Lampeter Elementary Title I Reading Program

- Reading Assistants are currently pulling out small groups of students for 30-45 minutes per day on 5 out of 6 cycle days. Group sizes are currently 2-5 students per teacher.
- Skills-based groups were created to meet the needs of the students. The assistants monitor student progress regularly. Collaboration with the classroom teacher and program specialists occurs in variety of formats.
- Student progress will be discussed with the classroom teacher and communicated to families through mid-trimester progress reports. Conferences will be offered in the winter and spring.

Please contact us
with any questions.

- Benchmark testing, further assessments, and feedback from classroom teachers allowed us to identify students who qualify for Title I Reading intervention support.
- Intervention groups meet 5 out of the 6 day cycle for 40 minutes during the designated intervention time.
- Students are instructed using research-based intervention programs that support skill development in reading.
- Students are progress monitored regularly.
- Student progress will be discussed with the classroom teacher and communicated through mid-trimester progress reports and parent/reading assistant conferences during the winter and spring.

Hans Herr Elementary Reading Assistants

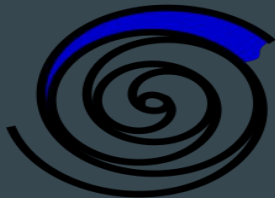

Mrs. Kari Burkhart

Mrs. Jessica Braiterman

Mrs. Carla Major

Martin Meylin Middle School Title I Reading Program

- Meet twice a cycle week during the FLEX period
- Work on reading strategies to process and deepen understanding
- Look at diagnostic data & performance tasks to monitor progress
- Receive a written report at the end of each marking period rather than a grade

Please contact me with any questions.

Martin Meylin Middle School Reading Assistant

Mrs. Tara Horner

Lampeter and Hans Herr Title I Math Program

Math Assistants:

- Work with small groups of students every other day for 20-25 minutes
- Address a variety of math skills and prerequisite skills so students can access grade level content
- Use intervention best practices that support our Math Expressions program
- Follow a CRA (concrete, representational, abstract) model
- Deliver a written progress report in between Trimesters 2 and 3

Please contact me with
any questions.
