This handbook is provided to students and their families to acquaint them with the rules, regulations, procedures, and other relevant information necessary for the orderly functioning of the school. The provisions of this handbook are not to be considered as irrevocable contractual commitments between the school and the student. Rather, the provisions reflect the current status of the rules, practices, and procedures as currently practiced. The handbook is only a summary of board policies governing the district. Board policies are available to the public at the district office and website. This handbook, and any revisions, will be available on the district website ([www.gcsd9.net](http://www.gcsd9.net)).

It may become necessary from time to time to review and revise parts of this handbook. Students will be notified of any changes. Parents or students are always welcome to make recommendations and suggest changes in writing. Any suggestion will be reviewed at the end of the school year.

If a problem does arise, the following is the chain-of command, which should be followed in solving the problem: (Please do not skip a step.)

1. Person involved (teacher, counselor, etc.)
2. Assistant Principal
3. Principal
4. Superintendent
5. Board of Education

We hope that you will carefully read the Student Handbook we have provided. The policies and procedures outlined in this handbook apply to all school-sponsored events and activities. If you familiarize yourself with the school policies in this handbook and act accordingly, you should have a successful year. **We will ask that the parents review the Student Handbook with their child.**

Granite City School District provides another line of communication with parents, students, community, and staff through the use of the internet. The District website, [www.gcsd9.net](http://www.gcsd9.net), provides valuable information regarding important happenings in and around the school district. Also available to parents is the Skyward Student Information System. The parent access, located at <http://parent.gcsd9.net>, allows parents to view their children's grades, attendance, and communicate with teachers, all in real time. **We highly recommend using e-mail and accessing Skyward as ways to obtain up-to-date information about your child. The importance of using these forms of communication is imperative due to the fact we will no longer be mailing information such as progress reports.**

**EQUAL EDUCATIONAL OPPORTUNITIES:** (Policy 7:10) Equal educational and extracurricular opportunities shall be available for all students without regard to color, race, nationality, religion, sex, sexual orientation, ancestry, age, physical or mental disability, gender identity, status of being homeless, order of protection status, actual or potential marital or parental status, including pregnancy. Further, the District will not knowingly enter into agreements with any entity or any individual that discriminates against students on the basis of sex or any other protected status, except that the District remains viewpoint neutral when granting access to school facilities under School Board policy 8:20, *Community Use of School Facilities*. Any student may file a discrimination grievance by using Board policy 2:260, *Uniform Grievance Procedure*.

Sex Equity: No student shall, based on sex, sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

The Superintendent and Building Principal shall use reasonable measures to inform staff members and students of this policy and grievance procedure.

**PUBLIC NOTICE OF NON-DISCRIMINATION PROVIDED FOR UNDER SECTION 504 OF THE REHABILITATION ACT AND/OR TITLE IX OF SEX EQUITY ACT**

Granite City Community District #9 herein provides notice of non-discrimination due to the presence of handicapping conditions or with respect to the individual's gender. This policy of non-discrimination applies to any of its policies, rules, regulations, and/or administrative procedures that concern admission, access to, or employment in, its programs and activities.

All grievances, inquiries and/or questions concerning discrimination related to a handicapping condition should be sent to the Director of Region I, Special Education, 3200 Maryville Road, telephone number 451-5800.

All grievances, inquiries, and/or questions concerning discrimination related to sex equity should be directed to the Director of Personnel, 3200 Maryville Road, telephone number 451-5800.

**MEDIA EXCLUSION FORM:** Occasionally the media visits the school as part of a story on school activities or other general news. Parents have a right to complete a Media Exclusion Form to have their child excluded from such coverage. Parents wishing to complete this form must contact the principal, and must complete the form on an annual basis. This includes the District's web page and school yearbook.

## **SCHOOL INFORMATION**

### **ADMISSION PROCEDURE/District Enrollment (Policy 7:50)**

Granite City families must register their children **EACH YEAR** prior to the start of school. This involves updating residency information, emergency contact information, and health information. Health information may include proof of disease immunization or detection and the required physical exam, as required by State law and Board Policy 7:100.

Parents/guardians of students enrolling in the District for the first time must present:

- Two Proofs of Residency Documents – tax bill or utility bill (power, water, sewer, trash, etc.)
- One Verification Identification – driver’s license, state ID card, voter’s registration card, or Public Aid Card and must show current address.
- Certified Birth Certificate (hospital certificate is not acceptable)
- Court Documents – if applicable (i.e. guardianship, orders of protection, name change)
- Social Security Number of the student needed only at the time of initial enrollment into the district
- Illinois Student Transfer Form if enrolling from another Illinois school district
- Proof of disease immunization or detection and the required physical examination, as required by State law and Board policy 7:100.

### **ATTENDANCE**

Attendance is a critical component of your child’s academic success. Being at school on time and everyday ensures that your child will participate in engaging lessons that will foster their learning over the course of the school year.

**When absent for ½ hour or more, parents should contact the main office prior to 8:30 am. If you do not call, an automated call will be made to contact you at home or your place of employment. If phone contact is not made by you to the school, a note verifying the reason for the absence should be submitted to the main office upon your child’s return.**

**ATTENDANCE CORRECTION FORM:** If the student, parent, or guardian feels that there has been an error in the taking of attendance throughout the school day an “Attendance Correction Form” must be picked up from the main office the following day by the student. That student will take the form to the teacher to sign-off and verify the correct action and the student will return the form to the main office.

### **AUDIO/VISUAL SURVEILLANCE**

All public areas, including the office area and school buses, are subject to audio and video surveillance and recording.

### **DROPPING OFF AND PICKING UP STUDENTS**

The front parking lot is reserved for Bus traffic only between 7:00 AM and 8:00 AM and 1:30 PM and 2:30 PM on regular school days. It is reserved for Bus traffic only between 7:00 AM and 8:00 AM and 10:30 AM and 11:30 AM on scheduled half days. Please use the side parking lot to drop off and pick up students during the times stated above.

## **EARLY DISMISSAL**

Parents/guardians or individuals listed as an Emergency Contact picking up their child early from school **must sign the dismissal log and have a Photo I.D. available in order for the child to be dismissed. A copy of the ID may be made and kept on file in the office.**

NOTE: The parent/guardian will be notified for verification and authorization of student dismissal even if the individual picking up the student is on the Emergency Contact list. This process will occur each time a student is being dismissed.

