., both measurable and available, and expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on Long-Term Debt, which is recognized when due, and certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and, accordingly, when such funds are received, they are recorded as deferred revenues until earned.

3. The period of availability for federal grant funds for the purpose of liquidation of outstanding obligations made on or before the ending date of the federal project period extended 30 days beyond the federal project period ending date, in accordance with provisions in Section H, Period of Availability of Federal Funds, Part 3, OMB Circular A-133 Compliance Statement - Provisional 6/97.
