

Dear Stevenson Students,

On February 13th and 14th, Stevenson High School will suspend regular classes to present **Odyssey 2024**, our biennial, school-wide Fine Arts Festival.

Like any late-arrival school day, Odyssey requires attendance. Each day there are five class periods with your regularly scheduled lunch. Rather than attending your semester 2 classes, your day will include various fine arts performances and workshops with over 150 professionals in dance, music, theatre, visual, and media arts.

Students will have the opportunity to participate in an Odyssey course selection process using Infinite Campus to select the following experiences. This includes:

Performances: The performance lineup includes celebrated artists and award-winning entertainers presenting concerts, comedy shows, film festivals, dance performances, author presentations, magic shows, and ARTalks. When you register, we ask you to select 5 performances that interest you. Three of your selections will be a part of your Odyssey schedule.

Workshops: Odyssey workshops are hands-on or participation classes. You will learn and practice the basics of an art form or create a project. No experience is required for Odyssey workshops; all are beginner-level. When you register, we ask you to select 7 art areas that interest you. At least 4 of your selections will be a part of your Odyssey schedule. Most students will also receive one *Wild Card* class that they did not select.

Throughout Odyssey, we hope you will embrace adventure and connect with art forms that teach, inspire, strengthen, and entertain us as individuals and as a community.

The arts offer significant benefits for both our minds and our social interactions. They enhance our well-being and give us a platform to express our personal stories, cultural heritage, and creative ideas. While our Odyssey program is short, we envision a future where every SHS student engages in the arts throughout their lives.

Odyssey 2024 is here! We hope you have an exceptional experience!

Sincerely,

Jon Grice (Director of Fine Arts) and Amanda Peterlin (Fine Arts Manager)