A parent/legal guardian who has sole custody of a child should make that information known to the principal. **A copy of the court order must be included in the student's permanent record to insure that the child is not dismissed to someone who does not have custody or authorization.**

## **EMERGENCY CONTACT INFORMATION**

It is the parent's responsibility to keep the emergency information updated with any changes. This occurs on an annual basis as part of the district-wide registration process, but can be updated throughout the year by the parent.

Each student is required to have on file emergency contacts that list, in addition to the family physician, the name of relatives or friends we may call in the event a student is ill or injured and the parent cannot be reached by phone.

## **RELEASE TIME FOR RELIGIOUS INSTRUCTION/OBSERVANCE (Policy 7:80)**

A student shall be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the Building Principal at least 5 calendar days before the student's anticipated absence. This notice shall satisfy the District's requirement for a written excuse when the student returns to school.

## **SCHOOL CLOSING**

Notification shall be given via automated phone system, to all of the major radio and television stations in the area, along with the public access channel on TV, and the district website at [www.gcsd9.net](http://www.gcsd9.net). Such announcements shall serve as sufficient notice to all pupils and employees that school is not scheduled. Please do not call the school office for closing information as we need those lines for other communications.

## **SCHOOL DAY SCHEDULE**

Students may enter the building by the main doors in front of the school after 7:00 AM. Students are offered breakfast to eat in the cafeteria then report to the gymnasium. At 7:24 AM the bell will ring for students to report to 1<sup>st</sup> hour. At 7:30AM 1<sup>st</sup> hour will begin. During the day students are expected to abide by the classroom rules of each teacher and the building wide rules and consequences that govern student behavior. Students must leave the school grounds immediately following the dismissal bell at 2:15 PM unless they are taking part in a scheduled school activity.

## **SCHOOL IDENTIFICATION CARDS**

Students will be issued an ID card at the beginning of the school year after pictures are taken. This ID is vital to students with regard to school lunches, transportation, and attendance at extra- curricular events. Students receive one free ID per school year.

## **TRANSPORTATION**

The District shall provide free transportation for any student in the District who resides: (1) at a distance of one and one-half miles or more from his or her assigned school, unless the School Board has certified to the Illinois State Board of Education that adequate public transportation is available, or (2) within one and one-half miles from his or her assigned school where walking to school or to a pick-up point or bus stop would constitute a serious hazard due to vehicular traffic or rail crossing, and adequate public transportation is not available. A student's parent(s)/guardian(s) may file a petition with the Board requesting transportation due to the existence of a serious safety hazard.

Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal. Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other acts of gross disobedience or misconduct.

Free transportation service and vehicle adaptation is provided for a special education student if included in the student's individualized educational program. Homeless students shall be transported in accordance with the McKinney Homeless Assistance Act.

## **TRUANCY (Policy 7:70)**

Absences from school are not in the best interest of the child, the family, the school, or the community. Student attendance is critical to the learning process. Truancy, therefore, is a serious issue and will be dealt with in a serious manner by the school and district. The city ordinance on truancy will be enforced. **Students who miss 5% or more of the prior 180 regular school days without valid cause (a recognized excuse) are considered chronic truants.** Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue. If chronic truancy persists after support services and other resources are made available, then school and district will take further action, including:

- Appropriate school discipline
- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act and/or City Ordinance
- Referral to the State's Attorney

## **VACATION**

You are encouraged to plan your vacation when school is not in session as attendance is vital to academic success. Please contact the school principal and inform him/her of your intent if your vacation unavoidably coincides with school. This will allow teachers to be notified and arrangements to be made. This must be done no less than 2 weeks in advance.

## **ACADEMIC INFORMATION**

### **CHROMEBOOKS**

All GCSD9 students have been or will be issued a district Chromebook. As indicated on the waiver, students are responsible for these Chromebooks and will be charged if they are lost or damaged. These Chromebooks are expected to be brought to school fully charged every day. Students are expected to use these for school related purposes only and usage will be monitored at the school and district level via iBoss software. Inappropriate use of the Chromebooks can result in discipline and possible confiscation. Incidents will be reviewed on a case-by-case basis.

### **ACADEMIC SUPPORT NETWORK**

Coolidge Jr. High School offers a free tutoring service once or twice a week designed to provide further support in helping students achieve academic success. Tutoring or homework assistance services are provided in the core subject areas of Mathematics, Language Arts, Science, and Social Studies. The tutors are certified teachers from CJHS who run the program and assist students. Once started, the program is held after school from 2:20pm-3:20pm. Transportation is not provided. Information is available in the main office.

### **ACCELERATED PROGRAMS**

Coolidge Jr. High School offers an accelerated program in Mathematics, Language Arts, and Science for both 7<sup>th</sup> and 8<sup>th</sup> grade students. The accelerated courses are specifically designed to prepare students for accelerated courses at the High School as well as secondary honors courses at the High School. Students are invited in to the program based on specific criteria related to Grade Point Average (G.P.A.), performance on standardized tests, and teacher recommendation.

#### **ACCELERATED CLASS TRANSFER NOTIFICATION**

1. If a student in an accelerated class is earning a "D" or "F" by the fifth week of school, it is strongly recommended that the parent meet with the teacher to discuss moving to a non-accelerated section of that subject.
2. Up to the end of the nine-week grade period students with low and/or failing grades in accelerated classes may be moved, but will not be moved beyond this point until the quarter ends.
3. Students who are given an opportunity to move to a regular section, but choose not to do so, will receive the grade that they earned at the end of the quarter. REMEMBER: a grade of "D" or "F" in an accelerated class is not a weighted grade, i.e. a "D" is calculated as a regular "D."
4. If a student in an accelerated class is earning a "D" or "F" at the end of the grading period (7<sup>th</sup> grade year or 1<sup>st</sup> semester 8<sup>th</sup> grade year), then the student will be removed from the accelerated class and be placed in a regular level class.

### **CHEATING**

Students who cheat on class assignments are subject to discipline according to the individual classroom teacher's rules. Cheating is unacceptable and reflects poorly on the student.

### **CLASS TRANSFER GUIDELINES**

Students will not be allowed to switch classes for preference sake. Schedules are assigned to students based on availability determined by administration and the guidance department. Schedules will not be adjusted based upon parent or student request.

