Required textbooks are provided at no cost to the student but must be returned to the school, in good condition, or a lost textbook fee will be assessed. The student is responsible for the textbook affiliated costs for licensing fees or electronic media access which are password protected or are one-time access codes and cannot be returned to the school as its property for reissue to another student.

Any courses registered for, or grades received, become a permanent part of the student's high school and college record. Students are expected to be aware of the drop/add/withdrawal deadlines for each of their courses. If they do not meet the deadline, the school must be reimbursed for the cost of the course.

If a student of any age enrolls in a postsecondary institution, the rights under FERPA transfer to them. Students who wish to give permission to their parents to access their academic, financial, and/or registration records will be required to submit a FERPA release form to the admission department. HCC will not provide information to a parent or allow them to register a student for classes in absence of the student unless the student has already submitted a release form.

All Dual Enrollment paperwork must be received by HCC prior to the first day of the term in which the student wishes to register. Failure to register at least two weeks prior to the beginning of the term may affect course availability and access to textbooks.

Sincerely,

Riverview Academy Administration
