

Indoor Air Quality Notification

The Watertown-Mayer School District is proud to be taking a role in providing a safe, comfortable, and productive environment for our students and staff so that we achieve our core mission – educating students.

Our school has reviewed the EPA guidelines to improve our indoor air quality (IAQ) by preventing as many IAQ problems as possible, and by quickly responding to any IAQ problems that may arise. Good indoor air quality requires an ongoing commitment by everyone in our school because each of us daily makes decisions and performs activities that affect the quality of the air we breathe.

Our IAQ Coordinator, the Building and Grounds Director, will follow up on any IAQ problems you may have. The Building and Grounds Director has agreed to administer the IAQ Management Plan, which includes coordinating emergency response, and serving as our information resource on IAQ.

The Building and Grounds Director may be contacted at the district office 952-955-0480.
