ASBESTOS MANAGEMENT PLAN ANNUAL NOTICE OF AVAILABILITY

To Staff, Parents/Guardians, and Students:

This notice serves to fulfill annual notification requirements in accordance with Section 763.93 of the *Asbestos Emergency Response Act* (AHERA). AHERA requires that all school buildings be visually inspected by accredited inspectors to identify all asbestos-containing building materials (ACBM) that may be present in the school environment. As required under AHERA, SAU 41 must maintain an Asbestos Management Plan (AMP) and keep the AMP on file at the school, and the School Administrative Unit Office. The AMP is available for review Monday through Friday, 8am to 4pm.

Periodic surveillance of known asbestos in SAU 41 Buildings is performed every six months by a designated person to assess the condition of the ACBM. Six-month Assessment Results are maintained and are also available for review in the AMP.

For additional information, please contact our Local Educational Agency Designee, Lance Finamore at 603-324-5999, Ext 5022, or lance.finamore@sau41.org.

Lance Finamore
