How It Works

On his way to work, Bill's car is hit by a large truck on Highway 101. Due to the severity of the impact, the car is totaled and Bill is injured. When police and medics arrive at the scene of the accident, they call for an ambulance. Bill is immediately taken to the emergency room at a local hospital. Upon evaluation by the attending doctor, Bill is admitted to the Intensive Care Unit for close observation of trauma to his head and a fractured disk in his neck. After spending 2 days in the Intensive Care Unit he is moved to a standard room and stays there for 5 more days. Bill is then transferred for in-patient care at a rehabilitation facility. His stay there is 7 days.
