Suicide Intervention Form, 2145P Exhibit B

The risk screening conclusion above informs the level of support that must be provided. See 2145P Exhibit A for guidance regarding next steps. The risk screening provider may determine a higher level of risk based upon their professional expertise but may not determine a lower level of risk than yielded by the C-SSRS.

Intervention Notes: If risk screening provider used professional expertise to assign a higher risk level than the C-SSRS questions yielded, briefly explain why. Consider including pertinent information shared by the student (access to means, past suicidal behavior, plan details, additional risk factors), information from additional sources (parents, teachers, friends, written work), information about the student’s current supports, etc.

Follow-Up Plan: List action steps being taken by student, school team, parent/guardian to enhance safety, e.g. developed safety plan, provided crisis resources, parent picked student up from school, collaboration with outside therapist/agency, referral to mental health supports, emergency intervention such as 911 or parent taking student to the ER, referral to a support team such as GT or MDT, scheduled a re-entry meeting, or other.

Reducing Access to Lethal Means (2145P Exhibit E) provided to parent: **YES** **N/A**
 Required if student falls in the moderate (orange) or high (red) risk range on the C-SSRS

Safety Plan (2145P Exhibit C) completed or reviewed/updated if already in place: **YES** **PENDING** **N/A**
 If pending, explain: _____
 Required if the student falls in the high risk (red) range on the C-SSRS. Optional if the student falls in the low risk (yellow) or moderate risk (orange) range on the C-SSRS

Reentry Guidance for Families (2145P Exhibit F) provided to parents, including clear explanation that the student may not return to school until re-entry meeting has been completed: **YES** **N/A**
 Required if student requires crisis services outside BSD (e.g. suicide assessment at ER or from outside provider)