### **CONFERENCE/REPORT CARDS (Policy 6:110)**

Days are set aside in the school year for parent/teacher conferences. These days are listed in the school calendar. Information will be sent home with your child by their teacher. Report cards are issued (4) times per year. Students will receive in all subjects, a letter grade of A, B, C, D, or F; except ½-hour Band will be pass/fail.

### **CURRICULUM (Policy 6:60)**

Curriculum content follows District Policy 6:60.

### **EDUCATION OF CHILDREN WITH DISABILITIES (Policy 6:120)**

The School District shall provide a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the District, as required by the Individuals with Disabilities Education Act (IDEA) and implementing provisions of The School Code, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act. The term “children with disabilities,” as used in this policy, means children between ages 3 and 21 (inclusive) for whom it is determined, through definitions and procedures described in the Illinois State Board of Education’s *Special Education* rules, that special education services are needed.

It is the intent of the District to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

### **ENGLISH LANGUAGE LEARNERS (Policy 6:160)**

The District offers opportunities for resident English Language Learners to develop high levels of academic attainment in English and to meet the same academic content and student academic achievement standards that all children are expected to attain. Parents/guardians of English Language Learners will be: (1) given an opportunity to provide input to the program, and (2) provided notification regarding their child’s placement in, and information about, the District’s English Language Learners programs.

### **GRADING PROCEDURES**

The following serves as a guideline that teachers follow regarding student tests and course work:

- A = 90% -100% = represents excellent work
- B = 80% -89% = represents above average work
- C = 70% -79% = represents average work
- D = 60% -69% = represents below average work
- F = 59% or below = represents a failing grade

\* Accelerated ELA, Math, and Science grades of A, B, or C are calculated in a student’s GPA at one point higher than the standard grade weight. A=6; B=5; C=4.

R = Pass

X = Fail

**Special Note:** The grades earned over the course of a student's seventh and eighth grade school years are valuable beyond understanding where the student's strengths and weaknesses are academically. A student's Junior High G.P.A. is utilized in determining placement for the appropriate High School classes as well as one component used to determine placement in the Secondary Honors Program at the High School. A student's G.P.A. is also utilized as one component for acceptance into the Accelerated Math, Language Arts, and Science Programs and National Junior Honor Society at the Jr. High School.

## **HOMEWORK**

Teachers will have established procedures regarding classroom and homework expectations and will notify parents at the start of the school year. Homework that is assigned is expected to be completed because it supports learning. Failure to do homework will result in grades being lowered and possible failure. If a student consistently refuses to do his/her homework, parents will be contacted by teachers and requested to come to the school for a conference. Teachers and parents may at any time draw up a homework contract that stipulates a disciplinary consequence. Anyone who expects to achieve must practice his or her skills.

## **MAKE-UP WORK AND ASSIGNMENTS DUE TO AN ABSENCE**

1. Students will always be allowed to make-up work or re-take tests they have missed because of **excused absences**. Students will have the same amount of days to make-up the missed work as they have missed days (i.e. absent 3 days = 3 make-up days).
1. For students who have unexcused absences, it is at the teacher's discretion whether to allow the student to make up work or credit it for a grade.
2. After three (3) days excused absences, please contact the main office to arrange for homework assignments from teachers. This request should be made by 8:00 a.m. for same day homework pick-up.

## **ILLINOIS LEARNING STANDARDS**

The Illinois Learning Standards are statements which define a core of essential knowledge and skills that all Illinois students enrolled in public schools are expected to know and be able to do. Standards-based education uses standards to help educators and their communities identify explicitly what students must know and be able to do. It brings what is to be learned into focus and holds learning as a constant while treating other traditional constants (time, location, instructional materials, etc.) as variables. Having standards does the following:

- Set uniform high expectations for all students;
- Provide a basis for equal opportunity to learn;
- Clarify the intended results of schooling for all audiences;
- Ease transitions for students who move from school to school and from grade to grade;
- To specify exactly what will be assessed in order to return more useful information about student achievement;
- To establish criteria for a meaningful accountability system;
- To provide a foundation for defining the knowledge and skills teachers need in order to provide instruction for students.

The Illinois Learning Standards are available on the Illinois State Board of Education website at <http://www.isbe.net>. Copies are also available at all public schools and public libraries.

## **INTERVENTION CURRICULUM AND PROGRAMS**

Coolidge Jr. High School offers a variety of curricular programs designed to assist students in making positive choices as it relates to their social and emotional health.

- Multi-Tiered System of Support (MTSS) framework guides development of school-wide programs and a continuum of supports, which may utilize some of the interventions listed below, as well as others specifically suited to the needs of individual students. MTSS is a systematic, prevention focused and data-informed approach designed to be responsive to the needs of all learners.
- Social-Emotional Learning (SEL) resources and interventions include:
  - Partnership with outside agencies to implement Life Skills education for our 7<sup>th</sup> grade students.
  - Guidance counselor, social workers, and a nurse that can help students with social/emotional needs. In addition, our social workers can assist families with resources available outside of school and in the community and surrounding communities.
  - Chestnut Health Services counseling opportunity at school.
  - Guest speakers and special programs are scheduled throughout the year.
  - RethinkEd- Online Social-Emotional Learning (SEL) program is utilized in study halls and elsewhere, as applicable.

## **NATIONAL JUNIOR HONOR SOCIETY**

The National Junior Honor Society is one of the oldest and most respected student recognition organizations in the United States. Membership in NJHS distinguishes students who have committed themselves to the pursuit of academic excellence, community improvement, and personal development. NJHS focuses on service, leadership, and character which help students build the skills and relationships that will ensure success throughout their academic years and beyond.

NJHS is more than just an honor roll. The following criteria will be used:

1. Scholarship – have and maintain a minimum of a 4.5 cumulative G.P.A.;
2. Service – Student actively participates in at least three unpaid service/community activities;

## **ELEMENTARY AND SECONDARY EDUCATION ACT COMPLIANCE (Policy 6:170 & 5:190)**

As a parent of a student in the Granite City School District, you have the right to know the professional qualifications of the teachers who instruct your child and the paraprofessionals, if any, who assist them. Federal law allows you to request the following information about your child's classroom teachers and their paraprofessional assistants, if any:

- Whether the teacher has met State licensure requirements,
- Whether the teacher is teaching under any emergency permit or other provisional status by which state licensing criteria have been waived,
- The teacher's college major,

- Whether the teacher has any advanced degrees and, if so, the subject of the degrees, and
- Whether any teachers' aides or paraprofessionals provide services to your child and, if so, their qualifications.

