November 2023

Dear High School Staff:

Federal and state statutes require that we notify staff on an annual basis about the existence and location of our Asbestos Management Plan for the Amity Regional High School. Please be advised that this comprehensive plan is available in the High School Principal's office.

As part of the renovation project in 2007, all asbestos-containing building materials have been properly removed from the permanent building, and no asbestos-containing building materials were used in the renovations.

In addition to the Asbestos Management Plan housed in the School Principal's office, the Director of Facilities maintains a copy of this plan at the District Offices located at 25 Newton Road in Woodbridge.

Yours truly,

A handwritten signature in black ink that reads "Jennifer P. Byars". The signature is written in a cursive, flowing style.

Jennifer P. Byars, Ed.D.
Superintendent of Schools
