

**Elementary And Secondary School Emergency Relief Fund (ESSER FUND)****Section: Narratives - Program Description****INTRODUCTION**

Under the Elementary and Secondary School Emergency Relief Fund (ESSER Fund), the Pennsylvania Department of Education (PDE) awards grants to local educational agencies (LEAs), to address the impact that Novel Coronavirus Disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the state. LEAs must provide equitable services to students and teachers in nonpublic schools as required under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

Please note: ESSER funds, under any part of 18003, **cannot** be used for: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations. CARES Act funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.

**\*ESSER funds are not Title I funds and as such, are not subject to Title I rules.**

**Please explain how the LEA will determine its most important educational needs as a result of COVID-19.** (3000 characters max)

At the beginning of the school closure, building principals reached out to families to determine if there was a device in the household for students to use for remote learning. Results indicated that very few of our families, particularly at the elementary level, have devices for their children. The lack of technology in the early elementary grades presents a barrier to issues of equity and access for the district's youngest students. The district must purchase approximately 300 iPads, earphones, and cases for kindergarten and Grade 1 students. Additional chromebooks are needed to be able to provide a learning device for every student in Grade 2. The purchases of iPads and chromebooks as well as accompanying supplies are necessary in order for each child to access his or her education at home and have learning continue during the COVID-19 pandemic. Additionally, because the district is located in a rural area of central Pennsylvania, many of the district's families do not have internet connectivity. It will be necessary for the district to purchase hotspots and provide support for connectivity. Purchasing learning devices for our elementary students and providing internet connectivity to many of our district's families are critical to ensure learning will continue at home with the same rigorous curricula and resources as if the students were in our school buildings.

**Please explain the LEA's proposed timeline for providing services and assistance to students and staff in both public and nonpublic schools.** (3000 characters max)

June 2020 - The district will order the student technology devices including those earmarked for our non-public school. July through August 2020 - The district's technology staff will inventory and prepare the devices for deployment prior to the first day of the 20-21 school year which is August 20, 2020 or as soon as possible. The non-public school will be provided its equitable share of devices following the same timeline. June through July 2020 - Teachers will be provided professional development opportunities for conducting remote learning.

**Elementary And Secondary School Emergency Relief Fund (ESSER FUND)**

**Please explain the extent to which the LEA intends to use ESSER funds to promote remote learning.** (3000 characters max)

The LEA intends to use ESSER funds to purchase technology devices and accompanying supplies (earphones and cases for iPads) for its elementary students in preparation for remote learning as well as hotspots in an effort to support internet connectivity for all students.

**Please describe how the LEA intends to assess and address student learning gaps resulting from the disruption in educational services.** (3000 characters max)

The district intends to use Measures of Academic Progress (MAP) at the K-8 levels to address student learning gaps from the disruption in educational services. The MAP assessment will be administered during the first two weeks of the 20-21 school year, so teachers can adjust their instruction accordingly. Teachers at all levels are reviewing their lessons in an effort to make them more consistent across a grade level or within a department and are creating pacing guides so that parallel instruction can occur if some students who initially physically attended school have to attend remotely at any point. Teachers will continue to work closely with students and their families throughout the school year.

**Please describe the LEA(s) proposed procedures for evaluating local COVID-19 impacts in relation to education programming and delivery.** (3000 characters max)

Areas of emphasis should include:

- Documenting learning loss associated with extended school closure;
- Outlining the development of local continuity of education plans over the course of emergency response efforts; and
- Detailing supports for vulnerable student populations and families.

The district intends to use Measures of Academic Progress (MAP) at the K-8 levels to address student learning gaps from the disruption in educational services. The MAP assessment will be administered earlier than usual (during the first two weeks of the 20-21 school year) in order to provide baseline data. Teachers at all levels will administer pre-assessments prior to each unit of study in order to adjust instruction accordingly. As a result of the ESSER funds used to purchase technology devices and supports, the district will be able to provide the same rigorous curricula using the same resources for instruction and assessment. Teachers and support personnel will continue to personally correspond regularly with vulnerable student populations and their families.

**Please describe the LEA core set of strategies that will be used to guide local investment of CARES funding, associated with short-range (i.e., remainder of the 2019-20 school year) and long-range (2020-21 and 2021-22 school years) timelines.** (3000 characters max)

These strategies may entail the establishment, scale-up, refinement, or evaluation of remote learning, as well as strategies for school-based teaching and learning responsive to conditions related to the pandemic. LEAs will be asked to outline how limited, one-time CARES funding may support these initiatives and how CARES funding might interact with other federal funding, including enhanced Title IV flexibility, to ensure strategic and sustainable use of one-time funds.

**Elementary And Secondary School Emergency Relief Fund (ESSER FUND)**

As a result of the ESSER funds used to purchase learning devices and provide internet connectivity for students, there should not be a need for paper packets distributed to students as was done during the 19-20 school closure. The district will provide a survey to parents for feedback concerning the effectiveness of their child's education with the use of technology compared to previously not having access to technology. The district's Title IV funds will continue to be used to supplement the cost of salary and benefits for an additional school psychologist. The second school psychologist will continue to provide support for teachers when discussing matters with families related to the pandemic.

**Please describe specific plans, measures, and longer-term evaluative strategies concerning student learning gaps - as well as opportunity to learn factors - stemming from COVID-19. (3000 characters max)**

The district will continue to administer the Measures of Academic Progress (MAP) assessment throughout the entire 20-21 school year as the assessment can be administered at home as a result of every student having a learning device. The MAP assessment not only indicates what students have learned but what they are ready to learn as well. Other assessments (K-12) based on the district's curricula will be administered and graded in order to show growth. Progress monitoring of students' IEP goals will continue.
