Dear Mrs. Cassano and Students

The Department of Senior Services, Disability and Veterans Affairs sends a heartfelt thank you for your kindness. I cannot imagine at such a young age each of you taking the time to create cards. Your cards were thoughtful, beautifully made and received well by our Veterans.

Mrs. Cassano, as each Veteran received a card and read the words, and realizing it was sent from a kindergarten class where the students see them as a "hero" if I could say if you ever felt "joy" it was one of these moments.

Your work in reaching someone in a special way was done and will never be forgotten.

Mrs. Cassano may your class of students receive as much joy during this holiday season as they have given to our Veterans.

Thank you so much