If you would like to receive this information, please call the Personnel Department at 451.5800.

### **PLACEMENT AND PROMOTION OF STUDENTS (Policy 6:280)**

The professional staff at Coolidge Junior High School, in compliance with District #9 Board of Education Policy 6:280, will notify parents and/or guardians throughout the school year of the potential retention of your child at the end of 1<sup>st</sup> semester, the end of 3<sup>rd</sup> quarter, and the final determination at the end of 2<sup>nd</sup> semester.

Several criteria are reviewed when determining whether or not retention is appropriate for the student. Criteria include: attendance, physical and social emotional growth, grades based on classroom performance, and total number of credits earned throughout the school year.

Students must earn at least 60%, rounded to the nearest .5 credit, of the credits taken in order to be promoted to the next grade level. Each student has the ability to earn 3.0 credits per semester for a total of 6.0 credits for the school year.

Students should not rely on a summer remediation program in order to promote to the next grade level. There is no guarantee that the district will approve a Junior High School Summer Program. This is evaluated on a year to year basis.

### **PROGRESS REPORTS**

Academic reports are given to students at pre-designated intervals throughout the school year, approximately the 5<sup>th</sup> week of the quarter, the end of the quarter/semester. Parents are encouraged to track their child's academic progress through Parent Access to Skyward.

### **SCHOOL RECORDS (Policy 7:15, 7:340; Illinois School Student Records Act; FERPA)**

School student records are confidential and information from them shall not be released other than as provided by law. Any record that contains personally identifiable information or other information that would link the document to an individual student is a school student record if maintained by the District. State and federal law grant students and parent/guardians certain rights, including the right to inspect, copy, and challenge school records. Notify the building principal for questions regarding this matter.

### **STUDENT BIOMETRIC INFORMATION (Policy 7:340)**

Before collecting biometric information from students, the school must seek the permission of the student's parent/guardian. Biometric information means information that is collected from students based on their unique characters, such as a fingerprint, voice recognition or retinal scan.

### **SKYWARD**

The parent access, located at <http://parent.gcsd9.net>, allows parents to view their children's grades, attendance, lunch expenses, and communicate with the teacher, all in real time. Download the form from the district website or pick one up in the main office. The web address for our district page is: [www.gcsd9.net](http://www.gcsd9.net). A link to the Junior High School is located on the home page.

### **SPECIAL EDUCATION (Policy 6:120)**

The District provides special classes, resources, and itinerant services to the disabled population. In addition, support services such as physical occupations, and speech therapy are provided. To receive these services, a child must be referred for screening or testing by parents, teachers, or other staff members. Once parent permission is received, and a case study is completed, the child will be evaluated by a school psychologist. If it is determined that the child meets guidelines established by the state and federal government, a staffing is held with all individuals involved, including the parents, to determine the appropriate placement for the child. The student's program is reviewed each year and re-evaluated every three (3) years.

Any questions relevant to the disabling condition should be directed to the Director of Region 1 Special Education, 3200 Maryville Rd., Granite City, IL 62040 (618.451. 5800).

**TESTING INFORMATION** (Policy 6:340)

The District student assessment program provides information for determining individual student achievement and instructional needs; curriculum and instruction effectiveness; and school performance measured against District student learning objectives and statewide norms. Overall student assessment data on tests required by State law will be aggregated by the District and reported, along with other information, on the District's annual report card. Board Policy 7:340, *Student Records*, and its implementation procedures govern recordkeeping and access issues.

The Illinois State Board of Education has implemented a new assessment that began during the 2018-19 school year: **Illinois Assessment of Readiness (IAR)**. Information about the new assessment, as well as helpful resources are available for parents at the link below.

<https://www.isbe.net/iar>

It is essential that parents make every attempt to see that their children are in attendance during the testing dates. There is one testing window during 2<sup>nd</sup> semester. It is important students they have had an adequate amount of sleep before coming to school. Parents should make every effort to avoid scheduling any activity requiring extended leave, i.e., vacations or non-emergency events during these testing periods.

Testing results from 7<sup>th</sup>/8<sup>th</sup> grade is part of the criteria utilized to determine selection into the Secondary Honors Program and/or accelerated classes at Granite City High School. In addition, testing results from 5<sup>th</sup> and 6<sup>th</sup> grade is part of the criteria utilized when placing students into the accelerated Math, Language Arts, and Science classes at the Junior High School.

### **ATHLETICS**

Students who wish to participate in interscholastic sports must first turn in a parent permission form **and have an annual physical examination by a licensed physician**. The parent permission form must be filled out for each sport a student will participate in and then turned into the coach, and the physical exam is good for one calendar year and must be turned into the nurse. Thirty minutes after the conclusion of practice or of an event, all students must be out of the building/off the premises. The custodian will lock all doors at that time. Students who need to wait longer than thirty minutes should make arrangements to be picked up elsewhere. The only students permitted to be in the building during practices are those students actually participating in that sport. Students will not be permitted to wait for their friends who are at practice. Students not involved in a practice or attending a game must leave the building after the dismissal bell at 2:15 p.m.

**Special Note:** 5<sup>th</sup> and 6<sup>th</sup> grade students are allowed to try out for the wrestling program as directed by the head coach. This is a unique situation regarding weight classes. 5<sup>th</sup> and 6<sup>th</sup> grade students are not allowed to try out for any other Jr. High sports program.

**Note:** In accordance with Policy 7:305, the District shall develop and implement a program to manage concussion and head injuries suffered by students and athletes at school or school events.

### **ACTIVITY FEES**

The Board of Education has set the fees for the school year as follows:

**Athletic Fee** - \$50 per sport (maximum of \$100 per student)

**Band Fee** - \$50 for the year

**NOTE:** All fee payments are to be processed in the main office. Any participant in an activity, who does not pay their activity fee prior to the start of the season, will be ineligible to participate in games or receive a uniform. This also applies to cheerleading. Band students will be excluded from participation in any non-graded extra-curricular activities or competitions. Please note, the new CEP lunch option (see page 19) does not exempt students from the extracurricular fees if they are a participating member of one of the athletic teams or the band. If a family believes they would still meet the qualifications for these fees to be waived, the family must complete a Household Income Form, unless they are eligible with direct certification.

