

Kindergarten – Early Entrance

Originated: April 18, 1977

Revised: November 25, 1996

December 17, 2007

Children reaching the age of five (5) between September 2nd and December 31st may be considered for early entrance into Kindergarten.

Requests for early entrance consideration are to be directed to the Elementary School Principal on or before April 1st.

The District shall arrange for a psychological test of the child which shall assess mental ability, maturity and readiness to enter school. The cost of the psychological referral shall constitute a financial responsibility of the parent.

Criteria for evaluation and recommendation shall be established by the psychologist and school administration.

The psychologist shall furnish the school and the parent with a report concerning the child's early entrance.

The decision relative to early entrance shall be made by the Elementary School Principal.

The decision of the Elementary School Principal shall not be subject to further review by the Superintendent of Schools or the School Board.
