Taught by Inese Rozlapa Krievans

Classes offer joyful opportunities for building keyboard skills – along with singing, moving, rhythm instruments, ensemble playing, writing, and reading music. This method is based on an aural approach to music literacy: listen - sing - play - write - read. Every lesson features a variety of activities that help to lay the foundation for success at the keyboard. Parents and children participate in class together. The group will meet for a 55-minute class once a week. The material fee covers books, recordings, magnet-board and a music bag. A keyboard (61 keys or more) or piano is necessary for home practice. \*\*\*Please note: The yearly material fee needs to be paid with first registration of the year\*\*\*
