

Cut the cost of your prescriptions with ***Rx Savings Solutions*** (RxSS).

Central Susquehanna Trust works with RxSS to help you manage the rising cost of prescription drugs. This free and confidential service connects with your employer's health plan to show you all the lower-cost options you have for your medications. RxSS doesn't replace your current prescription plan; it's an additional program designed to help you and your family save money.

Get started today and share RxSS with family members on your health plan so they can activate their own accounts:

Activate your RxSS account >>

How it Works:

1. RxSS pharmacists find equally effective, affordable medications covered by your prescription plan.

2. Your online account lets you compare prices and all your options. It will automatically list any medications you've filled so you can easily manage everything from one place.

3. RxSS will contact you when you're spending too much on medications you're currently taking or new ones you're prescribed in the future.

4. Switching to a more affordable prescription is easy. RxSS will work with your doctor to get their approval on any changes that will save you money.

5. RxSS has a team of certified pharmacy technicians ready to help you start saving. Simply give them a call at 1-800-268-4476 for a confidential one-on-one consultation.
