Students who attended more than 90% of their enrolled school days.

### Academic Success

#### ENGLISH LANGUAGE ARTS

Students meeting state grade-level expectations.

#### MATHEMATICS

Students meeting state grade-level expectations.

#### SCIENCE

Students meeting state grade-level expectations.

### School Goals

Green Elementary School is committed to providing high-quality pre-k through fifth grade educational opportunities to our diverse student body. We achieve our goals through challenging curriculum, quality teachers, a supportive principal and an atmosphere that emphasizes communication and cooperation. Together, these four elements create a safe and engaging learning environment in which all students can excel.

### State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2027. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

### Safe & Welcoming Environment

We create a safe and caring environment which fosters learning, health and well-being for children and adults. With the addition of a full time PE and Music program students experience a wide range of educational programs; lowering our chronic non-attendance. In addition, we are addressing student SEL needs through the implementation of Conscious Discipline, Second Steps, Zones of Regulation and the Growing Early Mindsets (GEM) program.

### About Our School

#### BULLYING, HARASSMENT, AND SAFETY POLICIES

Green Elementary has a zero tolerance bullying and harassment policy. We address unkind behavior through restorative practices and the use of mentoring programs. Our school's PE teacher organizes structured recess activities focused on teamwork. Students can also utilize one of the two buddy benches or our school garden to include others in recess activities or problem solve misunderstandings. Our school has a CDS (Child Development Specialist) who visits every classroom every six days. She teaches lessons on socio-emotional needs, conducting oneself with integrity and honesty, among many other topics. We have skills groups for students who are struggling, and we employ a number of strategies for connecting adults and students for positive reinforcement.

#### EXTRACURRICULAR ACTIVITIES

Green on the Run  
Busing to Boys and Girls Club  
After School Music program  
Robotics Club

#### PARENT ENGAGEMENT

Parent partnership is a high priority and essential for students success. We believe that families partnering with their school to create a diverse, supportive community that raises healthy children who are successful in school and life will strengthen the greater Green community. We have an active Parent Booster club that meets monthly to plan monthly family events to build a strong family community at Green Elementary School. As a school, we host events multiple times a year that bring our families together. Many of our families volunteer during the year and/or attend events that take place during the school day.

#### COMMUNITY ENGAGEMENT

The aim of Green Elementary School is to graduate responsible and productive citizens with strong critical thinking and academic skills. We do this by providing a rigorous, dynamic and comprehensive program delivered in partnership with the community. We partner with local business to provide students with learning opportunities in connection with our community: Umpqua Community College, Blue Zone Project, Wild Life Safari, Douglas County Museum, Umpqua Art Center/Art Express, OSU Extension (Nutrition classes, nursing services, dental services), Police and Fire Department, Boys and Girls Club, Douglas Rec, Roseburg Public Library, Kellogg Springs Camp, Elks Lodge, Mercy Kids Foundation Healthy Kids Outreach Program
