

## RMS (Reimagining Middle Schools) Committee

### Steering Meeting Minutes

May 4<sup>th</sup>

#### **Inclusive Welcome –**

1. Steering committee members were asked to sit with their prototype group from 2/2. We had four groups representing the big 4 ideas: advisory/homeroom, project-based learning, teachers with a cohort of students, and longer classes/block schedule.
2. Objective of the day was reviewed:

We FINALIZE our PROTOTYPES by:

- Reviewing & Editing Prototype Document
  - Reviewing & Making Sense of RMS Listening Campaign #3 Data
3. Community agreements were reviewed.
  4. Email from community members were review during the “parking lot section.”

#### **Content-**

1. We refined the prototypes recommendation documents. Thanks for all your editing!
2. Data for third listening campaign was reviewed. For those that couldn't make it last night- be sure to review the slide deck! [May 4, 2023.pptx](#). We reviewed the following information:
  - *Survey Window*: Tuesday, April 25 – Tuesday, May 2, 2023
  - *Survey Platform*: Microsoft Forms
  - *Other Survey Details*: Anonymous & available in seven languages
  - *Stakeholder Messaging & Outreach*: Survey was sent via email, School Messenger, other communication channels to:
    - All students and staff at the five comprehensive middle schools (Chinook, Highland, Odle, Tillicum, Tyee)
    - Families/Guardians of students in Grades 5-9 (special emphasis on those in Grades 6-8)

- Big thanks to all the folks listed in the table and to Lynne Simpson (BSD Teaching and Learning Data Analyst) for her assistance in survey analysis
2. What Now? Let's prioritize!
- You're an Advisor to the Implementation Team
  - We want the Implementation Team to be successful!
  - This is helping spread the knowledge and "pass the torch" to the next team so they can carry the work forward.
  - We recommend that, as a team, you address...
  - The What - Use the data to prioritize the prototypes
  - The Why - Clarify your rationale for your priorities (What did you consider when prioritizing the prototypes?)
3. We created possible scenarios for our recommendations based on the data. The following scenarios were created. Some of these scenarios may require schedule change:
- Scenario 1- Advisory
  - Scenario 2- Advisory AND Teacher Teams
  - Scenario 3- PBL AND Teacher Teams

### **Nuts and Bolts-**

- Next meeting: May 18th at Odle Library 4:30-6:00
- Read the DRAFT RMS Proposal .docx and provide feedback via Padlet Board.