### **CODE OF CONDUCT FOR EXTRACURRICULAR ACTIVITIES (Policy 6:190, 7:240)**

The Superintendent or designee, using input from coaches and sponsors of extracurricular activities, shall develop a conduct code for all participants in extracurricular activities consistent with School Board Policy. The conduct code shall: (1) require participants in extracurricular activities to conduct themselves as good citizens and exemplars of their school at all times, including after school, on days when school is not in session, and whether on and off school property, and (2) notify participants that failure to abide by it could result in removal from the activity. The conduct code shall be reviewed by the Building Principal periodically at his/her discretion and presented to the Board.

All coaches and sponsors of extracurricular activities shall annually review the rules of conduct with the participants and provide participants with a copy. In addition, coaches and sponsors of interscholastic athletic programs shall provide instruction on steroid abuse prevention to students in grades 7 through 12 participating in these programs.

**CONCUSSIONS AND HEAD INJURIES (Policy 7:305)**

The District shall develop and implement a program to manage concussions and head injuries suffered by students. This includes a return-to-play protocol and a return-to-learn protocol governing a student's return to athletics practice/competition and the classroom following a force of impact believed to have caused a concussion.

Staff are required to complete training in dealing with students who have suffered a concussion. The school nurse will coordinate with the student's doctor with regard to treatment protocols at school and athletic activity and communicate with teachers and coaches. If there are any questions pertaining to concussion management, parents can contact the school nurse at 451-5826.

**ELIGIBILITY—EXTRACURRICULAR ACTIVITIES (Policy 6.190, 7:240)**

To be eligible to participate in extracurricular activities, students must maintain certain academic standards. A student must be passing all courses in order to maintain eligibility for their activity. An ineligible student may still participate in practice or attend meetings provided they work with their teachers to bring the failing grade up and take responsibility for their grade. It will be the coach's and/or the club sponsor's responsibility to ensure that the above eligibility standards are upheld.

**SPECIAL NOTICE**

Eligibility for all extracurricular activities will have a behavioral component. Since participation in these activities is a privilege, **ANYONE WHO IS SUSPENDED FROM SCHOOL FOR DISCIPLINARY REASONS MAY BE SUBJECT TO REMOVAL FROM THE TEAM AT THE DISCRETION OF THE BUILDING PRINCIPAL. EACH SITUATION WILL BE DETERMINED ON A CASE-BY-CASE BASIS.**

### **FOOD ALLERGY MANAGEMENT PROGRAM (Policy 7:285)**

School attendance may increase a student's risk of exposure to allergens that could trigger a food allergic reaction. While it is not possible for the District to completely eliminate risks of exposure to allergens when a student is at school, a Food Allergy Management Program using a cooperative effort among students' families, staff members, and students helps the District reduce these risks and provide accommodations and proper treatment for allergic reactions. Contact the school nurse or building principal at 451-5826 for more information.

**Undesignated Medications**

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists. If the door is locked, the student should report to the main office. Excessive visits to the nurse's office for the purpose of missing a class will not be tolerated, and will be met with disciplinary consequences. Students are not permitted to call parents via their cell phones because they have been sent back to class by the nurse. The nurse is the only individual who may dismiss students due to illness.

**MEDICAL EXCUSES**

**Students with medical statement of any type from a doctor should report to the nurse's office before first hour class.** Any student, who is to be excused from PE for a period in excess of one (1) day, must have a written request from the doctor stating the reason and the length of time he/she is to be excused. ## STUDENT INSURANCE

Granite City School District #9 offers parents the opportunity to purchase low cost Student Accident Insurance for their children on an annual basis. All pre-K and elementary students are given the information to bring home early in the school year. For secondary students (7 – 12 grade), information regarding this program, application and costs can be obtained from your child's school office. Parents have the availability of several plans with varied coverage and costs. The insurance policy is a discreet contract between the insurance company and the insured. The school district acts only as an agency for distribution of the enrollment forms and to assist in completing the initial accident report. **The school district strongly encourages parents to consider this insurance option.** Please contact the office for additional information.

## VISION SCREENING

Vision screening will be done at mandated levels during each school year. Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening **IF** an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months and that evaluation is on file at the school. This notice is not a permission to test and is not required to be returned. Vision screening is **NOT** an option. If a vision examination report is not on file at the school for your child, then your child in the mandated age/grade/group will be screened.

## GENERAL INFORMATION

**ASBESTOS:** Our district buildings have been inspected for asbestos-containing materials as mandated by the USEPA, 40 CFR 763, Asbestos-containing Materials in Schools. A management plan has been prepared by an accredited management planner, Asbestos Consultants of America, Inc., to offer direction and guidance in the management of the asbestos in our buildings. These reports have been officially accepted by the State of Illinois and are available for inspection. Copies of these reports may be supplied upon request at cost of duplication.

## COUNSELING SERVICES (Policy 6:110)

The school counselor is here to help students by providing students and parents with information to utilize their abilities to the fullest and assist with any problems or questions regarding the school experience. The counselor also provides assistance to students and their families involving social/emotional growth while at school. Outside resources are also available to families through the counselor.

## DANCES

School sponsored dances throughout the school year are held in the gymnasium and are supervised by both school personnel and parent volunteers. Most dances are scheduled from 7:00 PM to 9:00 PM. Parents and students will be notified when there is an exception. Students may not leave the dance unless accompanied by an adult. Only currently enrolled COOLIDGE students may attend dances. Students that are suspended out-of-school may not attend a dance during their suspension.

*Please make every effort to pick your child up at or before 9:00 P.M. It is important to know that school personnel cannot give students a ride home. Students that have not been picked-up in a timely manner will not be allowed to attend future dances.*

**NOTE:** Any severe discipline at a school dance may result in being unable to attend any future dances for the entire school year, which also includes the 8<sup>th</sup> grade formal. Attendance at any dance is a privilege and may be withheld at the principal's discretion.

