Notes: Roma ISD is looking for quotes to replace or upgrade the existing intercom system at Emma Vera Elementary and RT Barrera Elementary Schools. There are 71 rooms at each location. The schools currently have a Rauland Borg TC2100 Telecenter System that is not working properly. We want to replace the Telecenter and console but keep the existing speakers and wiring. We want to add a 2-way communication call button in each classroom.

A walkthrough of the schools is required.
