What is the Occupational Course of Study?

The OCS is a state mandated course of study that must be offered as a potential diploma tract by every school district. The program is designed to prepare exceptional students for adult living with on the job training. The course of study consists of three components. 1) Standard Based Curriculum, 2) Job Trainings, and 3) Competitive work experience.

Benefits of the OCS Program at New Bern High School

- ♦ On the job training
- ♦ Serving your local community
- ♦ Social Skills building
- ♦ Volunteer Experience
- ♦ Employment Preparedness
- ♦ Earn a Food Handler Service Certification
- ♦ Simulation Station of Life Skills such as: Sewing, cooking, ironing, make a bed, etc.

What is a School-Based Enterprise?

A School-Based Enterprise is a simulated or actual business conducted by a school. It replicates a specific business and learning experience that provides direct links between classroom learning and the world of work.

Why have a School-Based Enterprise?

The School-Based Enterprise should be designed to lead a student to a productive career and provide the learning needed by the student to become successfully employed.

New Bern High School School-Based Enterprises

The Bears Den Cafe

The Bear's Den Café is a school-based business operated by students. The Bear's Den Café consists of a Business Manager, Assistant Manager, Secretary, Cook, & Deliverer. Under the supervision of a teacher, the students prepare coffee, take orders, count inventory, cook, deliver food, and are held accountable for money received.

The Bear Boutique

The Bear Boutique is conducted and operated by OCS students and are supervised by staff. They hand-make items to sell such as: scented candles, pillows, blankets, crayon art, jewelry, candy dishes, and so much more!
