

## Northmont Food Service Catering Menu

Are you in charge of planning an upcoming event? Look no further than Northmont Food Service for all your catering needs.

Our staff has many years of experience in catering. We provide services to all Northmont Schools and related organizations, the Miami Valley Career Technology Center and even the surrounding community.

See the menu below featuring our most popular packages, but feel free to speak to our catering manager for suggestions that would best fit your needs; we are willing to work with any budget.

We can do breakfast, lunch or dinner. We also cater business meetings, special events, graduations and weddings. Or if you simply want party trays, desserts or snacks, the options are truly endless. If you do not see an item on our menu that you would like, please ask. Many items are available upon request.

All packages offer standard service with set-up and tear-down including disposable plates, bowls, cutlery, napkins, and beverage cups. For an additional charge, linens, glassware, silverware and china are also available.

So that we can best serve you, please note the following guidelines:

- We respectfully request a 7-day notice for all catering requests. We understand that circumstances may arise where this may not be possible. However, if less than 7-days' notice is given, every effort will be made to honor your request, but selections might be limited according to availability and our service might be strained due to scheduling conflicts.
- Our menu does not include set pricing. Each event will be quoted separately due to market flexibility and menu customization.
- For events with less than 25 people, please expect an additional service fee.
