

Scenario

Rationale

Implement advisory

• develop long-term
= implementation plan
for other prototypes

Scenario

Combining ^{Complementary} ~~Vibe~~ ~~to~~ ~~go~~ ~~with~~
prototypes (e.g.

- Advisory: Teacher teams
OR
- Advisory & Schedule

- Building ~~from~~ the changes - such as starting w/ 15 min advisory

Rationale

Lessen the new things we are asking teachers to "take on"

Easy entry to try to build support

Scenario

Rationale

* Advisory

→ Most % favorable
less unfavorable

↳ requires a
Schedule Δ

Not exactly the "Schedule"

prototype but could

be fine-tuned in implementation

Planning. Don't lose instruction
time... move minutes around

* Teacher Teams

→ b/c strong
% positive
response

○ "advisory" for teachers

○ Could share

○ Advisory groups... ^{1st} class

○ ^{Just} Advisory students
T → T

* important to
have staff buy-in
