

SWCHS National Honor Society Parent Reference

Student Name: _____

Parent's Name: _____

Membership in the National Honor Society chapter of Southwest Christian High School is open to those students who meet the required standards in four areas of evaluation: scholarship, service, leadership, and character.

Students interested in applying need a recommendation from **one teacher, one character reference, and his or her parent(s)**. They are required to ask for their recommendations in person, politely, and provide the necessary form in a printed or digital option per the recommending person's preference.

Please do not fill out forms for students whom you believe are disrespecting your time. To make this process easier, parents may simply initial and sign at the bottom. If you have any questions or concerns, please contact Jessica Langert, the chapter advisor, and I will keep your responses entirely confidential. If a student is not accepted into the society, he or she will not be informed of your concerns.

Parent Reference:

Parent Initial	Recommendation:
	My child enjoys learning and has a positive attitude toward most academic assignments. He/she is largely self-motivated in school.
	My child is willing to serve others, and in the past has willingly contributed time and effort to help other people.
	My child has the bandwidth to add another activity to his or her schedule.
	Remembering that my child is a teenager who at times struggles with becoming mature, my child treats the people in our home with respect and obedience most of the time.
	<u>If my child is accepted</u> , we will pay \$20 dues or submit an application for a scholarship.
	I have read and agree with the committee process for admitting students to NHS.
