

# How Parents Can Check their TK / K Class Cohort

Open Parent Connect portal. On the left-hand side choose the “Class Cohort” module (Arrow 1). The class cohort table will appear (Arrow 2). Then under “Description” look at the last two letters in the code (Arrow 3). It will be either an AM or a PM.

The screenshot shows the ParentConnection portal interface. On the left sidebar, the "Class Cohort" module is selected, indicated by a red arrow labeled "1". The main content area displays a table with the following data:

Class Cohort	Cohort	Description
	AT-010 TK-PM	AT-010 TK-PM

Red arrows point to the "Class Cohort" header (Arrow 2) and the "Description" column (Arrow 3).

## Cómo los padres chequean el cohorte de la clase TK/K

Abra el portal Parent Connect. En el lado izquierdo elija el módulo "Cohorte de clases" (Flecha 1). Aparecerá la tabla de cohortes de clase (Flecha 2). A continuación, en "Descripción" busque las dos últimas letras del código (Flecha 3). Será un AM o un PM.

The screenshot shows the ParentConnection portal interface. On the left sidebar, the "Class Cohort" module is selected, indicated by a red arrow labeled "1". The main content area displays a table with the following data:

Class Cohort	Cohort	Description
	AT-150K-AM	AT-150K-AM

Red arrows point to the "Class Cohort" header (Arrow 2) and the "Description" column (Arrow 3).