## EMPLOYEE CONDUCT STANDARDS (Policy 5:120)

**FIELD TRIPS AND FUNDRAISING:**

**FIRE AND EMERGENCY DRILLS (Policy 4:170)**

Fire and emergency drills during the school year are required by law and are an important safety precaution. It is essential that when the first signal is given, everyone obeys orders promptly and clears the building by the prescribed route in an orderly fashion. Teachers will have these routes posted in their classroom and will discuss with the students at the very beginning of school. **Anyone setting off a fire alarm will receive an automatic ten (10) day suspension, with possible expulsion, and remanded to legal authorities.**

**HALLWAYS-PASSING TO CLASSES**

Students will change rooms at the end of each class hour. A bell dismisses the students signaling them to move to the next class. The following rules are to be observed in passing between classes:

1. Use the most direct way possible, staying in your own hallway;
2. Stay to the right
3. Move directly to your next class;
4. NO running;
5. If you must be in the hallway during a class period, you must have a hall pass.

**LOCKERS (Policy 7:140)**

Each student is assigned a locker. This space is “loaned” to you by the school; school authorities may search lockers at any time. No expectation of privacy with respect to lockers should be assumed by students using such lockers. Use only the locker assigned to you and keep it locked at all times. Do not give your combination to any other student. **The student is responsible for their own belongings being kept in their lockers; therefore, it is recommended that a lock, purchased by the student, should be used at all times. The school is not responsible for lost or stolen personal items.**

**LOST AND FOUND**

Numerous items are turned in to the lost and found each year. Many go unclaimed. Articles that are found should be turned in to the office so students can claim them. Students should properly mark personal items, books and clothing so they can be identified. The location of the lost and found area is near the Library. In addition, each of the PE locker rooms contain a lost and found.

**MCKINNEY VENTO HOMELESS ACT- (Policy 6:140)**

Keeping children and youth in homeless situations connected to school provides them with a source of stability and normalcy in otherwise chaotic and frightening circumstances. School stability supports academic achievement and mental and emotional security. If your family is suffering from lack of adequate housing, living in a shelter, or have been displaced by a natural disaster, assistance may be available to you and your family. Contact the school administration, school social worker, or the District homeless liaison, Chris Mitchell, Manager of District Communications at 618.451.5800.

**OBLIGATIONS/STUDENT FEES**

All obligations accrued during Junior High School must be taken care of before the end of the student’s spring semester/eighth grade year. Obligations are reported on each report card and parents may access this information via Skyward under fee management. Students may be excluded from participation in extra-curricular activities or awards for outstanding obligations. Examples include 8<sup>th</sup> grade formal, club or athletic participation, and/or any other end-of-year grade level activities.

## **OBLIGATIONS/SCHOOL RECORDS/TRANSFERRING STUDENTS**

If a student or former student has outstanding obligations, his/her official transcript of scholastic records will not be released pursuant to Illinois Compiled Statutes (105 ILCS 5/2-3.13a) until all fees are paid. "Each public school and each private or non-public elementary or secondary school in this State shall, within 10 days after the student has paid all or his or her outstanding fines and fees and at its own expense, forward an official transcript of the scholastic records of each student transferring from that school in strict accordance with the provisions of this Section and the rules established by the State Board of Education as herein provided."

## **PEST CONTROL (Policy 4:160)**

District buildings are treated monthly for pest control by a licensed professional exterminator. Buildings will be notified four (4) days in advance of this treatment. All spraying is done after hours or on the weekends.

## **SEARCH AND SEIZURE (Policy 7:140)**

In order to maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

### School property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The Superintendent may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

School authorities may search a student and/or the student's personal effects in the student's possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District's student conduct rules. If a search produces evidence that the student has violated or is violating the law or the District's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

## **SEX OFFENDER REGISTRY (Policy 4:170 & 8:30)**

The Sex Offender Registry can be accessed via the following:

- Local Police Department--in Granite City, individuals requesting their own copy of the list must provide identification and pay the copy cost (approximately \$5). The list can be reviewed at the department for free with identification.
- Internet access-[www.gcsd9.net](http://www.gcsd9.net) (A link to the Illinois State Police site may be found at the Granite City School District website.)
- Internet access-[www.isp.state.il.us](http://www.isp.state.il.us)

Concerned individuals should review the list periodically since changes are made frequently when individuals are added to the list or move to a different location. School officials will continue to discuss safety programs with students. Parents should also discuss safety concerns with their children.

## **SURVEYS (Policy 6:10 & 7:15)**

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students must advance or relate to the District's educational objectives as identified in School Board policy or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified and regardless of who created the survey.

### **TELEPHONE USE**

The office telephones are business phones **only** and are used by office personnel. Office telephones may be used by students in case of an emergency and upon request with permission of staff member.

### **TEXTBOOK FEES, INSTRUCTIONAL MATERIALS & TEXTBOOKS (Policy 4:140 & 6:210)**

All District classrooms and learning centers should be equipped with an evenly-proportioned, wide assortment of instructional materials, including textbooks, workbooks, audio-visual materials, and electronic materials. Anyone may inspect any textbook or instructional material when coordinated with the building principal.

Granite City School District requires parents to pay a textbook/instructional fee. **However, for the 2023-24 school year, the Board of Education approved for K-8 buildings to participate in the CEP program, which provides free breakfast and lunch. Students at those grade levels will not be required to pay instructional fees.** Please note, this fee may be reinstated in the future. Students are not exempt from charges for participation in extracurricular activities, lost and damaged books, locks, materials, supplies, and equipment. (Also see **OBLIGATIONS**, page 24, for additional information on impact of not paying fees.)

### **VISITORS TO AND CONDUCT ON SCHOOL PROPERTY (Policy 8:30; 8:95)**

The following definitions apply to this policy:

**School property** - school buildings and grounds, all District buildings and grounds, vehicles used for school purposes, and any location used for a School Board meeting, school athletic event, or other school-sponsored event.

**Visitor** - Any person other than an enrolled student or District employee.

All visitors to school property are required to follow these guidelines:

- All visitors must report and sign in at the Main Office, show identification, and obtain a visitor's pass/badge.
- Visitors must abide by all school rules.
- All visitors must have official approval from the Main Office.
- Parents must have an appointment to meet with teachers.
- Persons on school property without permission will be directed to leave and may be subject to criminal prosecution.

