Watertown-Mayer Strategic Plan 2028

STRATEGIC COMMITMENTS

Learner Outcomes

We will ensure systems and supports are in place to address the social-emotional, mental health, and academic needs of all students.

Financial Stewardship

We will responsibly manage resources to support district facilities and financial sustainability.

Profile of a Graduate

We will implement the Profile of a Graduate attributes into our curriculums to ensure post-secondary success.

Partnerships

We will connect offerings to meet the needs of our students and community.

All Means All

We will provide a safe, welcome, and inclusive school environment for all learners.

People

We will build a culture where students, staff, family & community engagement and satisfaction are a priority.

Communication

We will communicate effectively and transparently with all stakeholders.

During the 2022-2023 school year, the Watertown-Mayer school board and administration began the process of setting a vision and direction for the district for the next five years. This process involved gathering feedback, and identifying our priorities via meetings and surveys completed by Watertown-Mayer students,

staff, and parents. The strategic plan consists of our district vision, strategic commitments, and benchmarks or areas we are striving to achieve.

Through this feedback, the school board, superintendent, and administration developed Strategic Commitments (noted on left) as well as measurable benchmarks we are striving to achieve over the next five years.

We thank you in advance for your on-going support of Watertown-Mayer Public Schools, and we look forward to sharing our measurable progress at the end of the school year. Go Royals! 🏰

Profile of a Graduate

Our Profile of a Graduate document was revised in the spring of 2023 to reflect the school community's aspirations for all Watertown-Mayer students. Our high school building leaders met with students, staff members, and community members to help define our priorities. The Profile of a Graduate places our students at the heart of our work, and serves as a focal point in our strategic roadmap. It places a priority on the essential skills and qualities that students should possess to be successful.

We know that deeper learning will occur through the purposeful integration of rigorous academic content with experiences that intentionally cultivate skills and mindsets essential for students to become lifelong learners and contributors in society.

SCHOOL SAFETY & SECURITY

Student safety is a top priority at Watertown-Mayer Public Schools. Recently, we have increased door access security, camera coverage, and we now require all visitors to check in using a photo ID. We are in the process of installing Raptor Visitor Kiosks at the Elementary and Middle Schools (more information to come). We also employ a variety of student online safety systems to protect our students online. Watertown-Mayer Public Schools continues to make improvements focusing on keeping our students safe.
