ACT 48 Reporting Form – Part 2 Evaluation

To enter and record your Act 48 hours for completion of this staff development activity, each professional staff member must complete **both** the Sign-In Sheet provided during the session and this Evaluation piece upon completion of the training. An evaluation of the training is necessary for meeting the state guidelines for professional development as well as helpful in our district's effort to plan and provide appropriate staff development. Thank you.

Note three pieces of information/skills you gained from this session:

Note two ways you will be able to apply this information/training in your professional role (teaching, school nursing, counseling, etc.)

Note one suggestion for change or improvement of this staff development activity for future planning purposes or suggest a "next step" necessary for you to be able to implement what you have learned.

Please write any questions here to which you would like a response.