The School District expects mutual respect, civility, and orderly conduct among all people on school property or at a school event.

### **VOLUNTEERS**

We want to encourage adult volunteers at the Junior High School. There will be many opportunities for parents and community members to help us achieve a sense of cooperation between the school and community and enhance our instructional program. To become a volunteer requires a police background check and completion of the proper volunteer form. This process may take weeks so please plan ahead. Notification of approval will be given by Central Office Administrators.

## STUDENT BEHAVIOR EXPECTATIONS AND CONSEQUENCES (Policy 7:190)

### SCHOOL ATMOSPHERE

The administration and staff firmly believe that creating a positive school climate is necessary in order to have students realize their potential as learners. With this in mind, there will be many programs designed to provide incentives for students to act responsibly and achieve their educational goals. Dances, special activities and privileges, and recognition of achievement are a few of the ways we want to encourage students to excel.

### RESPECT

Mutual respect for one another--teachers, students, and parents--must be a cornerstone to building a good working relationship. At CJHS we will use the "Be BRAVE" philosophy outlined below to foster and support respectful, responsible behavior for self, others, and our facility. Teachers and students will work together to foster the traits listed through classroom, grade level, and building wide discussions and activities about being safe, respectful and responsible.

When disagreements arise, it will be extremely beneficial for everyone to remember that treating each other with respect is the starting point for reaching an understanding regarding any dispute. If we all treat each other the way we want to be treated, then no problem is insurmountable. "Be BRAVE!"

### SCHOOL-WIDE DISCIPLINE PLAN

We believe that all students can behave appropriately at school, and have a responsibility to behave in a manner that allows teachers to teach, and students to learn, and which does not violate the best interest of any person in our school community. We also believe that a discipline plan with the greatest power to support student development, improve student behavior and communication between parents, teachers, and administration is one that is consistent whenever possible, but also considers the individual needs of the particular student. This structure will provide the most favorable learning climate for our children.

The school-wide plan consists of three levels of infractions: minor, intermediate, and severe.

□ **MINOR INFRACTION:** Is behavior that is disruptive to the educational process. Examples shall include, but not limited to, the following types of conduct:

1. Creating classroom disturbances,
2. Not following classroom directions,
3. Possession of some prohibited items,
4. Running in the hallway,
5. Verbal insults or name calling.

**NOTE:** Minor infractions are handled first at the classroom level by the teacher. Once referred to the office, discipline is utilized beginning with a detention session. Repeated infractions at this level may result in more severe consequences as determined by the administration on a case by case basis.

□ **INTERMEDIATE INFRACTION:** Is behavior that warrants assignment to a detention session or assignment to In School Supervision (ISS) in the Intervention Room(IR). Examples shall include, but not limited to, the following types of conduct:

1. Use of profanity on school grounds,
2. Possession of tobacco or tobacco products,
3. Closed campus violations,
4. Cell phone violation or electronics possession,
5. Disrespectful, rude, or argumentative to staff members.

**NOTE:** Repeated infractions at this level may result in more severe consequences as determined by the administration on a case by case basis.

□ **SEVERE INFRACTION:** Behavior that warrants immediate referral to the office and circumvents the systematic steps of our discipline plan for dealing with minor and intermediate infractions. Examples include, but not limited to, the following types of conduct:

1. Student commits or threatens to commit physical harm to another student or adult,
2. Student vandalizes student, teacher, or school property,
3. Student overtly refuses to comply with a directive,
4. Uses profane language and/or gestures directed toward ANY school personnel,
5. Student commits theft of student or staff property.

**NOTE:** A minimum of Intervention Room placement or immediate (OSS) Out-of-School Suspension may be utilized. At the principal's discretion students may be arrested and charged for a severe infraction. Repeated infractions at this level may result in more severe consequences as determined by the administration on a case by case basis.

**The School-Wide Discipline Plan cannot include every disciplinary situation that may occur. Teachers and Administrators have the discretion to make decisions on a case-by-case basis that is appropriate for the situation and in the best interest of the school community.**

**INSUBORDINATION:** Students are expected to comply with all directives given by ANY and ALL school personnel. This includes, but is not limited to, administrators, teachers, support personnel, aides, cafeteria staff, and custodians. If a student is given a directive, and then the directive is repeated for clarity and the student still refuses to comply purposely or willfully with a simple command (such as, but not limited to; change seats, report to the office, remove your hat, spit out your gum, etc.) the student will be subject to discipline and may be suspended out-of-school (OSS) depending on the particulars of each case.

### **DISCIPLINARY PROCEDURES**

Students will be expected to do the following:

- ☐ Conform to socially acceptable standards of speech and conduct appropriate for a school environment.
- ☐ Refrain from violating or impairing the rights, safety, and peace of mind of others.
- ☐ Demonstrate respect toward authority and compliance with school rules.

Student behavior that does not meet expectations will result in disciplinary action such as the following:

- ☐ Student conference with administrator and disciplinary action, parent contact
- ☐ Silent Lunch/study and parent contact.
- ☐ Intervention Room (IR) – may be issued hourly, Half day(s), full day(s), parent contact.
- ☐ Out-of-School Suspension.
- ☐ Re-Engagement plan
- ☐ Placement in Educational Support Service Center(ESSC) located at Lake School or CEO in Troy.
- ☐ Recommendation for expulsion from school. Every student will be afforded due process in the event that he/she violates a school rule.

### **Intervention Room (IR)/In-School Supervision(ISS)**

A student may be assigned In School Supervision in the Intervention Room for violation of school rules, misconduct, or repeated offenses. It may be assigned hourly, for the entire school day, or for multiple school days. Students must report on time to the designated IR. If anyone cannot complete the full day for any reason (sick, emergency, etc.) they must repeat the entire day on the day they return to school. The student is expected to bring materials and supplies with which to work on their school assignments during their time in the IR. Teachers will give the student the daily assignments that they would have had if they were in their regular classroom. Work assigned during time in here will be due immediately upon the student's return to the regular classroom unless specified otherwise by the teacher. While in the Intervention Room students can be assigned appropriate lessons from RethinkEd to provide support in areas such as stress management, social skills, anger management, etc. This will not interfere with core class work and can be used to determine the amount of time spent in the IR.

