

## AHB Parent Resource Center

- Bangert has a Title I Parent Resource Center which provides materials and activities for our families to check out and use to work with their children at home. Whether it is using math, reading or science activities, every minute counts when you are with your child!
- The Parent Resource Center is located outside of Pod C-2nd grade. There are many resources such as:
  - Math games
  - Flashcards for reading and math practice
  - Reading games
  - Resource books
  - Science activities
- The Parent Resource Center is open each day at 7:30 am and closes at 2:30 pm. The center is open for check out during all family nights that are held at Bangert.
- We are always interested in parent suggestions for resources and materials to add to our collection—just let us know if you have some ideas!
- We hope you will take time to discover this great resource at Bangert. Thank you for supporting your child's education.
- The materials and resources are provided by Title I funds.
