A. Superintendent’s Report

Emergency Responder Tax Relief

Mr. Clancy presented the results of research he and Mr. Barretta completed with the assistance of Oneida County. The purpose of considering the tax relief proposal is to serve as a recruitment and retention incentive for agencies who are struggling. Active members must meet specific criteria to qualify. It is estimated that an emergency responder would receive a 10% tax reduction, which would increase tax rates for other property owners by about $.03 per $1000 of the assessed property value, or an average of $3.50 per household for a $150,000 assessment. The recommendation is that the District adopt the parts of the proposal that benefit active members with more than 2 years of service and unremarried spouses of volunteers killed in the line of duty. A public hearing and potential adoption will be held on December 19. It was noted that the Clinton and Clark Mills Fire Departments play an active and responsive role in District safety and activities.

Mr. Clancy reported that NYSED just released a report from the Blue Ribbon Commission with updated recommendations about new graduation measures, which have remained unchanged for some time. After holding meetings throughout the state, the NYSED Blue Ribbon Commission
identified four areas needing revision. In their final report, the Commission made twelve recommendations to the Board of Regents for consideration. It is expected that feedback and recommendations will be received in the spring of 2024.

Pupil Personnel Services Department Goals
Mr. Clancy began by briefly reviewing the work that has been done to identify District and Building goals and objectives. Mrs. Elizabeth Dougherty, Director of Pupil Personnel Services, then described, for this department, specific strategies, programs and resources that will be implemented toward fostering equity, inclusivity, better communication, and clear expectations. A Special Education Plan and Handbook are being developed.

Athletic Department Goals
Similarly, Mr. Robert Bentley, Director of Athletics, Safety and Wellness, spoke about plans to review athletic philosophy, policies and procedures; foster an interactive, holistic school community; balance athletic and academic achievement and synchronize schedules; and employ evidence based decision making regarding program offerings. Both the Wellness and Safety Teams will ensure policy execution. The APP process will be reviewed.

Mr. Clancy added that he has been engaged in ongoing discussion with both Mr. Waskiewicz and Mr. Bentley during their time in the Athletic Department. Questions will be addressed by the Athletic Parnership Council.

Administrators Reports
Elementary Principal Mr. Eddie Waskiewicz informed the Board about recent building activities. Thank you to the Clinton and Clark Mills Fire Departments for a successful Fire Safety Day. Fifty veterans were recognized with songs and speeches during a meaningful Veterans Day celebration. Mr. Moshier, father of teacher Rebecca Stilz, served as the guest speaker, and District parent Mark Bolos honored Veterans by performing an original song.

Mr. Clancy, in Middle School Principal Dr. Shaun Carney’s absence, reported that 6th grade students participated in a democratic process to select the official tree, bird and flower for Oneida County. Middle School Student Council members assisted elderly community members with fall yard clean up. This initiative was organized by the Oneida County Youth Bureau.

Dr. Matthew Lee, High School Principal, reported that physics students in Mr. Bashant’s class have been building hovercrafts using everyday products. Hamilton College student Maggi Maselli is leading the unit as part of her senior thesis.