### **SILENT LUNCH**

Silent Lunch is a detention session in the form of hourly time in the Intervention Room. Silent lunch is held in the Intervention Room location where students are able to eat while being separated from the rest of the student body in the cafeteria.

### **OUT-OF-SCHOOL SUSPENSION (OSS)**

A student may be assigned to OSS for serious violations of school rules, serious misconduct, repeated minor/intermediate offenses or accumulation of minor/intermediate offenses. A suspended student may not attend school and may not come on school grounds during their suspension. This includes extra-curricular activities.

### **📌 HOMEWORK POLICY DURING SUSPENSION**

Students who have received an Out-of-School suspension for violation of the discipline policy may complete their missed assignments and will have the same amount of days to make-up the missed work as the days they have missed due to suspension for full credit. Homework requests for long-term suspensions may be submitted by the administration to the classroom teachers prior to their return date.

### **EXPULSION (Policy 7:210)**

Expulsion from school is the most serious form of student discipline. Expulsion is recommended when either the offense is so serious that immediate separation is necessary or all previous methods of discipline including suspensions have failed. Should a student exhibit behavior deemed dangerous to himself, herself, or others, that student may be referred for immediate expulsion or placement in an alternative program.

### **STUDENT BEHAVIOR (Policy 7:190; policy updated 2016)**

The goals and objectives of this policy are to provide effective discipline practices that:

1. Ensure the safety and dignity of student and staff,
2. Maintain a positive, weapons-free, and drug-free learning environment,
3. Keep school property and the property of others secure,
4. Address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution, and
5. Teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

### **When and Where Conduct Rules Apply**

A student is subject to disciplinary action for engaging in prohibited student conduct, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school,
3. Traveling to or from school or a school activity, function, or event, or
4. Anywhere if the conduct interferes with, disrupts, or adversely affects the school environment, school operations or an educational function, including, but not limited to, conduct that may reasonably be considered to:

- a. Be a threat or an attempted intimidation of a staff member, or
- b. Endanger the health or safety of students, staff, or school property.

### Prohibited Student Conduct

The school administration is authorized to discipline students for gross disobedience or misconduct, including but not limited to:

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes or vapes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages.

3. Using, possessing, distributing, purchasing, selling, or offering for sale:
  - a. Any illegal drug or controlled substance, or cannabis (including medical cannabis, marijuana, and hashish).

  - d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited.
  - e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance:
    - i. That a student believes is, or represents to be capable or, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system, or
    - ii. About which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system.

The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
  - f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including, without limitation, pure caffeine in tablet or powdered form.
  - g. "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one:
    - i. That a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy, or
    - ii. About which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.
  - h. Drug paraphernalia, including devices that are or can be used to:
    - i. Ingest, inhale, or inject cannabis or controlled substances into the body, and
    - ii. Grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

4. Using, possessing, controlling, or transferring a “weapon” as that term is defined in the Weapons section of this policy, or violating the Weapons section of this policy.
5. Using or possessing an electronic paging device. Using a cellular telephone, video recording device, personal digital assistant (PDA), or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone. Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept powered off and out of sight during the regular school day unless:
  - a. The supervising teacher grants permission,
  - b. Use of the device is provided in student’s individualized education program (IEP),
  - c. It is used during the student’s lunch period, or
  - d. It is needed in an emergency that threatens the safety of students, staff, or other individuals.
6. Using or possessing a laser pointer unless under a staff member’s direct supervision and in the context of instruction.
7. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member’s request to stop, present school identification, or submit to a search.
8. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
9. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.

15. Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truant.
16. Being involved with any public school fraternity, sorority, or secret society, by:
  - a. Being a member
  - b. Promising to join
  - c. Pledging to become a member, or

18. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
19. Making an explicit threat on an internet website against a school employee, a student, or any school related personnel if the internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to:
  - a. Be a threat or an attempted intimidation of a staff member, or
  - b. Endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term “possession” includes having control, custody, or care, currently or in the past, or an object or substance, including situations in which the item is:

- On the student’s person,
- Contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile,
- In a school’s student locker, desk, or other school property, or
- At any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board’s authority to impose discipline, including suspension or expulsion, for such behavior.

#### Disciplinary Measures

Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. Intervention Room/ISS Placement. The Building Principal or designee shall ensure that the student is properly supervised.
7. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
8. Seizure of contraband, confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.

9. Suspension of bus riding privileges in accordance with Board policy 7:220, Bus Conduct.
10. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, Suspension Procedures. A student who has been suspended may also be restricted from being on school grounds and at school activities.
11. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, Expulsion Procedures. A student who has been expelled may also be restricted from being on school grounds and at school activities.
12. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law.
13. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), "look-alikes," alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

#### Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than 2 calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look-alikes" of any firearm as defined above.

#### Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student's ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

#### **RULES AND REGULATIONS ON STUDENT SUBSTANCE USE/ABUSE POLICY (Policy 6:30; 7:190; 7:210)**

The Board of Education, administration and staff reaffirm that the consumption of alcoholic beverages and the non-medical use of drugs and other forms of substance abuse are hazardous to the health of students. The consumption, possession or distribution of alcoholic beverages or the illicit use, possession, or distribution of drugs/substances (including medical marijuana) or possession of drug paraphernalia is not permitted on school buses, in school buildings, or on school grounds at any time. This policy extends to all school-sponsored functions and related activities, whether held before or after school, evenings, or weekends. Students shall not be permitted to attend school when they are under the influence or

exhibiting symptoms of substance abuse. For the purpose of this policy, students who are under such influence shall be treated in the same manner as though they had illicit substances in their possession.

Furthermore, given reasonable grounds to believe that a search may turn up an illegal substance, school officials may search for and seize all illicit substances brought onto school buses, school property, and/or school sponsored trips away from school. Searches may include the use of specially trained dogs. Seized illegal substances shall be turned over to proper authorities and may result in criminal prosecution.

If a student would like to prove his/her innocence, he/she may complete a drug test, independently and at the parent's expense, **within 30 minutes of dismissal from school for this infraction. This test must take place at a secured facility that follows the "chain of evidence". The agency approved by School District #9 is Occupational Health at Gateway Regional Medical Center in Granite City.**

#### **POSSESSION/USE/ABUSE OF ALCOHOL**

The school administrator will administer a suspension as outlined in the district suspension policy, and parents and police will be informed.
