Dear Gwinnett County Public Schools Plan Participant:

When planning for retirement, one of the most important investment decisions you will make is selecting a mix of investments to suit your retirement planning goals. The Gwinnett County Public School System is committed to the ongoing evaluation of plan fees and plan investment options offered in the 403(b) and 457(b) Plans. The Retirement Plans Committee, which oversees the Plan’s investment fund lineup, regularly reviews investment options available to ensure they are meeting established guidelines. After a thorough review of the fund offerings the committee is pleased to announce the following changes to your fund lineup effective March 16, 2021.

**New Investment Options**

**Action to Consider**

To facilitate the investment changes, aig.com/RetirementServices and our interactive telephone services will not be available for transactions on March 15, 2021, after 4 p.m. (ET).
