School Goals

Phoenix Charter School prides itself on helping all individuals in our community on their 'Journey to Rise Up.' Current goals for the school include strengthening our long-standing, trauma-informed community by continuing our intentional focus on building the personal resiliency of all individuals in our community. Instruction not only seeks high academic standards through a project-based learning approach, but also a focus on career connected skills to prepare youth for the workforce.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2027. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

Phoenix Charter School strives to ensure all students and their families feel welcome in our school community. Our program design has every student linked with at a minimum one adult who knows their story and can support them along their journey. Our 'Journey Support Services' assist the direct needs of students who may benefit from wraparound services. SafeOregon allows for anonymous reporting to reduce bullying and harassment. Affinity Groups empower student voice to craft further safe spaces for student groups.
